

BigAlex B0FT7PQ1FK

BigAlex Alloy Folding Cane with Seat and LED Light
User Manual
Model: B0FT7PQ1FK

INTRODUCTION

The BigAlex Alloy Folding Cane with Seat is a versatile mobility aid designed to provide both walking support and a convenient resting seat. Constructed from high-strength aluminum, it offers stability and durability. Key features include an adjustable height mechanism, an ergonomic handle with a built-in LED light for improved visibility, and a comfortable, wider seat cushion. This manual provides essential information for the safe and effective use of your BigAlex folding cane.

SAFETY INFORMATION

- **Weight Capacity:** Do not exceed the maximum weight capacity of 400 lbs (approximately 181 kg).
- **Secure Locking:** Always ensure all adjustable parts are securely locked in place before using the cane for walking or sitting.
- **Stable Surfaces:** Use the cane and seat on stable, level surfaces. Avoid uneven terrain, slippery floors, or inclines when using as a seat.
- **Proper Seating:** When using the seat, always sit facing the handle for optimal stability and balance. Do not sit facing away from the handle.
- **LED Light:** Ensure batteries are correctly inserted and replace them when the light dims. Do not look directly into the LED light.
- **Regular Inspection:** Periodically check the cane for any signs of wear, damage, or loose components. Discontinue use if any issues are found.
- **Non-Slip Tips:** Ensure the rubber tips on the cane legs are in good condition and free from excessive wear to maintain traction.

PACKAGE CONTENTS

- 1 x BigAlex Alloy Folding Cane with Seat and LED Light

SETUP

1. **Unfolding the Cane:** Gently unfold the cane until the seat and legs lock into their open position. Ensure all three legs are fully extended and stable.
2. **Adjusting Cane Height:** Press the push-button on the cane shaft and slide the upper section up or down to your desired walking height. Release the button to lock it into the nearest adjustment hole. Ensure the button is fully engaged. The cane adjusts from 29.8 inches to 32.7 inches.
3. **Adjusting Seat Height:** The seat height is adjusted in conjunction with the cane height. When the cane is set to your preferred walking height, the seat will be at a corresponding height (approximately 18.9 inches to 21.7 inches).

ADJUSTABLE HEIGHT

Easily adjust to the **right** height that fits your needs

Image: The adjustable height mechanism allows for personalized comfort, with cane height ranging from 29.8 to 32.7 inches and seat height from 16.1 to 18.5 inches.

OPERATING INSTRUCTIONS

Using as a Walking Cane

- Ensure the cane is fully extended and locked at a comfortable height for walking.
- Hold the ergonomic handle firmly.
- Use the cane for balance and support as you walk.

Using as a Seat

1. Ensure the cane is fully unfolded and the seat is in the open position, with all three legs firmly on a stable, level surface.
2. Carefully turn around and sit on the seat, ensuring you are facing the cane handle. This orientation provides the most stability.
3. Use the handle for additional support when sitting down or standing up.

WALK BETTER GO FURTHER

Image: An elderly man demonstrating the correct way to sit on the cane seat, facing the handle for stability.

Using the LED Light

- The LED light is integrated into the handle. Locate the small button on the handle.
- Press the button once to turn the LED light on.
- Press the button again to turn the LED light off.
- The LED light helps illuminate your path in low-light conditions.

HANDLE WITH LIGHT

Comfortable handle with LED light offering security even at night

Image: Close-up of the ergonomic handle, showing the integrated LED light for nighttime visibility.

MAINTENANCE

- **Cleaning:** Wipe the cane and seat with a damp cloth and mild soap. Do not use abrasive cleaners or solvents. Dry thoroughly after cleaning.
- **LED Battery Replacement:** If the LED light dims or stops working, replace the batteries in the handle. Refer to the battery compartment for the correct battery type and orientation.
- **Rubber Tips:** Regularly inspect the rubber tips on the bottom of the cane legs for wear and tear. Replace worn tips

to ensure continued stability and prevent slipping.

- **Storage:** When not in use, fold the cane and store it in a dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

Cane feels unstable or wobbly:

- Ensure all height adjustment buttons are fully engaged and locked.
- Verify that the folding mechanism is fully extended and locked.
- Check the rubber tips for wear; replace if necessary.
- Ensure you are using the cane on a flat, stable surface.

LED Light is not working:

- Check if the batteries are inserted correctly with the correct polarity.
- Replace the batteries with new ones.
- Ensure the battery compartment cover is securely closed.
