2. IMPORTANT SAFETY INFORMATION

Warning:

- Avoid direct skin contact with undiluted essential oils.
- Keep the device and essential oils out of reach of children and pets.
- Ensure proper ventilation during use.
- Do not tilt or invert the diffuser after installing the essential oil bottle, or place it on its side. Oil leakage may cause machine damage.

3. WHAT'S IN THE BOX

Verify that all items are present upon unpacking:

- nimin Smart Essential Oil Diffuser V06 Pro
- 6 x 50ml Essential Oil Bottles (various scents)
- USB Type-C Charging Cable

- No-trace Wall Mount Adhesive
- User Manual
- Reset Pin (or similar small tool for reset button)

4. PRODUCT OVERVIEW

The nimin V06 Pro diffuser features a compact design with multiple functionalities for an enhanced aromatherapy experience.

Intelligent Aromatherapy Diffuser

Compact Design Powerful Performance

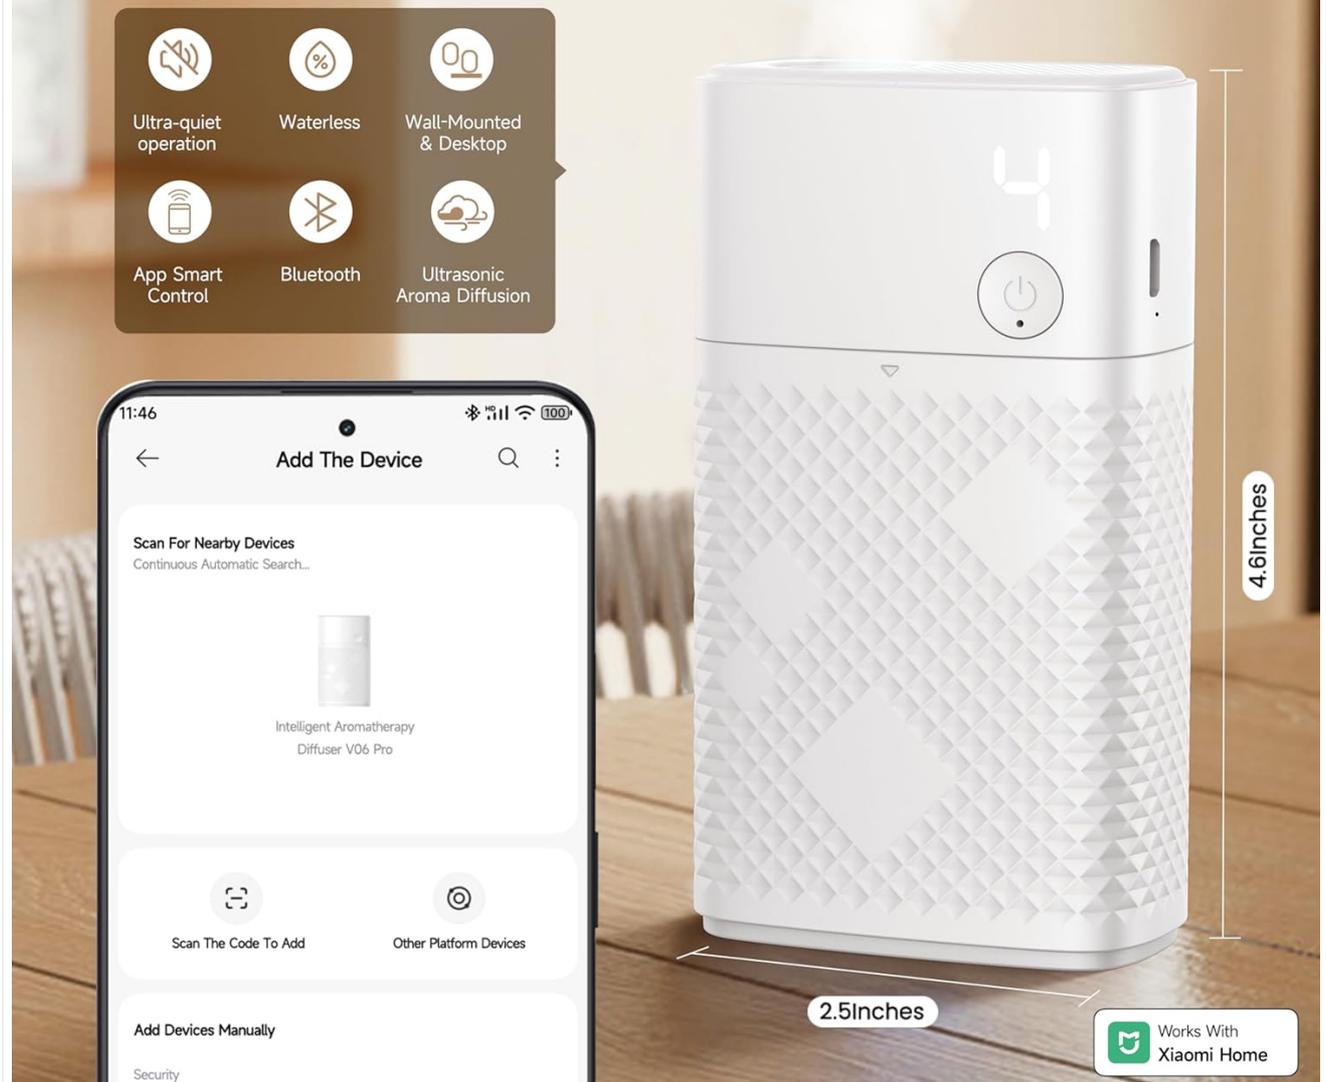

Image: Front view of the nimin Smart Essential Oil Diffuser V06 Pro, illustrating its compact size (4.6 inches tall, 2.5 inches wide) and listing key features such as ultra-quiet operation, waterless design, wall-mounted/desktop use, app control, Bluetooth connectivity, and ultrasonic aroma diffusion.

Key Features:

- **Ultrasonic Atomization:** Produces a fine mist for wide fragrance coverage.
- **Waterless Design:** Eliminates the need for water refills and frequent cleaning.
- **Dual Use:** Can be placed on a tabletop or mounted on a wall.
- **Smart App Control:** Manage settings via the Xiaomi Home App.
- **Ultra-Quiet Operation:** Designed for minimal noise during use.
- **Type-C Interface:** For convenient and efficient charging.
- **Reset Port:** Allows for one-click factory reset and Bluetooth reconnection.

Bluetooth Connection Instructions

Step 1: Search for Xiaomi home in the App Store, download and install the App and register.

Step 2: As shown in Figure 1: Long press the button for 2 seconds to turn on. the default is mode 1 after powering on. As shown in Figure 2: Insert a fine needle 【Toothpick, or anything insertable】 into the reset hole, long press the button for more than 1 second, the display shows "8" and flashes indicating that the Bluetooth reset is successful!

Step 3: Open the app, click the "+" on the homepage to select "Add Device", the app will scan for devices to be configured.

! During and after installing the essential oil bottle, do not tilt, invert, or place the diffuser on its side. Otherwise, oil leakage may cause machine damage!

Image: Close-up views of the diffuser highlighting its ultrasonic atomization technology, multi-mode adjustment button, reset port, damage-free wall hanging mechanism, and Type-C charging interface.

5. SETUP

5.1 Installing the Essential Oil Bottle

1. Insert the cotton stick into the essential oil bottle.
2. Pull out the machine compartment cover.
3. Place the essential oil bottle into the machine and secure it with the knob.
4. Reattach the machine compartment cover.

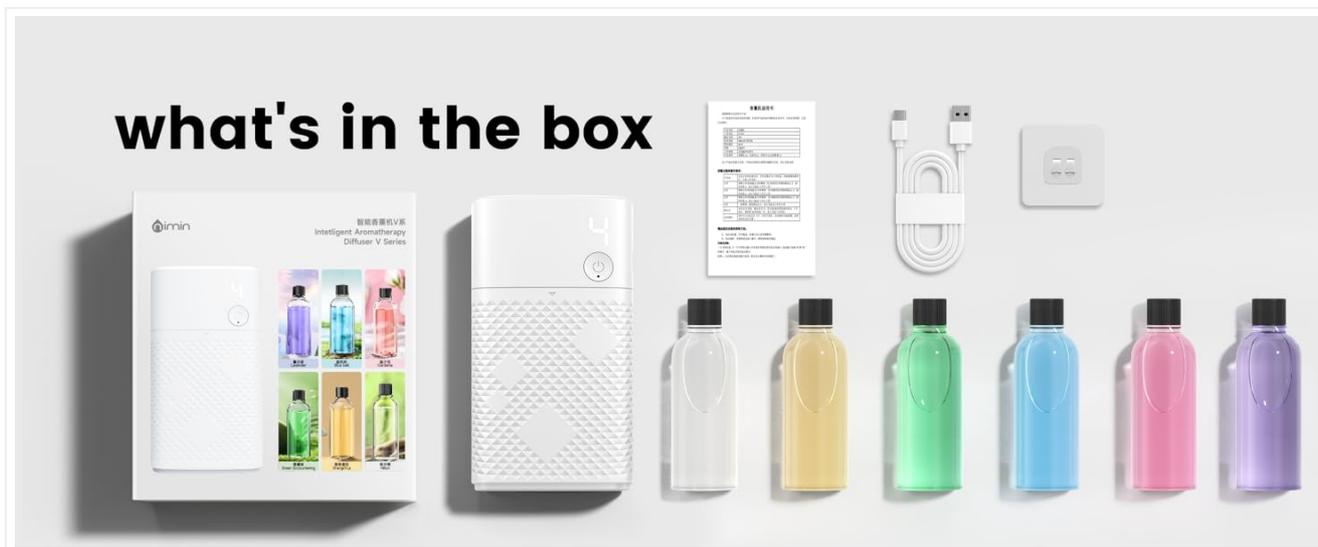

Image: Step-by-step visual guide for installing the essential oil bottle into the diffuser unit.

5.2 Wall Mounting (Optional)

The diffuser includes a no-trace wall mount for flexible placement. Ensure the mounting surface is clean and dry before applying the adhesive mount. Once mounted, the diffuser can be easily attached or removed.

Dual-use: tabletop or wall-mounted spreading fragrance everywhere

The aroma diffuser, perfectly fitting every space

Image: The diffuser displayed in two settings: wall-mounted using its no-trace adhesive, and placed on a desktop, highlighting its versatility.

6. OPERATING THE DIFFUSER

6.1 Manual Control

The diffuser can be operated directly using the physical button on the unit. Press the button to cycle through four different modes:

- **Mode 1:** Spray for 3 seconds, every 5 minutes.
- **Mode 2:** Spray for 3 seconds, every 15 minutes.
- **Mode 3:** Spray for 3 seconds, every 30 minutes.
- **Mode 4:** Continuous spray.

Note for International Users:

This product is compatible with the **Xiaomi Home** app (available for both ios and Android). While the user manual may refer to the Mijia app, **please note** that "Mijia" is the name used in certain regions, while "**Xiaomi Home**" is the global name for the same app. To set up and control your device, please search for and download the **Xiaomi Home app** from your app store. Thank you for your understanding!

Set Reset tip:

Physical buttons take priority over mobile app controls. Regardless of the device's current settings or mode, pressing a physical button will immediately trigger a response from the device and reset or override any settings made via the app. This design ensures that users can quickly and directly operate the device through physical buttons, providing a reliable control method, especially in emergencies or when the app is not functioning properly

Image: Visual representation of the diffuser's physical button and the four distinct spray modes it controls.

Note: Physical button controls take priority over mobile app settings. Pressing a physical button will immediately trigger a response and override any current app settings.

6.2 App Control (Xiaomi Home App)

For advanced control and customization, use the Xiaomi Home App.

- 1. Download the App:** Search for "Xiaomi Home App" in the App Store (iOS) or Google Play Store (Android), download, and install it.
- 2. Register/Log In:** Open the app and log in with your Xiaomi account.
- 3. Connect the Diffuser:**
 - Long press the power button on the diffuser for 2 seconds to turn it on.
 - Insert a small pin (like a toothpick or the provided reset pin) into the reset hole (located near the charging port). Long press the button inside the reset hole for more than 1 second. The display will show "8" and flash, indicating a successful Bluetooth reset.
 - Open the Xiaomi Home App, click the "+" icon on the homepage to select "Add Device". The app will scan for nearby devices.
 - Select "Intelligent Aromatherapy Diffuser V06 Pro" from the list to connect.
- 4. Customize Settings:** Once connected, you can adjust spray intensity, set custom schedules, and create automation scenes for a personalized aromatherapy experience.

Installation

1

Insert the cotton stick into the perfume bottle

2

Pull out the machine compartment cover

3

Place the perfume bottle into the machine and secure with the knob

4

Reattach the perfume bottle cap

Image: Examples of the app interface, demonstrating how to precisely control fragrance intensity, set interval durations, and schedule operation times, including custom daily cycles.

Note for International Users: This product is compatible with the Xiaomi Home app (available for both iOS and Android). While the user manual may refer to the Mijia app, "Mijia" is the name used in certain regions, while "Xiaomi Home" is the global name for the same app.

7. MAINTENANCE

The waterless design of the nimin V06 Pro diffuser significantly reduces maintenance requirements compared to traditional diffusers.

- **Exterior Cleaning:** Wipe the exterior of the diffuser with a soft, dry cloth as needed to remove dust or smudges.
- **Oil Bottle Replacement:** When an essential oil bottle is empty, replace it by following the "Installing the Essential Oil Bottle" steps in Section 5.1.
- **Avoid Water:** Do not immerse the device in water or use liquid cleaners directly on the internal components.

Image: A visual comparison emphasizing the advantages of the waterless diffuser, such as reduced cleaning and ease of use, compared to diffusers requiring water refills.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist/fragrance output.	<ul style="list-style-type: none"> Essential oil bottle empty or improperly installed. Cotton stick not properly inserted. Device not powered on. Diffuser clogged. 	<ul style="list-style-type: none"> Check oil level and ensure bottle is securely installed. Verify cotton stick is fully inserted into the oil bottle. Press the power button to turn on. Contact customer support if clogging persists after ensuring proper oil installation.

Problem	Possible Cause	Solution
Device not connecting to app.	Bluetooth not enabled on phone or diffuser. Incorrect app used (Mijia vs. Xiaomi Home). Diffuser not in pairing mode.	Ensure Bluetooth is active on both devices. Confirm you are using the "Xiaomi Home App". Perform a Bluetooth reset: Insert a pin into the reset hole and long press for >1 second until "8" flashes. Then try connecting via app.
Battery drains quickly.	Continuous spray mode selected. Frequent use at high intensity.	Switch to an intermittent spray mode (Mode 1, 2, or 3). Reduce fragrance intensity via the app. Ensure the device is fully charged before use.
Oil leakage.	Diffuser tilted or inverted after oil installation. Oil bottle not properly secured.	Keep the diffuser upright at all times after oil installation. Ensure the essential oil bottle is tightly secured within the compartment.
