Fanbulous F-XX20BK-1D01

Fanbulous 20-Inch Outdoor Ceiling Fan with Light

MODEL: F-XX20BK-1D01

Introduction

This manual provides essential information for the safe and efficient operation of your Fanbulous 20-inch Outdoor Ceiling Fan with Light. This weatherproof fan features a reversible DC motor, 3CCT dimmable LED lighting, and convenient control via both remote and a dedicated mobile application. Please read these instructions thoroughly before installation and use.

Safety Instructions

- Always disconnect power before installation, cleaning, or maintenance.
- Ensure the mounting structure can support the fan's weight.
- This product is designed for outdoor use with an IP65 waterproof rating. However, avoid direct high-pressure water spray.
- Keep hands, hair, and clothing clear of the fan blades during operation.
- Do not attempt to repair or modify the fan. Contact qualified personnel for service.
- Use only the provided remote control and recommended mobile application for operation.

Package Contents

Verify that all components are present before beginning installation:

- Fan Unit with Integrated LED Light
- 8-inch Downrod
- 12-inch Downrod
- 16.5-foot Power Cord with Plug
- Remote Control
- AAA Batteries (2, included for remote)
- Mounting Hardware (screws, downrod pin, coupling cover)

APP & Remote Control

Tips: Use APP control requires Bluetooth connection

Setup and Installation

The Fanbulous outdoor ceiling fan features a portable hanging design for easy plug-and-play installation. Choose the appropriate downrod length (8 inches or 12 inches) based on your ceiling height and desired fan position.

1. Step 1: Secure Mounting Bracket

Use appropriate screws to drive the mounting bracket into your ceiling structure (wood or concrete). Ensure the bracket is firmly secured.

2. Step 2: Install Coupling Cover

Slide the coupling cover onto the chosen downrod.

3. Step 3: Attach Downrod to Yoke

Insert the downrod pin through the fan's yoke and the downrod. Tighten the screws on the yoke to secure the downrod.

4. Step 4: Hang the Fan

Carefully suspend the fan unit onto the installed mounting bracket.

5. Step 5: Position Coupling Cover

Move the coupling cover downwards to conceal the wiring and mounting hardware.

6. Step 6: Secure Power Cord

Hang the 16.5-foot power cord on the provided hook or route it securely to a suitable outdoor power outlet.

Operating Instructions

Your Fanbulous ceiling fan can be controlled using the included remote control or a dedicated mobile application.

Remote Control & App Control

The remote control allows for easy adjustment of fan speeds, light settings, and timer functions. For advanced control and convenience, download the mobile application (Bluetooth connection required).

Fan Functions

- **Fan Speeds:** Choose from 6 fan speeds to achieve your desired airflow.
- **Sleep Timer:** Set a 2-hour sleep timer for automatic fan shutdown.
- **Reversible DC Motor:** The fan features a reversible motor. In summer, forward airflow creates a cooling breeze. In winter, reverse function helps circulate warm air for an evenly heated space.

Figure 5: Reversible DC motor operation.

Light Functions

- **3CCT LED Light:** Select from three color temperatures: 3000K (warm light), 4500K (neutral light), and 6500K (cool light).
- **Dimmable Brightness:** Adjust the light brightness from 10% to 100%, with a maximum output of 2030 lumens. The large lampshade ensures uniform, flicker-free light distribution.
- **Memory Function:** The fan remembers your last light brightness, color temperature, wind speed, and fan steering settings if turned off for at least 10 seconds.

Maintenance

- **Cleaning:** Wipe the fan and light with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Inspection:** Periodically check all connections and mounting hardware to ensure they are secure.
- **Blade Care:** The ABS fan blades are durable and require minimal maintenance. Ensure they are free from obstructions.

Troubleshooting

Problem	Possible Cause	Solution
Fan does not operate	No power; Remote batteries low; Remote not paired; App not connected.	Check power connection; Replace remote batteries; Re-pair remote/app; Ensure Bluetooth is active for app control.
Light does not turn on	No power; Light setting off; Remote batteries low.	Check power; Turn light on via remote/app; Replace remote batteries.
Fan makes unusual noise	Loose mounting; Obstruction in blades.	Check all mounting screws; Ensure no objects are interfering with blades.
Remote/App not responding	Out of range; Interference; Batteries low (remote); Bluetooth off (app).	Move closer to fan; Check for interference; Replace remote batteries; Enable Bluetooth on device.

If issues persist, please contact Fanbulous customer service for assistance.

Specifications

Feature	Detail
Brand	Fanbulous
Model Name	F-XX20BK-1D01
Size	20 Inch
Color	Black
Product Dimensions	20"D x 20"W x 21.14"H
Item Weight	13 Pounds
Indoor/Outdoor Usage	Outdoor
Waterproof Rating	IP65
Power Source	AC/DC (Plug-and-Play)
Wattage	30 watts
Motor Type	DC (Reversible)
Number of Power Levels	6 (Fan Speeds)
LED Light	3CCT (3000K, 4500K, 6500K)
Luminous Flux	Max 2030 Lumens
Dimmable	Yes (10% to 100%)
Control Method	App, Remote
Special Features	Adjustable Color Temperature, Dimmable, Memory Function, Timer, Waterproof
Batteries	2 AAA batteries (included for remote)
Mounting Type	Downrod Mount
Certification	FCC
