Boncoo B1202

Boncoo B1202 Smart LED Floor Lamp Instruction Manual

Model: B1202 | Brand: Boncoo

1. Product Overview

The Boncoo B1202 Smart LED Floor Lamp is a versatile lighting solution designed for various indoor environments. It integrates an LED light source with adjustable brightness and color temperature, a Bluetooth speaker, and a white noise generator. The lamp offers multiple dynamic and static lighting effects, including music synchronization, and is controlled via an included remote.

Image 1.1: Overview of the Boncoo B1202 Smart LED Floor Lamp, highlighting its dimensions (65.8 inches height, 9.1 inches base diameter, 12.2 inches lampshade height) and key features like speaker, dimmable light, colorful options, and timers.

2. What's in the Box

Please ensure all components are present before beginning assembly:

- Lamp Poles (multiple sections)
- Stand (Base)
- Shade (Light Tube)
- Power Cable
- Remote Control (2 AAA batteries included)

3. Setup and Installation

Follow these steps to assemble your Boncoo B1202 Smart LED Floor Lamp:

1. **Connect Cables:** Connect the 4-flat cable and 6-flat cable separately. Ensure proper alignment of the buckle for a tight connection.
2. **Attach Lampshade:** Hold the lampshade and align it properly with the lampshade holder. Slowly tighten it until secure.
3. **Assemble Poles:** Place the base on the ground. Tighten the first pole to the base. Connect the remaining poles one by one, gently pulling the internal cord as you build from bottom to top.
4. **Connect Power:** Match the power cord to the power adapter and plug it into a suitable power outlet.

Video 3.2: This video demonstrates the complete installation process and how to connect to the lamp's Bluetooth speaker.

4. Operating Instructions

The Boncoo B1202 Smart LED Floor Lamp can be operated using the included remote control or the basic buttons on the lamp itself.

Remote Control Functions

Image 4.1: Detailed layout of the remote control, showing buttons for power, Bluetooth, brightness, color temperature, dynamic effects, static effects, white noise control, and timers.

- **Power Button:** Turns the light on/off.
- **Bluetooth Button:** Turns the Bluetooth speaker on/off.
- **Brightness Adjustment (+/-):** Increases or decreases light brightness (10-level dimming).
- **Color Temperature Adjustment:** Cycles through 6 levels of color temperature (2700K-6500K).
- **Dynamic Light Effects:** Cycles through 15 preset dynamic lighting effects.
- **Static Light Effects:** Cycles through 10 preset static lighting effects.
- **Music Sync:** Activates music synchronization mode (cycles through 6 rhythmic effects).
- **White Noise Play/Pause:** Starts or pauses white noise playback.

- **White Noise Selection:** Switches to the next white noise sound.
- **Timers:** Sets timers for light (30min) or white noise (30/60/120 min).

Basic Buttons on Lamp

The lamp also features basic buttons for direct control:

- **Power Button:** Turns the light on/off.
- **Bluetooth Button:** Activates/deactivates Bluetooth pairing.

5. Features

5.1. Adjustable Lighting

The lamp provides 1600 lumens of bright light with 10-level dimming (10%-100%) and 6-level color temperature adjustment (2700K-6500K). This allows for customization from warm white to cool white light, suitable for various activities like reading, relaxing, or working.

Image 5.1.1: The lamp illuminating a living room, demonstrating adjustable brightness from 10% to 100% and color temperatures from 2700K to 6500K.

5.2. Bluetooth Speaker & White Noises

Equipped with a 20W Bluetooth speaker, the lamp allows for effortless audio streaming. It also includes several soothing white noises with 30/60/120 minute timers, such as babbling brooks and crackling campfires, ideal for relaxation or sleep.

6. Maintenance

To ensure the longevity and optimal performance of your Boncoo B1202 Smart LED Floor Lamp, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the lamp's surface. Avoid abrasive cleaners or solvents that could damage the finish or electronic components.
- **Dust Removal:** Regularly dust the lampshade and base to prevent accumulation, which can affect light output and speaker performance.

- **Power Off:** Always unplug the lamp from the power outlet before cleaning or performing any maintenance.
- **Avoid Moisture:** Do not expose the lamp to water or high humidity. It is designed for indoor use only.
- **Remote Batteries:** Replace the AAA batteries in the remote control when its functionality diminishes.

7. Troubleshooting

If you encounter issues with your Boncoo B1202 Smart LED Floor Lamp, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Lamp does not turn on.	No power, loose connection, remote battery dead.	Check power outlet, ensure all pole connections are tight, replace remote batteries.
Bluetooth speaker not connecting.	Bluetooth not enabled, device too far, interference.	Ensure Bluetooth is on on both devices, move closer to the lamp, reset Bluetooth on the lamp and your device.
Remote control not responding.	Dead batteries, obstruction, out of range.	Replace remote batteries, ensure clear line of sight to the lamp, operate within range.
Light flickering or inconsistent.	Loose internal wiring, power fluctuations.	Check pole connections for tightness. If problem persists, contact customer support.

8. Specifications

Feature	Detail
