Incase Wireless Mobile Mouse 1850 User Manual

Model: U7Z-00001

Setup Operation Maintenance Troubleshooting Specifications Warranty & Support

Introduction

This manual provides instructions for the setup, operation, and maintenance of your Incase Wireless Mobile Mouse 1850. This compact and comfortable mouse is designed for both left and right-handed users and offers reliable wireless connectivity for various computing environments.

Package Contents

Ensure all items are present in the package:

- Incase Wireless Mobile Mouse 1850
- USB Nano Transceiver
- 1 AA Battery

Setup

1. Installing the Battery

1. Locate the battery compartment on the underside of the mouse.
2. Slide the battery compartment cover open.
3. Insert the included AA battery, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

MADE IN CHINA

Image: The underside of the mouse, illustrating the battery compartment and the slot for storing the USB nano transceiver.

2. Connecting the USB Nano Transceiver

1. Remove the USB nano transceiver from its storage slot on the underside of the mouse (if stored).
2. Plug the USB nano transceiver into an available USB port on your computer (Mac or Windows 8/10/11).
3. Your computer should automatically detect and install the necessary drivers. This may take a few moments.

The nano transceiver is designed for "plug-and-go" convenience and can be left plugged into your computer or stored in the mouse when not in use.

Operation

Power On/Off

Locate the On/Off power switch on the underside of the mouse. Slide the switch to the "On" position to activate the mouse. Slide it to "Off" when not in use to conserve battery life.

Basic Functions

- **Left Click:** Press the left button to select items or activate functions.
- **Right Click:** Press the right button to access context menus.
- **Scroll Wheel:** Roll the scroll wheel up or down to navigate through documents and web pages. The scroll wheel can also be pressed for middle-click functionality, depending on your operating system settings.

Ambidextrous Design

The Incase Wireless Mobile Mouse 1850 features a symmetrical design, making it comfortable for both left-handed and right-handed users. No special configuration is required for ambidextrous use, though you may adjust primary button settings in your operating system's mouse preferences.

Image: The mouse positioned on a mousepad, demonstrating its ergonomic shape suitable for general use.

Maintenance

Cleaning

- Use a soft, lint-free cloth to wipe the surface of the mouse.
- For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid excessive moisture.
- Do not use harsh chemicals, abrasive cleaners, or solvents.

Battery Replacement

The mouse is designed for up to six months of battery life. When the mouse performance degrades or stops responding, replace the AA battery by following the "Installing the Battery" steps in the Setup section.

Troubleshooting

Problem	Solution
Mouse not responding	• Ensure the mouse is powered on. • Check if the AA battery is correctly installed and has sufficient charge. Replace if necessary. • Verify the USB nano transceiver is securely plugged into a working USB port on your computer. • Try plugging the nano transceiver into a different USB port. • Restart your computer.
Erratic cursor movement	• Clean the optical sensor on the underside of the mouse. • Ensure you are using the mouse on a suitable surface (e.g., a mousepad). Avoid highly reflective or transparent surfaces. • Check for interference from other wireless devices.
Wireless connection issues	• Reduce the distance between the mouse and the USB nano transceiver. • Ensure there are no large metal objects obstructing the signal path. • Unplug and re-plug the USB nano transceiver.

Specifications

Model Number: U7Z-00001

Connectivity: 2.4 GHz Wireless (USB Nano Transceiver)

Movement Detection: Optical

Battery Type: 1 x AA (included)

Battery Life: Up to 6 months (typical use)

Dimensions (L x W x H): Approximately 4.0 x 2.3 x 1.5 inches

Weight: 3.2 ounces (with battery)

Compatibility: Windows 8, Windows 10, Windows 11, Mac OS

Special Features: Ambidextrous design, Portable, Lightweight, Nano Transceiver storage
