

LUTHXAY 28 Inch Luxury Bathroom Vanity

LUTHXAY 28 Inch Luxury Bathroom Vanity with LED Mirror Instruction Manual

Model: 28 Inch Luxury Bathroom Vanity

Brand: LUTHXAY

1. SAFETY INFORMATION

Please read all instructions carefully before assembly, installation, and use. Failure to follow these instructions may result in injury or product damage.

- Assembly may require tools and knowledge of electrical components. Always follow manufacturer's instructions to avoid injury or damage.
- Keep electrical components dry and away from heat sources.
- Do not attempt to repair or modify electrical components.
- Consult a professional if you are unsure about any aspect of assembly, usage, or maintenance.
- Ensure all connections are secure and watertight to prevent leaks.
- Use appropriate wall anchors for your wall type to ensure secure mounting.

2. PRODUCT OVERVIEW

The LUTHXAY 28 Inch Luxury Bathroom Vanity is a wall-mounted unit designed for modern bathrooms. It features a single sink, spacious storage, and an integrated LED smart defogger mirror. The vanity is constructed from multilayer solid wood and includes a durable sintered stone top.

Key Features:

- **LED Smart Defogger Mirror:** Features one-touch defogging and three touch-controlled light settings.
- **Spacious Storage:** Includes an open central shelving area and two concealed drawers for organization.
- **Durable Construction:** Sintered stone top and multilayer solid wood cabinet.
- **Soft-Closing Hardware:** Cushion damping hinges and cushioned silent slides for quiet

operation.

3. INCLUDED COMPONENTS

Please verify that all components are present and undamaged before beginning assembly.

- Vanity Cabinet
- Sink
- LED Smart Defogger Mirror
- Faucet Set
- Drain Fitting
- Hot and Cold Water Valve
- Mounting Hardware (screws, anchors)

4. INSTALLATION INSTRUCTIONS

Assembly is required. Instructions are included. For a visual guide, please refer to the installation video below.

4.1. Tools Required (Not Included):

- Measuring Tape
- Pencil
- Drill
- Hammer
- Screwdriver (Phillips and Flathead)
- Adjustable Wrench
- Level

4.2. Step-by-Step Installation:

1. **Prepare the Wall:** Use a measuring tape and pencil to mark the desired height and position for the vanity cabinet on the wall. Ensure the marks are level.
2. **Drill Pilot Holes:** Using a drill, create pilot holes at the marked locations. Insert wall anchors into the pilot holes, tapping gently with a hammer if necessary.
3. **Mount the Vanity Cabinet:** Carefully lift the vanity cabinet and align it with the drilled holes. Secure the cabinet to the wall using the provided screws and a screwdriver or drill.
4. **Install the Faucet:** Attach the faucet to the sink according to the faucet manufacturer's instructions. Ensure all connections are tightened securely to prevent leaks.
5. **Place the Sink:** Carefully position the sink onto the vanity cabinet. Ensure it is properly aligned and seated. Connect the drain fitting and hot/cold water valves to the faucet and plumbing lines.
6. **Install the Mirror Cabinet:** Mount the mirror cabinet above the vanity. Mark the desired height, drill pilot holes, insert anchors, and secure the mirror cabinet to the wall using the provided hardware. Connect any electrical wiring for the LED mirror as per local codes and manufacturer instructions.

Video 4.1: This video provides a step-by-step guide for installing the LUTHXAY Bathroom Vanity, including wall mounting, faucet assembly, and mirror cabinet setup.

5. OPERATING INSTRUCTIONS

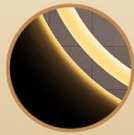

5.1. LED Smart Defogger Mirror:

The mirror features touch controls for its functions.

- **Power On/Off:** Touch the designated power icon on the mirror surface to turn the LED lights on or off.
- **Adjust Light Settings:** Repeatedly touch the light setting icon to cycle through the three available light color settings (e.g., warm, neutral, cool).
- **Defogging Function:** Touch the defogger icon to activate the built-in defogging feature. This will clear fog from the mirror surface. The defogger will typically turn off automatically after a set period or can be manually turned off by touching the icon again.

5.2. Drawer and Door Operation:

The vanity is equipped with soft-closing hardware for smooth and quiet operation.

- **Drawers:** Gently pull the drawers open. When closing, push them until the soft-close mechanism engages, allowing them to close silently.
- **Doors:** Open the cabinet doors by pulling the handle. When closing, gently push the door until the soft-close hinge engages, preventing slamming.

6. MAINTENANCE

Regular cleaning and proper care will extend the life and appearance of your vanity.

6.1. Cleaning the Sintered Stone Top:

- Wipe the surface with a soft, damp cloth and a mild, non-abrasive cleaner.
- Avoid harsh chemicals, abrasive pads, or acidic cleaners, as these can damage the finish.

- Rinse thoroughly with clean water and dry with a soft cloth to prevent water spots.

6.2. Cleaning the Mirror:

- Use a soft, lint-free cloth and a glass cleaner specifically designed for mirrors.
- Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into the edges or electrical components.
- Wipe gently until clean and streak-free.

6.3. Wood Cabinet Care:

- Wipe the wood surfaces with a soft, damp cloth.
- Avoid excessive moisture. Immediately wipe up any spills.
- Do not use abrasive cleaners or solvents that can damage the wood finish.

6.4. Hinge and Slide Maintenance:

The cushion damping hinges and cushioned silent slides are designed for durability.

- Periodically check hinges and slides for any loose screws and tighten if necessary.
- Keep them clean and free of debris. Avoid applying lubricants unless specifically recommended by the manufacturer.

Figure 6.1: The vanity is equipped with hydraulic cylinder cushion damping hinges for quiet door closure and

waterproof, durable cushioned silent slides for smooth drawer operation.

**3A GRADE EXTRA LARGE CERAMIC BASIN FIRED AT 1380°C
CAN ALWAYS KEEP BRIGHT WHITE**

**GOLD-COLORED ALL-BRASS FAUCET
HEAVY TEXTURE**

7. TROUBLESHOOTING

If you encounter issues, refer to the following common solutions:

Problem	Possible Cause	Solution
Mirror defogger not working	Power issue, defogger not activated	Ensure power is connected. Press the defogger touch button. Check electrical connections if problem persists.
LED lights not turning on	No power, light setting not selected	Verify power supply. Touch the power icon on the mirror. If still not working, consult a professional electrician.
Faucet leaks	Loose connections, worn washer	Check and tighten all water supply line connections. If leaking from the faucet body, contact a plumber or the faucet manufacturer.

Problem	Possible Cause	Solution
Drawers or doors stick	Debris in slides/hinges, misalignment	Clean slides and hinges. Check for obstructions. Adjust hinges if necessary (refer to hinge manufacturer's instructions).
Vanity feels unstable	Improper wall mounting	Ensure all mounting screws are securely fastened into appropriate wall anchors. If unsure, consult a professional installer.
