Skullcandy N747

Skullcandy Ink'd Wired In-Ear Headphones N747 User Manual

Model: N747

INTRODUCTION

Welcome to the user manual for your Skullcandy Ink'd Wired In-Ear Headphones. These headphones are designed to provide a high-quality audio experience with a comfortable, noise-isolating fit. Featuring a built-in microphone and in-line controls, they offer convenience for both music playback and hands-free communication. This manual will guide you through the setup, operation, and maintenance of your new headphones.

PACKAGE CONTENTS

- Skullcandy Ink'd Wired In-Ear Headphones (Earphones)
- Small and Medium Ear Gels (pre-installed or included separately)

SETUP

Follow these steps to set up your Skullcandy Ink'd Wired In-Ear Headphones for optimal use.

1. Choose the Right Ear Gels

The headphones come with different sizes of ear gels to ensure a comfortable and secure fit. A proper fit is crucial for noise isolation and sound quality.

1. Gently remove the pre-installed ear gels.
2. Try the different sizes (small, medium) to find the pair that creates a snug seal in your ear canal.
3. The correct size will feel comfortable and significantly reduce ambient noise.

2. Connect to Your Device

These headphones utilize a standard 3.5mm AUX connection.

1. Locate the 3.5mm audio jack on your smartphone, tablet, laptop, or other compatible audio device.
2. Insert the 3.5mm plug from your Skullcandy Ink'd headphones firmly into the device's audio jack.
3. Ensure the connection is secure for uninterrupted audio.

OPERATING INSTRUCTIONS

Your Skullcandy Ink'd headphones feature an in-line remote and microphone for convenient control of your audio and calls.

Music Control

- **Play/Pause:** Press the center button once.
- **Next Track:** Press the center button twice quickly.
- **Previous Track:** Press the center button three times quickly.

Call Control

- **Answer/End Call:** Press the center button once.
- **Reject Call:** Press and hold the center button for approximately two seconds.

Note: Functionality may vary slightly depending on your device's operating system and specific application.

MAINTENANCE

Proper care will extend the life and performance of your headphones.

- **Cleaning Ear Gels:** Gently remove the ear gels and wash them with mild soap and water. Rinse thoroughly and allow them to dry completely before reattaching.
- **Cleaning Earbuds:** Use a soft, dry cloth to wipe the earbuds. Avoid using harsh chemicals or abrasive materials. Do not submerge the earbuds in water.
- **Cable Care:** Avoid sharp bends or excessive pulling on the cable. Store the headphones neatly to prevent tangling.
- **Storage:** When not in use, store your headphones in a clean, dry place away from extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your headphones, try the following steps:

- **No Sound:**
 - Ensure the 3.5mm plug is fully inserted into your device's audio jack.
 - Check your device's volume settings.
 - Test the headphones with another audio device to rule out a device-specific issue.
- **Poor Sound Quality / Noise:**
 - Ensure the ear gels are properly seated and creating a good seal in your ear.
 - Clean the ear gels and earbud grilles to remove any debris.
 - Test with another audio source.
- **Microphone Not Working:**
 - Ensure the 3.5mm plug is fully inserted. Some devices require a TRRS (Tip-Ring-Ring-Sleeve) connector for microphone functionality, which these headphones provide.
 - Check your device's microphone input settings.
 - Test the microphone with another device or application.
