vibeaudio SE7

vibeaudio SE7 Active Noise Cancelling Headphones User Manual

Model: SE7

INTRODUCTION

Thank you for choosing the vibeaudio SE7 Active Noise Cancelling Headphones. This manual provides essential information for setting up, operating, and maintaining your headphones. Please read it carefully to ensure optimal performance and longevity of your device.

What's in the Box

- 1 x vibeaudio SE7 ANC Headphone
- 1 x Protective Case
- 1 x Charging Cable
- 1 x 3.5mm Audio Cable
- 1 x User Manual (this document)

Premium Noise Cancellation

Reduce up to 95% of low-frequency noises around you

SETUP GUIDE

1. Charging the Headphones

Before first use, fully charge your headphones. Connect the provided charging cable to the charging port on the headphones and the other end to a USB power adapter (not included) or a computer's USB port. The LED indicator will show charging status.

- **Charging Time:** Approximately 2-3 hours for a full charge.
- **LED Indicator:** Red light indicates charging; blue light indicates fully charged.

2. Bluetooth Pairing

To connect your headphones to a Bluetooth-enabled device:

1. Ensure the headphones are turned off.
2. Press and hold the Multifunctional Button for approximately 5 seconds until the LED indicator flashes blue and red alternately. This indicates pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "vibeaudio SE7" from the list of found devices.
5. Once connected, the LED indicator will flash blue slowly, and you will hear an audible confirmation.

The headphones will automatically attempt to reconnect to the last paired device when powered on.

OPERATING INSTRUCTIONS

Button Functionality Overview

Image: A detailed diagram illustrating the location and function of each button on the vibeaudio SE7 headphones.

Button/Action	Function
Multifunctional Button (Long Press)	Power On / Power Off / Decline Incoming Call

Button/Action	Function
Multifunctional Button (Quick Press x1)	Play / Pause Music / Answer / End a Call
Up Volume Button (Quick Press x1)	Volume Up
Up Volume Button (Long Press)	Previous Song
Down Volume Button (Quick Press x1)	Volume Down
Down Volume Button (Long Press)	Next Song
Ambient Mode & ANC Toggle (Quick Press x1)	Toggle Active Noise Cancellation (ANC) On/Off
Ambient Mode & ANC Toggle (Double-click)	Activate Transparency Mode

Active Noise Cancellation (ANC)

The vibeadio SE7 headphones feature advanced ANC technology to reduce up to 95% of low-frequency background noise. This is ideal for travel, commuting, or focusing in noisy environments.

- To activate ANC, press the Ambient Mode & ANC Toggle button once.
- To deactivate ANC, press the Ambient Mode & ANC Toggle button again.

Image: A man wearing vibeadio SE7 headphones in a bustling train station, highlighting the premium noise cancellation feature.

Transparency Mode

Transparency Mode allows you to hear your surroundings without removing your headphones, useful for conversations or being aware of announcements.

- To activate Transparency Mode, double-click the Ambient Mode & ANC Toggle button.
- To exit Transparency Mode, double-click the button again.

Hear What You Need

Double-click NC button into transparency mode helps you hear surrounding or talk without taking off your headphones.

Wired Connection

For a wired audio experience or when the battery is depleted, connect the provided 3.5mm audio cable to the headphone's audio jack and your device's audio output.

MAINTENANCE

Cleaning

- Use a soft, dry cloth to wipe the surface of the headphones.
- For ear cushions, gently wipe with a slightly damp cloth and mild soap if necessary, then dry thoroughly.
- Do not use harsh chemicals, solvents, or abrasive cleaners.

Storage

- When not in use, store the headphones in the provided protective case to prevent damage.
- Avoid exposing the headphones to extreme temperatures, humidity, or direct sunlight.

TROUBLESHOOTING

Problem	Possible Solution
Headphones won't turn on.	Ensure the headphones are charged. Connect to a power source and check the charging indicator.
Cannot pair via Bluetooth.	Make sure the headphones are in pairing mode (LED flashing blue and red). Turn off and on your device's Bluetooth. Forget "vibeadio SE7" from your device's Bluetooth list and try pairing again. Ensure headphones are within 10 meters of the device.
No sound.	Check if the headphones are properly paired and connected. Adjust the volume on both the headphones and your device. If using a wired connection, ensure the 3.5mm cable is fully inserted.

Problem	Possible Solution
ANC not working effectively.	Ensure ANC is activated. ANC is most effective against low-frequency, constant noises. It may not completely cancel out human voices or sudden, high-frequency sounds.
Poor call quality.	Ensure the microphone is not obstructed. Move closer to your connected device to improve signal strength. Check your device's call settings.
