## 6. Maintenance

The camera is IP64 weatherproof, ensuring reliable operation in various outdoor conditions (sunny, rainy, snowy). The included solar panel keeps the camera's battery charged, minimizing the need for manual recharging. Regularly check the solar panel for debris to ensure optimal charging efficiency.

## 7. Troubleshooting

If you encounter issues with your Reolink Go PT Plus, consider the following:

- **SIM Card Activation:** Ensure your Reolink SIM card is activated via the Reolink App. If using a different SIM card, confirm compatibility with your provider.
- **Network Connection:** Check the 4G LTE signal strength at the camera's location. Poor signal can affect performance.
- **Battery Life:** Ensure the solar panel receives adequate direct sunlight for continuous charging.
- **False Alarms:** Adjust AI detection sensitivity and detection zones in the app to reduce unwanted alerts.

For detailed troubleshooting steps, please refer to the official User Guide (PDF) or User Manual (PDF).
