## 3. SETUP AND ASSEMBLY INSTRUCTIONS

---

Follow these steps to assemble your MAXYOYO Adjustable Accent Chair with Ottoman:

1. **Unpacking:** Carefully remove all components from the shipping box.

2. **Cushion Expansion:** The chair and ottoman cushions are vacuum-sealed for shipping. Remove the compression film and allow the cushions to breathe and expand for a full 48 hours to regain their original shape and size.
3. **Frame Assembly:** Assemble the chair frame and ottoman frame using the provided hardware and tools. Refer to the detailed manual included in the package for specific step-by-step diagrams and instructions.
4. **Cushion Attachment:** Once fully expanded, attach the cushions to their respective assembled frames.

## 5. MAINTENANCE

---

Proper care will extend the life and appearance of your chair and ottoman.

### 5.1 Fabric Care

- Regularly vacuum the boucle fabric to remove dust and debris.
- Spot clean spills immediately with a mild fabric cleaner and a soft, clean cloth. Blot the stain; do not rub.
- Avoid using harsh chemicals, bleach, or abrasive cleaners, as these can damage the fabric.
- The cushions feature a zippered design, allowing for removal of the covers for cleaning. Follow specific care instructions on the fabric label if available.

## 5.2 Frame Care

- Wipe the wooden and metal frame components with a soft, damp cloth. Dry immediately.
- Periodically check all screws and bolts for tightness. Tighten if necessary to ensure structural integrity.

## 6. TROUBLESHOOTING

If you encounter any issues, refer to the following common solutions:

Issue	Possible Cause / Solution
Cushions not fully expanded	Allow up to 48 hours for cushions to fully decompress after unpacking. Gentle fluffing can assist the process.
Ottoman slides on hard floors	Consider placing the ottoman on a rug or applying non-slip pads to its feet for better stability.
Backrest not adjusting smoothly	Ensure no obstructions are preventing the backrest mechanism from engaging. Apply gentle, even pressure when adjusting.

Issue	Possible Cause / Solution
Structural instability or wobbling	Verify all assembly hardware (screws, bolts) is securely tightened. If issues persist, contact customer support.
