Youroke YOCFBL001-1

Youroke Caged Ceiling Fan with Light and Remote User Manual

Model: YOCFBL001-1

Brand: Youroke

1. INTRODUCTION

This manual provides comprehensive instructions for the safe installation, operation, and maintenance of your Youroke Caged Ceiling Fan with Light and Remote. Please read this manual thoroughly before installation and retain it for future reference. This modern bladeless ceiling fan features a brushed nickel finish, 6-speed settings, a timing function, and a reversible motor, designed for optimal air circulation and lighting in various indoor spaces.

2. PRODUCT FEATURES

- **Brushed Nickel Stylish Design:** Round caged ceiling fan with brushed nickel metal cover and 7 ABS fan blades, designed to complement modern home decor. Requires 3 E12 base candle bulbs (bulbs not included).
- **Remote Control:** Includes a remote for convenient control of wind speed (6 settings), timing functions, and reversible fan direction.
- **Quiet Motor:** Operates with minimal noise (low 35dB operation), ensuring quiet air circulation suitable for sleeping, working, or reading environments.
- **Easy Installation:** Comes with complete accessories and instructions for straightforward setup.
- **Versatile Application:** Ideal for living rooms, bedrooms, kitchens, and offices.

4. SAFETY INFORMATION

Please observe the following safety precautions to reduce the risk of fire, electric shock, or personal injury:

- Always turn off power at the circuit breaker or fuse box before beginning installation or performing any maintenance.
- All wiring must be in accordance with national and local electrical codes. If you are unsure about wiring, consult a qualified electrician.
- Ensure the installation site can support the weight of the fan.
- Do not bend the fan blades or attempt to stop them by hand during operation.
- Use only E12 base bulbs as specified. Do not exceed the maximum wattage.
- Keep children and pets away from the fan during operation.

5. INSTALLATION GUIDE

The Youroke Caged Ceiling Fan is designed for easy installation. Follow these general steps. Refer to the included detailed instruction manual for specific diagrams and wiring instructions.

1. **Prepare for Installation:** Turn off power at the main circuit breaker. Clear the work area and gather necessary tools.
2. **Mounting Bracket Installation:** Secure the mounting bracket to the ceiling junction box. Ensure it is firmly attached and can support the fan's weight.
3. **Wiring Connections:** Connect the fan's electrical wires to the household wiring. Match live, neutral, and ground wires according to local codes. *Note: Some users have reported the ground wire being short, which may require careful handling or extension for easier connection.*
4. **Attach Fan to Bracket:** Carefully lift the fan unit and attach it to the mounting bracket.
5. **Install Bulbs:** Insert three E12 base candle bulbs (not included) into the sockets.
6. **Final Assembly:** Secure any covers or decorative elements.
7. **Restore Power:** Turn on power at the circuit breaker and test the fan and light functions.

6. OPERATING INSTRUCTIONS

Your Youroke Caged Ceiling Fan is operated using the included remote control. Ensure 2 AA batteries are installed in the remote.

- **Power On/Off:** Use the "ON/OFF" button for the light and "FAN OFF" button for the fan.
- **Fan Speed Control:** Select from 6 fan speeds using the numbered buttons (1-6). Speed 1-2 is ideal for sleeping/reading, 3-4 for entertainment, and 5-6 for sports/fitness.
- **Reversible Motor (Summer/Winter Mode):** Use the forward/reverse button to change the fan's direction.
 - **Summer Mode (Downward Airflow):** Creates a cooling breeze.
 - **Winter Mode (Upward Airflow):** Circulates warm air trapped near the ceiling, improving heat distribution.
- **Timer Setting:** Set the fan to turn off automatically after 1, 2, 4, or 8 hours using the timer buttons.

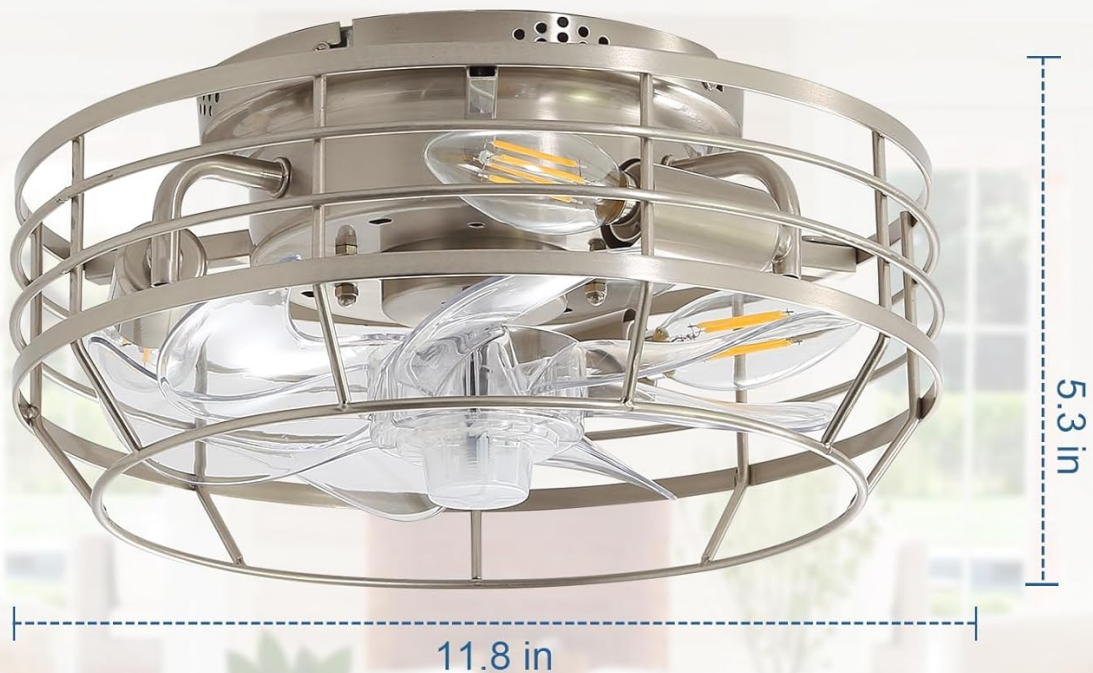

6 Speeds Adjustable

Choose the Wind Speed According to Your Need

Product Parameter

Suitable for E12 bulbs
(Lamps do not contain light bulbs)

Image: Product parameter diagram showing the fan's dimensions (11.8 inches wide, 5.3 inches high) and indicating suitability for E12 bulbs.

7. MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your ceiling fan.

- **Cleaning:** To clean the fan, wipe with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure power is off before cleaning.
- **Bulb Replacement:** Turn off power before replacing bulbs. Allow bulbs to cool. Replace with E12 base candle bulbs (max wattage as per specifications).
- **Tighten Fasteners:** Periodically check all screws and fasteners on the fan and mounting hardware to ensure they are secure.

8. TROUBLESHOOTING

If you encounter issues with your Youroke Caged Ceiling Fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not operate / Light does not turn on.	No power, loose wiring, remote control issues.	Check circuit breaker. Ensure all wiring connections are secure. Verify remote batteries are fresh and correctly inserted. Ensure the light is not turned off independently via the remote.
Fan makes excessive noise.	Loose screws, unbalanced blades, motor issue.	Check and tighten all screws on the fan and mounting bracket. Ensure blades are clean and free of obstructions.
Fan operates, but light does not.	Bulbs are faulty or not installed correctly.	Replace bulbs with new E12 base bulbs. Ensure bulbs are screwed in tightly.
Fan does not run without light on.	Wiring configuration or remote setting.	This model is designed to allow independent control of fan and light. Ensure you are using the correct buttons on the remote for fan-only operation. If the issue persists, re-check wiring connections or consult customer support.

9. SPECIFICATIONS

Brand	Youroke
Model Name	YOCFBL001-1
Color	Brushed Nickel
Material	Iron
Style	Industrial
Product Dimensions	13"L x 13"W x 13"H (approx. 13.78 x 12.99 x 6.69 inches)
Item Weight	4.97 pounds
Power Source	Electric
Voltage	120 Volts (AC)
Light Source Type	LED (compatible with E12 bulbs)
Number of Light Sources	3
Brightness	1750 lumen (dependent on bulbs used)
Control Method	Remote

Assembly Required	Yes
Indoor/Outdoor Usage	Indoor
