

JALL K6

JALL Sunrise Alarm Clock White Noise Sound Machine User Manual

Model: K6

1. INTRODUCTION

Thank you for choosing the JALL Sunrise Alarm Clock White Noise Sound Machine. This device combines a sunrise simulation alarm clock, a white noise sound machine with 25 soothing sounds, 17 colorful night lights, and a Bluetooth speaker. This manual provides detailed instructions for setup, operation, and maintenance to ensure optimal performance and user experience.

2. IMPORTANT SAFETY INFORMATION

WARNING: To prevent the risk of electric shock, do not operate this device near water or in wet conditions. To avoid potential hearing damage, do not use this device at high volumes for extended periods, especially for children. This device is not intended for use by children and should be kept out of their reach. Always follow the instructions provided in the user manual for safe operation.

3. PACKAGE CONTENTS

Please check the package contents upon unboxing:

- Sound Machine Alarm Clock x 1
- 5V2A Power Adapter x 1
- Type-C Power Cord x 1
- User Manual x 1
- Quick Guide x 1

4. PRODUCT OVERVIEW

The JALL Sunrise Alarm Clock features an intuitive design with various controls for its multiple functions. Familiarize yourself with the device's components:

- **Front Display:** Shows time, alarm status, and day of the week.

- **Light Panel:** Emits sunrise simulation and colorful ambient lights.
- **Control Buttons:** Located on the side/top for various settings (RGB, Light +, Light -, Dimmer, ON/OFF, Alarm Set, Sunrise, Sound, Timer, Volume +, Volume -).
- **Speaker:** Integrated 5W stereo HiFi speaker for sounds and Bluetooth audio.
- **Power Port:** Type-C port for power connection.

Figure 1: Front view of the JALL Sunrise Alarm Clock, displaying the time and current day of the week, with the light panel illuminated.

5. SETUP INSTRUCTIONS

Follow these steps to set up your JALL Sunrise Alarm Clock:

1. **Power Connection:** Connect the provided Type-C power cord to the device and plug the 5V2A power adapter into a standard electrical outlet. This device is corded electric and does not operate on batteries.

2. **Initial Power On:** The device will power on automatically once connected to an electrical source.
3. **Time Setting:** Refer to the included Quick Guide for detailed instructions on setting the current time and date.

6. OPERATING INSTRUCTIONS

6.1. Alarm Setting and Sunrise Simulation

The alarm clock features a sunrise simulation that gradually brightens before your set alarm time.

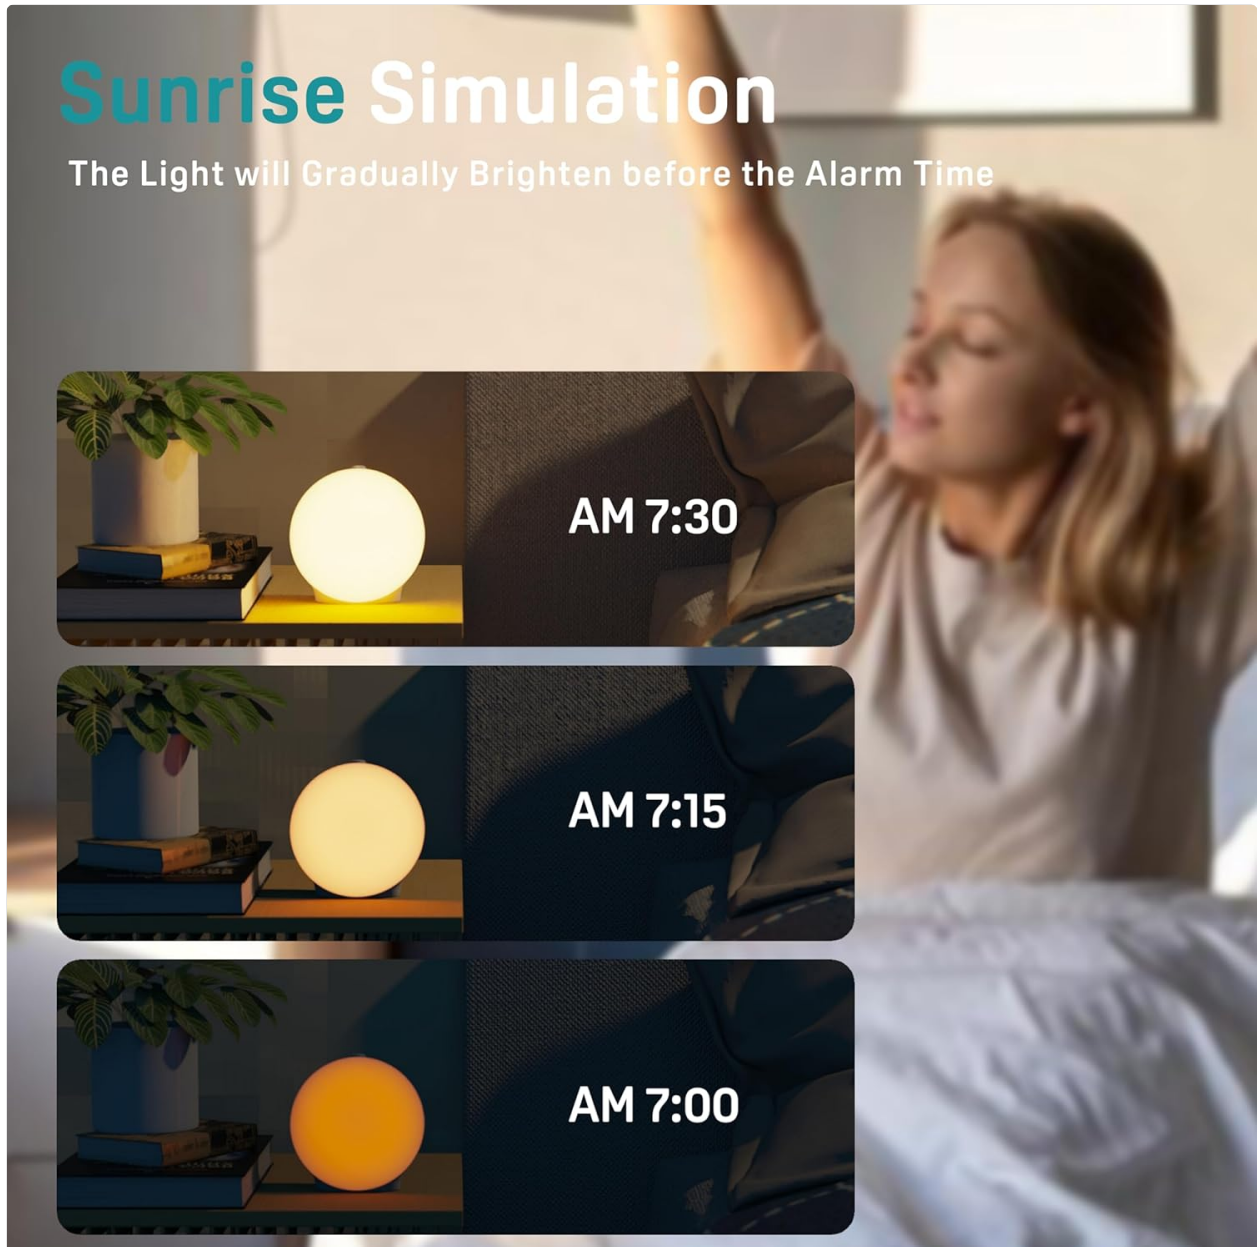

Figure 2: Illustration of the sunrise simulation feature, showing the light gradually changing color and intensity to simulate a natural sunrise.

1. **Set Alarm:** Press the 'Alarm Set' button. Use the '+' and '-' buttons to adjust the alarm time. Press 'Alarm Set' again to confirm.
2. **Alarm Frequency:** You can set the alarm for daily (1-7), weekdays (1-5), or weekends (6-7). Follow the on-screen prompts or refer to the Quick Guide for specific button presses.
3. **Sunrise Duration:** The sunrise simulation can be set to gradually light up from 10% to 100% brightness over a period of 10 to 60 minutes before the alarm sounds.

4. **Snooze Function:** When the alarm sounds, press the 'Snooze' button. The default snooze duration is 9 minutes, adjustable between 5 and 20 minutes.
5. **Automatic Shut-off:** If no operation occurs for 30 minutes after the alarm sounds, the alarm sounds will automatically turn off. If no operation occurs for 60 minutes, the alarm light will automatically turn off.

6.2. Sound Machine Operation

The device includes 25 built-in soothing sounds to aid relaxation and sleep.

Figure 3: Visual representation of the 25 built-in natural sounds available on the device, including various nature sounds and white noise options.

1. **Select Sound:** Press the 'Sound' button to cycle through the 25 available sounds, which include White Noise, Pink Noise, Campfire, Birds, Seagulls, River, Rain, Wind Chimes, Soft Music, and more.
2. **Adjust Volume:** Use the '+' and '-' buttons to increase or decrease the sound volume.
3. **Sleep Timer:** Press the 'Timer' button to set a Sleep Timer from 10 to 480 minutes. Once the countdown concludes, both the sound and light will automatically turn off.

Sleep Aid Function

Set a Sleep Timer (10-480 mins)

The Lighting will Gradually Dim and the White Noise will Slowly Fade out

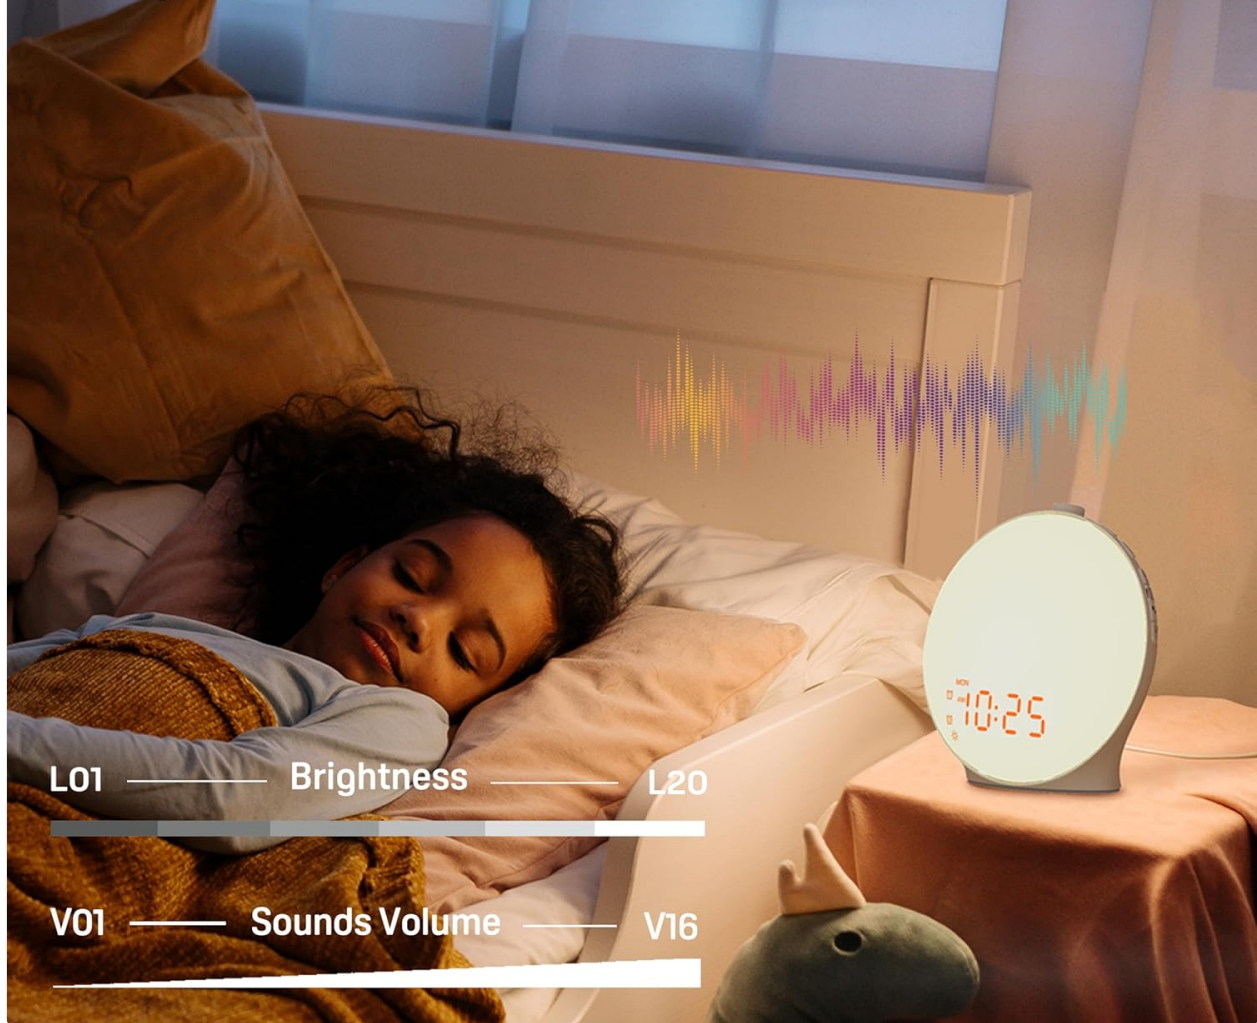

Figure 4: The sleep aid function in use, illustrating how the light gradually dims and white noise fades out to promote sleep.

6.3. Lighting Functions

The device offers 17 colorful lighting modes with adjustable brightness.

17 Colorful Lights

8 Solid Color Lights and 9 RGB Mood Lights
20 Levels of Brightness

Figure 5: A display of the 17 colorful lighting modes, featuring both solid colors and dynamic RGB mood lights.

1. **Select Light Mode:** Press the 'Light' button to cycle through the 17 lighting modes. These include 8 solid colors (Pink, Green, Blue, Indigo, Purple, Grey, Red, Orange) and 9 RGB mood lights.
2. **Adjust Brightness:** Use the 'Light +' and 'Light -' buttons to adjust the brightness level of the selected light mode.
3. **RGB Mode:** Press the 'RGB' button to directly access RGB mood lighting options.

6.4. Bluetooth Speaker

Connect your smartphone or other Bluetooth-enabled devices to play your personal music library.

Bluetooth Connect

Expand Your Music Library
Sync the Device's Time with Your Phone

EASY TO CONNECT

Bluetooth
5.3

5W HiFi
Speaker

Figure 6: The device connected to a smartphone via Bluetooth, demonstrating its capability as a wireless speaker.

1. **Activate Bluetooth:** Ensure Bluetooth is enabled on your external device.
2. **Pairing:** The alarm clock will appear as a discoverable device (e.g., "JALL K6"). Select it to pair.
3. **Play Audio:** Once paired, audio played on your external device will stream through the alarm clock's 5W stereo HiFi speaker.

6.5. Dimmable Clock Display

Adjust the brightness of the time display or turn it off completely for a darker room environment.

Dimmable Clock

5 Levels of Time Display Light (or OFF)

Keeps Your Room Dark and Helps You Drift to Sleep

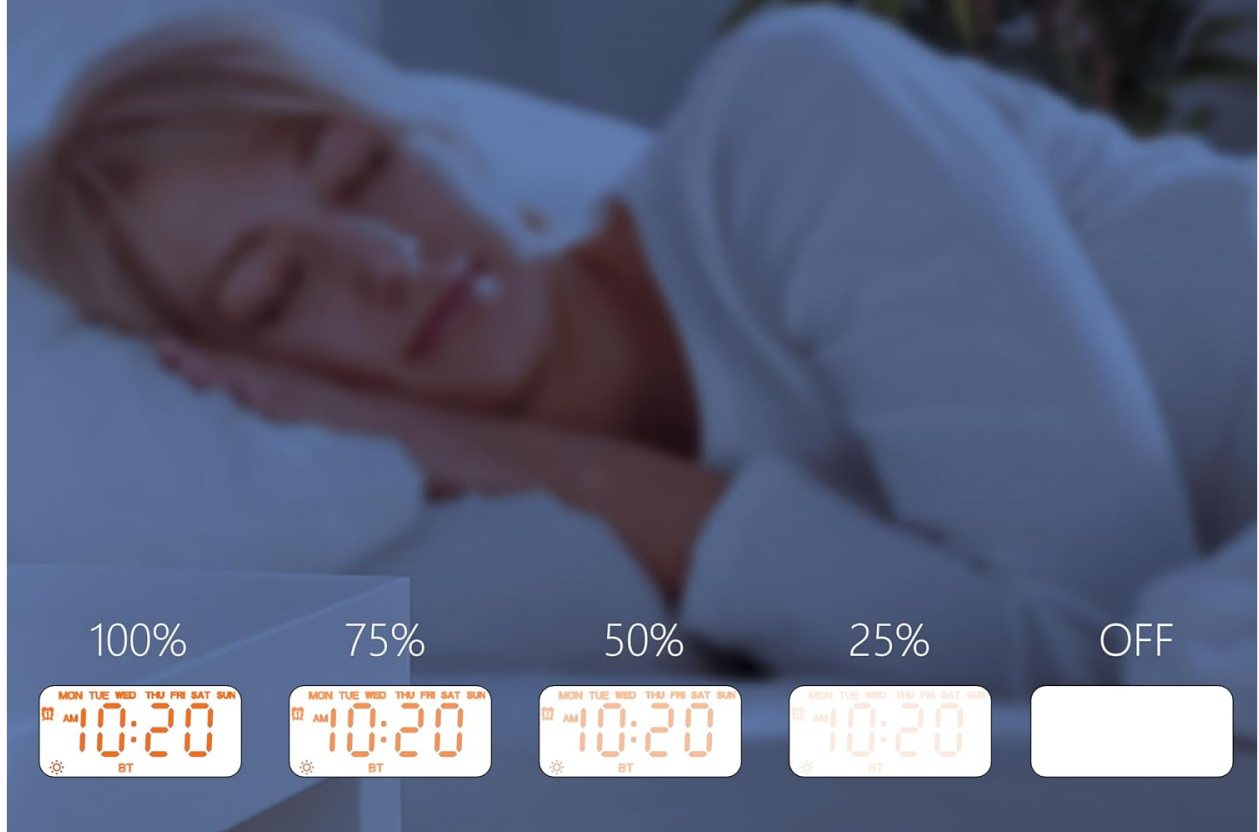

Figure 7: The dimmable clock display, illustrating different brightness settings from 100% to completely off.

1. **Adjust Brightness:** Use the 'Dimmer' button to cycle through the available brightness levels for the time display.
2. **Turn Off Display:** Continue pressing the 'Dimmer' button until the display turns off completely.

7. MAINTENANCE

To ensure the longevity and proper functioning of your JALL Sunrise Alarm Clock, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the surface of the device. Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the finish.
- **Dust:** Regularly dust the device, especially around the speaker grille and buttons, to prevent accumulation.
- **Storage:** If storing the device for an extended period, unplug it from the power outlet and store it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Water:** Keep the device away from water and high humidity environments. Do not immerse it in water.

8. TROUBLESHOOTING

If you encounter issues with your JALL Sunrise Alarm Clock, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device does not power on.	Not properly plugged in; power adapter issue.	Ensure the power cord is securely connected to the device and the adapter is firmly plugged into a working electrical outlet. Try a different outlet.
Alarm does not sound or light up.	Alarm not set correctly; volume too low; light brightness too low.	Verify alarm settings (time, frequency). Check alarm volume and light brightness settings.
Bluetooth connection fails.	Device not in pairing mode; external device Bluetooth off; interference.	Ensure the alarm clock is discoverable. Turn Bluetooth off and on again on your external device. Move closer to the alarm clock.
Sound quality is poor.	Volume too high; audio source quality; interference.	Reduce volume. Check the quality of the audio source. Ensure no obstructions are near the speaker.
Time display is too bright/dim.	Brightness setting needs adjustment.	Use the 'Dimmer' button to adjust the display brightness to your preference.

If the problem persists after attempting these solutions, please contact JALL customer support for further assistance.

9. SPECIFICATIONS

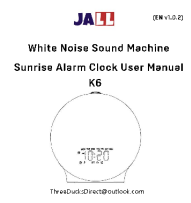

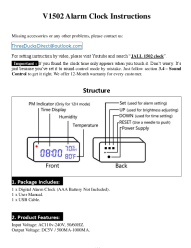

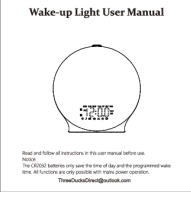

- **Model Number:** K6
- **Product Dimensions:** 7.2 x 3.4 x 7.2 inches
- **Item Weight:** 10.2 ounces
- **Manufacturer:** JALL
- **Material:** Acrylonitrile Butadiene Styrene (ABS)
- **Power Source:** Corded Electric
- **ASIN:** B0DPHMF9MK
