

DUDUPET DU-CL01-JP

DUDUPET CL01 Automatic Cat Litter Box Instruction Manual

Model: DU-CL01-JP

1. INTRODUCTION

Thank you for purchasing the DUDUPET CL01 Automatic Cat Litter Box. This device is designed to provide a clean and convenient litter solution for your cat, featuring automatic cleaning, advanced safety sensors, and app control. Please read this manual thoroughly before use to ensure proper operation and maintenance.

2. SAFETY INFORMATION

- Do not use the automatic cleaning function for cats weighing less than 1kg.
- Ensure the device is placed on a stable, level surface.
- Keep the device away from water and moisture to prevent electrical hazards.
- Do not allow children or pets to play with the device during operation.
- Unplug the device before cleaning or performing any maintenance.
- The device supports 2.4GHz WiFi only. It is not compatible with 5GHz WiFi.

The DUDUPET CL01 is equipped with 7 high-precision infrared sensors and 3 hall sensors to ensure your cat's safety. The cleaning cycle will automatically pause if a cat is detected inside or near the entrance during operation.

Key Features:

- **Semi-Open Entrance:** Allows easy access for cats (1.5kg-9kg) and prevents pinching.
- **Automatic Cleaning:** Initiates cleaning 5 seconds after the cat exits, separating waste into the bin.
- **Multi-Litter Compatibility:** Works with tofu litter, mineral litter, bentonite litter, and mixed litter.
- **Quiet Operation:** Operates at a low noise level (below 40dB), comparable to a quiet office.
- **App Control:** Dedicated app for iOS/Android for remote operation and monitoring.
- **Easy Maintenance:** Removable and washable cylinder for simple cleaning.

5. OPERATING INSTRUCTIONS

5.1 Automatic Cleaning

The DUDUPET CL01 automatically detects when your cat uses the litter box. After your cat exits, the device will wait for 5 seconds before initiating a cleaning cycle. The internal cylinder slowly rotates to sift the litter, separating clumped waste into the integrated waste bin.

Your browser does not support the video tag.

Video: This video demonstrates the DUDUPET CL01 in operation, showing a cat using the litter box and the subsequent automatic cleaning cycle, where the internal mechanism sifts and deposits waste.

5.2 Manual Cleaning and DND Mode

You can initiate a cleaning cycle manually via the dedicated app or the control panel on the device. The app also allows you to set a Do Not Disturb (DND) mode, which temporarily stops automatic cleaning during specified hours (e.g., overnight) to ensure quiet operation.

Image: The DUDUPET CL01 Automatic Cat Litter Box with visual cues representing sound waves, highlighting its DND mode and quiet operation, which keeps noise levels below 40dB, ensuring minimal disturbance.

6. MAINTENANCE

6.1 Emptying the Waste Bin

Regularly check and empty the waste collection bin located at the bottom of the device. Pull out the drawer, remove the waste bag, and dispose of it. Replace with a new waste bag.

Image: The DUDUPET CL01 Automatic Cat Litter Box with its waste drawer pulled out, revealing collected waste and demonstrating the ease of emptying and replacing the waste bag.

6.2 Cleaning the Cylinder

The internal cylinder can be easily removed for thorough cleaning. Unplug the device, detach the cylinder from the main unit, and wash it with water. Ensure it is completely dry before reassembling.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not powering on	Power cable not connected properly; Power outlet issue	Check power cable connection; Try a different power outlet.
Automatic cleaning not starting	Cat still inside or near the entrance; DND mode active; Sensors obstructed	Ensure cat has fully exited; Check DND settings in app; Clean sensors.
Litter not sifting properly	Too much litter; Incorrect litter type; Cylinder dirty	Reduce litter quantity; Ensure compatible litter is used; Clean the cylinder.
WiFi connection issues	Incorrect WiFi band; Weak signal; Incorrect password	Ensure 2.4GHz WiFi is used; Move device closer to router; Re-enter WiFi password in app.

8. SPECIFICATIONS

- **Model:** DU-CL01-JP
- **Dimensions (L x W x H):** 59.7cm x 59.7cm x 64.4cm
- **Weight Capacity:** Suitable for cats 1.5kg - 9kg
- **Litter Capacity:** 65L (internal roller)
- **Waste Bin Capacity:** 12L
- **Connectivity:** 2.4GHz WiFi (5GHz not supported)
- **Noise Level:** Below 40dB
- **Color:** White

9. WARRANTY AND SUPPORT

DUDUPET provides a one-year quality service from the date of purchase for the CL01 Automatic Cat Litter Box. In the event of a malfunction within the warranty period, a new product will be replaced free of charge. For any questions or support needs, please contact DUDUPET customer service.
