OPERATING INSTRUCTIONS

The dresser features a unique no-handle bevel design, allowing for convenient and labor-saving drawer operation. Simply use the integrated bevel to pull the drawers open. The drawers are equipped with high-quality metal slide rails, ensuring smooth and effortless opening and closing.

- **Drawer Configuration:** The dresser includes two smaller drawers at the top, ideal for accessories or smaller items, and six spacious large drawers below for clothing and other bulkier items.
- **Desktop Area:** The top surface of the dresser can be utilized to display decorations, photo frames, plants, or other personal items.

MAINTENANCE

Cleaning

The dresser's sleek surface is easy to clean. Use a soft, damp cloth with a mild cleaner to wipe down surfaces. Avoid abrasive cleaners or harsh chemicals that could damage the finish.

Care and Stability

The thickened base of the dresser enhances its durability and stability. The thickened back panel ensures privacy for your stored items and further contributes to the unit's overall stability. Regularly check the anti-tip kit to ensure it remains securely fastened to prevent accidental tipping.

Strengthen Stability

TROUBLESHOOTING

- **Off-Gassing Odor:** New furniture may sometimes have a slight odor due to manufacturing processes. To mitigate this, ensure the room is well-ventilated by opening windows and doors. The odor should dissipate over a few days.
- **Drawers Not Sliding Smoothly:** Check that the metal slide rails are clean and free from obstructions. Ensure all screws on the rails are tightened correctly and that the drawers are inserted properly into their tracks.
- **Missing Parts or Damage:** If any parts are missing or damaged upon arrival, refer to the 'Support' section for contact information to request replacements or assistance.
- **Dresser Instability:** Verify that the dresser is placed on a flat, level surface. Ensure the anti-tip kit is correctly installed and securely anchored to the wall.
