> G-PLUS Upper Dash Pad Panel Instruction Manual for 1997-1999 Chevy Camaro and Pontiac Firebird

## G-PLUS 02ITW0003ABK

# G-PLUS Upper Dash Pad Panel Instruction Manual

For 1997-1999 Chevy Camaro and Pontiac Firebird

## INTRODUCTION

This manual provides detailed instructions for the installation, maintenance, and general information regarding your new G-PLUS Upper Dash Pad Panel. Please read this manual thoroughly before beginning installation to ensure proper fitment and long-lasting performance. This product is designed as a direct replacement part, meeting Original Equipment (OE) standards.

## PRODUCT OVERVIEW

The G-PLUS Upper Dash Pad Panel is a high-quality replacement component for your vehicle's interior. It is manufactured from durable, UV-protected ABS material, designed to resist cracking and deformation, ensuring both functionality and aesthetic appeal over time.

## FEATURES

Key features of the G-PLUS Upper Dash Pad Panel include:

- **Excellent Materials:** Constructed from tough and UV-protected ABS material, ensuring good durability and stability. It resists cracking or deformation, maintaining its function and appearance over time.
- **OE Standard:** Engineered to meet Original Equipment (OE) standards, guaranteeing a precise fit and function identical to the original part.
- **Direct Installation:** Designed for direct installation without requiring modifications, matching the original product's fit and appearance.
- **Advanced Technology:** Manufactured using advanced technology and strict quality control measures for excellent performance and quality.

## **STRONG AND STURDY**

Made from premium materials, ensuring sturdiness, durability, and an extended lifespan.

## INSTALLATION INSTRUCTIONS

The G-PLUS Upper Dash Pad Panel is designed for direct replacement. No modifications to your vehicle are typically required for installation. It is recommended to consult a professional if you are unsure about any steps.

1. **Preparation:** Ensure the vehicle is turned off and the battery is disconnected for safety. Clear the work area on the dashboard.
2. **Remove Old Dash Pad:** Carefully identify and remove any screws, clips, or fasteners holding the existing dash pad in place. Gently pry up the old dash pad, being mindful of any wiring or sensors connected to it.
3. **Clean Surface:** Thoroughly clean the dashboard surface where the new panel will be installed. Remove any dust, debris, or adhesive residue.
4. **Position New Dash Pad:** Carefully align the new G-PLUS Upper Dash Pad Panel with the dashboard. Ensure all mounting points and edges match the vehicle's original design.
5. **Secure New Dash Pad:** Reinstall any screws, clips, or fasteners that were removed in step 2. Ensure the panel is securely seated and flush with the surrounding surfaces.
6. **Reconnect Battery:** Once the new dash pad is fully installed and secured, reconnect the vehicle's

battery.

7. **Test Functionality:** Verify that all dashboard functions (e.g., vents, sensors) are operating correctly.

## Installation Video Reference

Video 2: Installation guide for a gray upper dash pad panel. This video is provided by GRAND ORANGE and shows the process for a similar product. While the panel color differs, the installation principles may be applicable.

## MAINTENANCE

To maintain the appearance and longevity of your G-PLUS Upper Dash Pad Panel:

- **Cleaning:** Use a soft, damp cloth with mild automotive interior cleaner to wipe down the surface. Avoid harsh chemicals or abrasive materials that could damage the finish.
- **UV Protection:** Although the material is UV-protected, prolonged exposure to direct sunlight can still cause wear over time. Consider using a sunshade when parking for extended periods.
- **Avoid Scratches:** Be careful not to place sharp or heavy objects on the dash panel that could cause scratches or dents.

## TROUBLESHOOTING

If you encounter any issues with your dash pad panel, consider the following:

- **Poor Fitment:** Double-check that all fasteners are correctly installed and tightened. Ensure the panel is properly aligned with the dashboard contours. Sometimes, slight adjustments are needed during installation.
- **Unusual Noises:** If you hear rattling or squeaking, verify that the panel is securely fastened and not loose. Inspect for any foreign objects that might be trapped underneath.
- **Surface Damage:** For minor scuffs or marks, a specialized automotive interior trim restorer might help. For significant damage, replacement may be necessary.

## SPECIFICATIONS

Attribute	Detail
Brand	G-PLUS
Model Number	02ITW0003ABK
OEM Part Number	10422746
Material	UV-protected ABS
Color	Black
Item Weight	6.73 pounds
Product Dimensions	57.64 x 20.61 x 2.01 inches

Attribute	Detail
Special Features	Robust design
