

Aulumu M01

Aulumu M01 4-in-1 Wireless Charging Station Instruction Manual

Model: M01

1. INTRODUCTION

The Aulumu M01 is a versatile 4-in-1 wireless charging station designed to power your iPhone, Apple Watch, AirPods, and an additional USB-C device simultaneously. Its collapsible design allows for use as both a charging stand and a flat charging pad, making it ideal for home, office, or travel. This manual provides essential information for proper setup, operation, and maintenance of your device.

2. WHAT'S IN THE BOX

- M01 Wireless Charging Station (15W fast version)
- USB-C to USB-C Cable (2.62 ft)
- Storage Bag
- M01 Instruction Manual

3. PRODUCT FEATURES

- **15W Ultra-Fast Charging:** MagSafe-compatible design ensures efficient 15W charging for compatible iPhones.
- **Bimorphic Folding:** Easily transforms between a vertical charging stand and a flat charging pad.
- **35W Total Output Power:** Supports simultaneous charging for iPhone (15W Max), Apple Watch (5W Max), AirPods (5W), and an additional USB-C device (10W).
- **Portable Design:** Compact and lightweight (6.89 x 3.35 x 0.43 inches, 9.2 oz / 260g) for easy transport.
- **Integrated Night Light:** Features an atmospheric light with adjustable settings.

4. SETUP INSTRUCTIONS

1. **Unpack the Device:** Carefully remove all components from the packaging.
2. **Connect Power:** Use the provided USB-C to USB-C cable to connect the charging station to a 35W or higher Power Delivery (PD) wall charger (not included). For optimal performance, a 35W+ PD charger is required.

3. **Choose Configuration:** The M01 can be used in two primary configurations:

- **Vertical Stand Mode:** Unfold the charging station to create a stand for your iPhone.
- **Flat Pad Mode:** Keep the station folded flat for a compact charging surface.

Bimorphic folding

Extra Night Light Turns on and off

Main Status Light Control

1. (Press the status light control while charging is in progress)

- Double click: enter ambient light mode!
- Double-tap: Exit ambient light mode.
- Click: Low brightness - Medium brightness - High brightness one off (can cycle switch)

2. (Charging or standby state)

- Click: light on or off

Figure 2: The Aulumu M01 4-in-1 Wireless Charging Station in its compact, folded configuration, ready for portability.

5. OPERATING INSTRUCTIONS

1. **Charging an iPhone:** Place your MagSafe-compatible iPhone onto the magnetic charging pad. Ensure proper alignment for optimal 15W wireless charging. The device can be positioned vertically or horizontally.
2. **Charging an Apple Watch:** Place your Apple Watch onto the dedicated charging puck. For wristwatches with loop straps, it may be necessary to unfasten the strap and lay the watch module flat to ensure proper contact.
3. **Charging AirPods:** Place your AirPods (with wireless charging case) onto the designated charging area.
4. **Charging an Additional USB-C Device:** Connect a compatible USB-C device (e.g., iPad, tablet) to the 10W USB-C output port on the side of the charging station using a suitable cable.
5. **Night Light Control:** The integrated atmospheric light can be controlled via the light switch. Double-

click to enter ambient light mode, double-tap to exit. Click once to cycle through low, medium, and high brightness. In charging or standby state, a single click turns the light on or off.

6. MAINTENANCE

- Keep the charging station clean and free from dust. Use a soft, dry cloth for cleaning.
- Avoid exposing the device to extreme temperatures or humidity.
- Do not disassemble the charging station.

7. TROUBLESHOOTING

- **Device not charging:** Ensure the charging station is connected to a 35W or higher Power Delivery (PD) wall charger. Check all cable connections. Verify that your device is properly aligned on the charging pad.

- **Phone tipping or unstable:** The phone stand arm may require careful adjustment for heavier phones. Ensure the arm is fully extended and positioned to support the phone's weight.
- **Apple Watch not charging:** Confirm the watch is correctly placed on the charging puck. If using a loop strap, try unfastening it and laying the watch module flat to ensure full contact.
- **AirPods not fitting/charging:** Ensure your AirPods case is compatible with wireless charging. Some protective covers may interfere with proper placement or charging.
- **Flickering or resetting:** Ensure a stable power supply. Some power stations or adapters may cause interruptions if they perform voltage checks.
- **Indicator light not working:** Check the power connection. If the issue persists, refer to the warranty information.

8. SPECIFICATIONS

- **Product Dimensions:** 6.89 x 3.46 x 0.59 inches
- **Item Weight:** 8.8 ounces
- **Item Model Number:** M01
- **Manufacturer:** Aulumu
- **Brand:** Aulumu
- **Connector Type:** USB Type C
- **Compatible Devices:** AirPods Pro 3/2/1, AirPods 3/2 (with Wireless Charging Case), Apple Watch Ultra 3/2/1, Apple Watch Series 11/1-10/SE/2, iPhone 17-12 Series (and other wireless charging-enabled mobile phones)
- **Special Feature:** 4-in-1, Fast Charging, MagSafe Compatible, Wireless Charging
- **Color:** Black
- **Input Voltage:** 9 Volts
- **Total USB Ports:** 2 (1x Input, 1x 10W Output)
- **Wattage:** 15 watts (Max for iPhone)

9. WARRANTY AND SUPPORT

The Aulumu M01 Wireless Charging Station comes with a 12-month warranty from the date of purchase. This warranty covers manufacturing defects and ensures reliable performance under normal use. For warranty claims, technical assistance, or any product-related inquiries, please contact Aulumu customer service. Keep your purchase receipt as proof of purchase.

For further support, please visit the official Aulumu website or contact their customer service team directly.
