

Weber E-210

Weber Spirit E-210 2-Burner Liquid Propane Gas Grill

Instruction Manual

1. IMPORTANT SAFETY INFORMATION

Please read this entire manual before assembly and use of your Weber Spirit E-210 gas grill. Failure to follow these instructions could result in property damage, bodily injury, or death.

- **Outdoor Use Only:** This grill is designed for outdoor use only. Do not operate indoors or in an enclosed area.
- **Propane Gas Only:** Use only liquid propane (LP) gas. Do not connect to a natural gas supply.
- **LP Tank Safety:** Always ensure the LP tank is securely connected and free of leaks. Keep the tank upright.
- **Clearance:** Maintain proper clearance from combustible materials. Refer to assembly instructions for specific distances.
- **Ventilation:** Ensure adequate ventilation around the grill.
- **Children and Pets:** Keep children and pets away from the grill at all times.
- **Hot Surfaces:** Grill surfaces become extremely hot during operation. Use heat-resistant gloves and appropriate tools.

2. PRODUCT OVERVIEW

The Weber Spirit E-210 is a 2-burner liquid propane gas grill designed for efficient outdoor cooking. It features durable construction and user-friendly components.

Key Features:

- **Precise, Consistent Heat:** Achieves desired temperatures quickly and cooks food evenly.
- **Porcelain-Enameled, Cast-Iron Grates:** Designed for heat retention, durability, and easy cleaning.
- **Snap-Jet Ignition:** Allows for easy, individual burner ignition with one hand.
- **Stainless Steel Flavorizer Bars:** Vaporize drippings to enhance flavor and direct grease away from burners.
- **Durable Construction:** Features a cast-aluminum cook box and hammertone metal side tables for longevity.
- **Grease Management System:** Includes a pull-out grease tray and large drip pan for simplified cleaning.
- **Warming Rack:** Provides additional space for keeping food warm or toasting buns.
- **Weber Works Compatibility:** Side rails are designed to fit snap-on accessories (sold separately).

Components:

Familiarize yourself with the main components of your grill.

Figure 2.1: Front view of the Weber Spirit E-210 grill. This image shows the grill with its lid closed, two control knobs visible on the front panel, and side tables extended. The Weber logo is on the lid, and a temperature gauge is centered on the lid.

Figure 2.2: Angled front view of the Weber Spirit E-210 grill. This perspective highlights the side tables and the overall compact design of the grill, suitable for various outdoor spaces.

Figure 2.3: Side view of the Weber Spirit E-210 grill. This image illustrates the side table design and the wheels for mobility.

Figure 2.4: Back view of the Weber Spirit E-210 grill. This view shows the rear panel and the structure supporting the cook box.

3. SETUP AND ASSEMBLY

Your Weber Spirit E-210 grill requires assembly. Follow the detailed instructions provided in the separate assembly guide included with your product packaging. Ensure all parts are present and undamaged before beginning assembly.

3.1 LP Tank Connection

1. Ensure the LP tank valve is closed.
2. Connect the regulator hose to the LP tank valve. Hand-tighten firmly. Do not use tools.
3. Check for leaks using a soapy water solution. Apply the solution to the connection points. Bubbles indicate a leak. If a leak is detected, close the tank valve, disconnect, and re-connect the regulator. Re-test. If leaks persist, do not use the grill and contact Weber customer support.
4. Place the LP tank securely in the designated cabinet area.

4. OPERATING INSTRUCTIONS

Follow these steps for safe and effective operation of your grill.

4.1 Pre-Grill Check

- Ensure the grill is on a level, stable surface.
- Confirm the LP tank is connected and the valve is open.
- Check that the grease tray and drip pan are correctly installed and clean.

4.2 Ignition Procedure (Snap-Jet Ignition)

1. Open the grill lid.
2. Turn on the gas supply at the LP tank.
3. Push and turn the control knob for the desired burner to the 'START/HIGH' position.
4. Listen for the igniter clicking and observe the burner igniting.
5. If the burner does not ignite within 5 seconds, turn the control knob to 'OFF', wait 5 minutes for gas to dissipate, then repeat the ignition procedure.
6. Once ignited, you can light additional burners by simply turning their control knobs to 'HIGH'.

Figure 4.1: A hand turning the control knob to ignite a burner. The Snap-Jet Ignition system allows for easy, individual burner control.

4.3 Temperature Control and Cooking

Adjust the control knobs to achieve your desired cooking temperature. The built-in lid thermometer provides an approximate internal temperature reading.

Figure 4.2: Burgers and corn on the cob cooking on the grill grates, demonstrating the cooking capacity and even heat distribution.

Figure 4.3: Hamburger buns warming on the upper warming rack, illustrating its utility for indirect heat or keeping food warm.

4.4 Using Weber Works Accessories

The side rails of your Spirit E-210 grill are designed to accommodate various Weber Works snap-on accessories (sold separately), such as tool hooks, bottle holders, and flexible lighting. Consult the accessory's specific instructions for proper attachment and use.

Figure 4.4: Close-up of tool hooks integrated into the side table, part of the Weber Works accessory system, providing convenient storage for grilling utensils.

5. MAINTENANCE AND CARE

Regular cleaning and maintenance will ensure optimal performance and longevity of your grill.

5.1 Cleaning Grill Grates

After each use, while the grates are still warm, brush off any food residue with a grill brush. For deeper cleaning, allow grates to cool, then wash with warm soapy water and rinse thoroughly.

5.2 Cleaning Flavorizer Bars

Periodically remove the Flavorizer Bars and scrape off any accumulated debris. They can be washed with warm soapy water if needed.

5.3 Grease Management System

Regularly check and clean the pull-out grease tray and drip pan. Allow them to cool completely before handling. Dispose of grease properly.

5.4 Exterior Cleaning

Wipe down exterior surfaces, including the hammertone metal side tables and cast-aluminum cook box, with a damp cloth and mild detergent. Avoid abrasive cleaners.

6. TROUBLESHOOTING

Refer to this section for solutions to common issues.

Problem	Possible Cause	Solution
Burner fails to ignite	LP tank valve closed; low gas; clogged burner port; igniter issue.	Open tank valve; check gas level; clean burner ports; check igniter electrode.
Uneven heating	Clogged burner ports; low gas pressure.	Clean burner ports; check LP tank and regulator.
Yellow or orange flame	Clogged burner ports; air shutter adjustment needed.	Clean burner ports; consult Weber support for air shutter adjustment.

If you encounter issues not listed here or if solutions do not resolve the problem, please contact Weber customer support.

7. SPECIFICATIONS

Technical details for the Weber Spirit E-210 2-Burner Liquid Propane Gas Grill.

Specification	Detail
Brand	Weber
Model Name	Spirit E-210
Fuel Type	Liquid Propane (Gas)
Main Burner Count	2
Heating Power	19,000 British Thermal Units (BTU)
Cooking Surface Area	360 Square Inches
Product Dimensions (D x W x H)	26.6" x 48.3" x 46.2"
Item Weight	90.41 Pounds
Material	Porcelain Enamel (Grates), Metal (Frame), Stainless Steel (Handle)
Color	Black
Assembly Required	Yes
Included Components	Thermometer

8. WARRANTY AND SUPPORT

8.1 Warranty Information

The Weber Spirit E-210 grill comes with a **10-year limited warranty**. This warranty covers specific components and defects in materials and workmanship under normal residential use. Please refer to the warranty card included with your grill for full terms, conditions, and exclusions.

8.2 Customer Support

For technical assistance, warranty claims, or to order replacement parts, please contact Weber customer support. Visit the official Weber website for contact information and support resources.
