SISESOL PT

SISESOL PT White Metal Storage Cabinet Instruction Manual

Model: PT

INTRODUCTION

Thank you for choosing the SISESOL PT White Metal Storage Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new storage unit. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

Always secure the cabinet to the wall using the included anti-tip kit to prevent tipping. Keep electrical appliances away from the cabinet to avoid electrical hazards, especially in a moist environment like the bathroom. Do not overload the

shelves, as the load capacity is up to 120lbs each.

PACKAGE CONTENTS

Before beginning assembly, ensure all parts and hardware are present and undamaged. Refer to the included instruction manual for a detailed list of numbered parts and corresponding hardware. The package typically includes:

- Metal panels for cabinet frame (sides, top, bottom, back)
- 4 doors with pre-drilled holes for handles
- 2 adjustable shelves
- 4 legs with adjustable feet
- 8 magnetic door closures
- Gold handles
- Assembly hardware (screws, nuts, shelf clips)
- Anti-tip kit
- Assembly tool (screwdriver)

ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your SISESOL storage cabinet. It is recommended to have a helper for certain steps. All parts are numbered for easy identification.

Step 1: Assemble the Base Frame

Connect the side panels to the base frame using the provided screws. Ensure all connections are secure.

Step 2: Attach Back Panels

Slide the back panels into the designated grooves and secure them with screws. This forms the main structure of the cabinet.

Step 3: Install Adjustable Shelves

Insert the shelf clips into the desired height slots on the side panels. Place the adjustable shelves onto the clips. You can customize the shelf heights to accommodate items of various sizes.

Image: Illustration demonstrating the height-adjustable shelves, allowing customization for items of different sizes.

Step 4: Attach Doors and Handles

Install the doors by aligning the pins into the top and bottom holes. Attach the gold handles to the pre-drilled holes on the doors. The integrated magnets will ensure the doors close securely.

Step 5: Secure with Anti-Tip Kit

For added safety, especially in households with children or pets, attach the anti-tip kit to the top rear of the cabinet and secure it to the wall according to the instructions provided in the package.

USAGE AND FEATURES

The SISESOL PT Storage Cabinet is designed for versatile use across various rooms in your home, including the kitchen, dining room, living room, bathroom, home office, and laundry room. Its robust construction and thoughtful features ensure practical and reliable storage.

- **Large Capacity:** Features 5 tiers (including the top surface) for ample storage.
- **Adjustable Shelves:** Two height-adjustable shelves allow you to customize storage space for both short and tall items.
- **Secure Doors:** Four doors equipped with 8 magnets ensure secure closure, keeping contents neatly concealed.
- **Stylish Design:** Eye-catching gold handles add a touch of elegance to the cabinet's white finish.
- **Stability:** Equipped with 4 adjustable leg levelers to ensure stability on uneven surfaces.

YOUR CABINET, YOU DEFINE IT!

MAINTENANCE

The SISESOL PT cabinet is made of powder-coated steel plate, making it durable and easy to clean. Simply wipe down the surfaces with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals that could damage the finish.

TROUBLESHOOTING

If you encounter any issues during assembly or use, please refer to the detailed instruction manual included with your product. Ensure all screws are tightened and parts are correctly aligned. For persistent problems, please contact customer support.
