# Best Choice Products Mid-Century Modern Dining Chairs (Set of 2) Instruction Manual

**Model:** SKY7944

**Brand:** Best Choice Products

## INTRODUCTION

Thank you for choosing the Best Choice Products Mid-Century Modern Dining Chairs. This set of two upholstered dining chairs features a timeless aesthetic with a walnut finish and olive upholstery, designed to complement various decor styles. The chairs are constructed with durable rubberwood legs and offer comfortable seating with thick foam padding. This manual provides essential information for safe assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your chairs.

## SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep all packaging materials away from children and pets.
- Ensure all screws and bolts are securely tightened before using the chairs. Periodically check and re-tighten as necessary.
- Do not stand on the chairs or use them as a step stool.
- Do not exceed the maximum weight capacity of 275 lbs per chair.
- Use the chairs on a flat, level surface to prevent tipping.
- Avoid exposing the chairs to direct sunlight or extreme temperatures to prevent material damage.

## PACKAGE CONTENTS

Please verify that all components are present before beginning assembly. If any parts are missing or damaged, contact Best Choice Products customer service.

- 2 x Chair Backrests (Walnut/Olive)
- 2 x Seat Cushions (Walnut/Olive)
- 2 x Leg Frames (Black Metal)
- 1 x Hardware Pack (screws, washers, Allen wrench)

Video: A detailed guide demonstrating the assembly process for the Best Choice Products Mid-Century Modern Chair Set.

### Step-by-Step Guide

- Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a soft, clean surface to prevent scratches. Identify the chair backrests, seat cushions, leg frames, and hardware pack.
- Attach Leg Frames to Seat:** Align the leg frame with the pre-drilled holes on the underside of the seat cushion. Insert the provided screws and washers, and hand-tighten them using the Allen wrench. Do not fully tighten yet.

3. **Secure Backrest:** Position the chair backrest onto the seat and align it with the remaining pre-drilled holes on the leg frame. Insert the screws and washers, and hand-tighten them.
4. **Final Tightening and Adjustment:** Once all screws are in place for both the seat and backrest, gradually tighten all screws evenly until secure. Avoid over-tightening. Turn the chair upright and check for stability. If the chair wobbles, adjust the leveling feet on the bottom of the legs by twisting them until the chair is stable.

## OPERATING THE CHAIRS

These dining chairs are designed for comfortable seating at standard-height dining tables. Their compact design allows them to fit neatly in various dining or living spaces.

- **Seating:** Sit centrally on the seat cushion, ensuring your weight is evenly distributed.
- **Adjustable Feet:** Each chair is equipped with adjustable feet on the bottom of the legs. If your floor is uneven, twist these feet to raise or lower individual legs until the chair is stable and does not wobble.
- **Movement:** When moving the chairs, lift them rather than dragging them across the floor to prevent damage to the legs and floor surface.

## *Curved backrests* & cushioned seats

## MAINTENANCE AND CARE

---

Proper care will help maintain the appearance and extend the life of your dining chairs.

- **Cleaning Upholstery:** For general cleaning, vacuum the fabric regularly using an upholstery attachment. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner following the product instructions, testing on an inconspicuous area first.
- **Cleaning Wood Frame:** Wipe the wood frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish. Dry immediately with a clean cloth.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading of the upholstery and wood finish. Position chairs away from direct sunlight or use window coverings.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability and safety.

**Upholstery, Polyester**  
fabric woven over plush cushions

### TROUBLESHOOTING

If you encounter any issues with your chairs, refer to the following common problems and solutions:

- **Chair wobbles:** Ensure the chair is on a flat surface. Adjust the leveling feet on the bottom of each leg by twisting them until the chair is stable. Check that all assembly screws are securely tightened.
- **Loose connections:** Over time, screws may loosen. Periodically check and re-tighten all screws using the provided Allen wrench.
- **Squeaking noises:** Squeaking can often be resolved by tightening all assembly screws. If the issue persists, disassemble and reassemble the affected joint, ensuring all parts are correctly aligned and tightened.

### SPECIFICATIONS

Feature	Specification
