## SANWAY pop up canop with 4 Sidewalls

# SANWAY 10x10 Pop Up Canopy Tent with Sidewalls Instruction Manual

Model: pop up canop with 4 Sidewalls

## IMPORTANT SAFETY INFORMATION

---

Please read and understand all safety instructions before setting up or using your SANWAY Pop Up Canopy Tent. Failure to follow these instructions may result in injury or damage to the product.

- Always follow the setup and takedown instructions carefully.
- Ensure the tent is properly anchored using sandbags, stakes, and guy ropes to prevent it from tipping over in windy conditions.
- Keep a safe distance from heat sources to prevent fire hazards.
- Use the tent in well-ventilated areas to avoid carbon monoxide buildup from nearby campfires or heaters.
- Always supervise children and pets when using the tent.

## WHAT'S INSIDE THE BOX

---

Verify that all components are present before beginning assembly:

- 1 x Carry Bag
- 1 x Frame
- 1 x Canopy Top
- 4 x Canopy Side Walls
- 8 x Ground Stakes
- 4 x Guy Lines
- 4 x Sand Bags (unfilled)

Image: All components included in the SANWAY 10x10 Pop Up Canopy Tent package.

## SETUP INSTRUCTIONS

---

Follow these steps for a quick and easy setup of your canopy tent.

### Step 1: Unpacking and Initial Frame Expansion

Remove the tent frame from the carry bag. With a partner, gently pull the frame outwards from opposing corners to begin expanding it.

Your browser does not support the video tag.

Video: Demonstrates the initial easy setup process of the canopy frame.

### Step 2: Attaching the Canopy Top

Drape the canopy fabric over the partially expanded frame. Secure the four corners of the canopy top to the frame's corner supports using the integrated Velcro straps.

### Step 3: Extending the Legs and Securing

Push up on the central hub of the frame until it locks into place with the one-button locking system. Extend each leg to the desired height by pressing the leg-release button and sliding the inner leg upwards until it clicks into position. Secure the canopy fabric to the frame legs using the Velcro straps.

## Reinforced and High-Quality Canopy

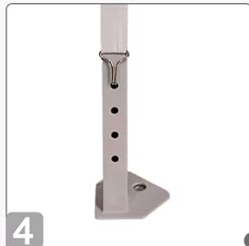

1 One Push Button

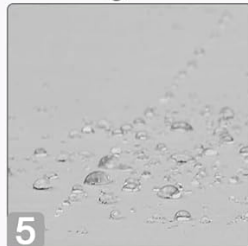

2 Abrasion-Resistant Cloth

3 Wind Proof and More Atability

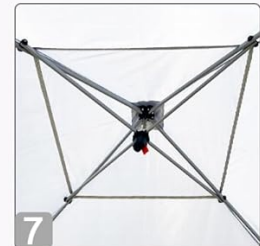

4 Hook Fastening System

5 Water Proof

6 Silver Coated Canopy

7 Reinforced and Sturdy Frame

Video: Shows the full setup process, including extending legs and securing the canopy.

### Step 4: Attaching Sidewalls (Optional)

Attach the four sidewalls to the canopy frame using the integrated fasteners. Two sidewalls feature roll-up windows, and two have zippered doors for flexible access and airflow.

# Soak in Seclusion:

Relax in your backyard hot tub—no prying eyes.

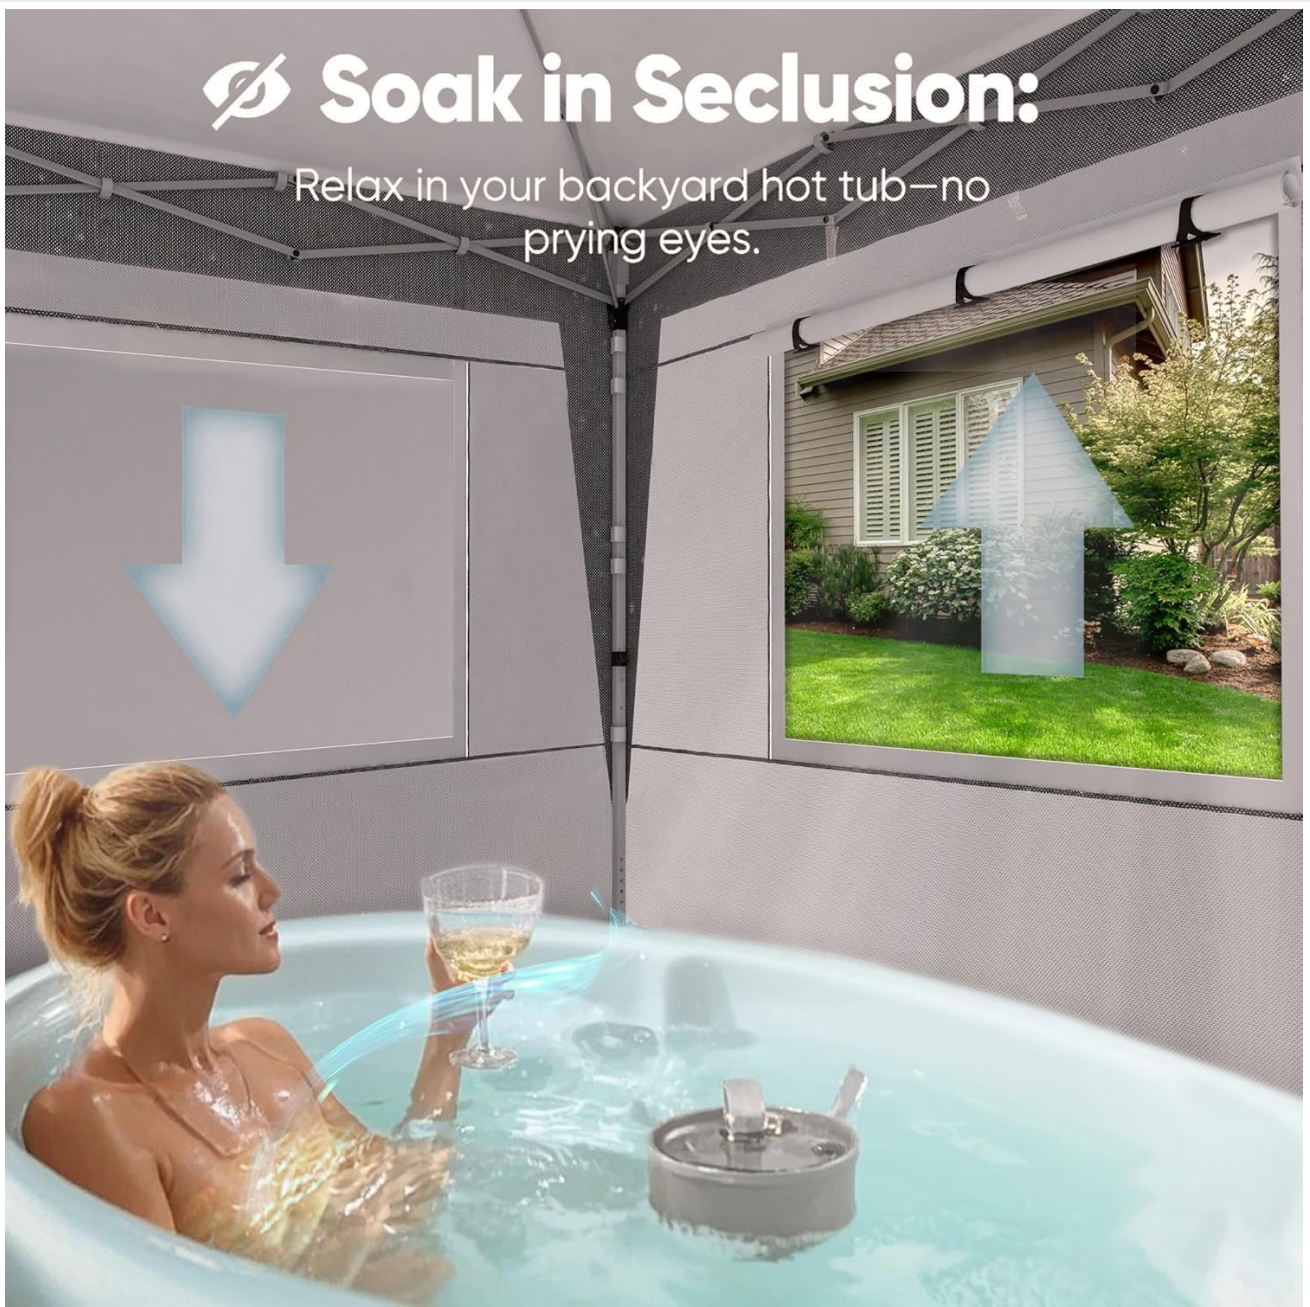

Image: The canopy tent with detachable sidewalls, featuring roll-up windows and zippered entrances.

## Step 5: Anchoring the Canopy

Fill the provided sandbags with sand and attach them to the canopy legs for added stability. Use the ground stakes and guy lines to further secure the canopy, especially in windy conditions.

Image: Sandbags are used to anchor the canopy tent legs, providing enhanced stability.

## OPERATING YOUR CANOPY TENT

---

Maximize your experience with the SANWAY Pop Up Canopy Tent by understanding its features.

### UV and Water Protection

The canopy features a silver-coated, 210D Oxford top with PU coating, providing UV-blocking and waterproof protection. This design helps keep the area underneath cooler and dry, offering UPF 50+ sun protection and heavy rain resistance.

## Fabric Details & Heavy Rain Resistance

Image: Fabric details highlighting the waterproof and UV-resistant properties of the canopy material.

## Ventilation

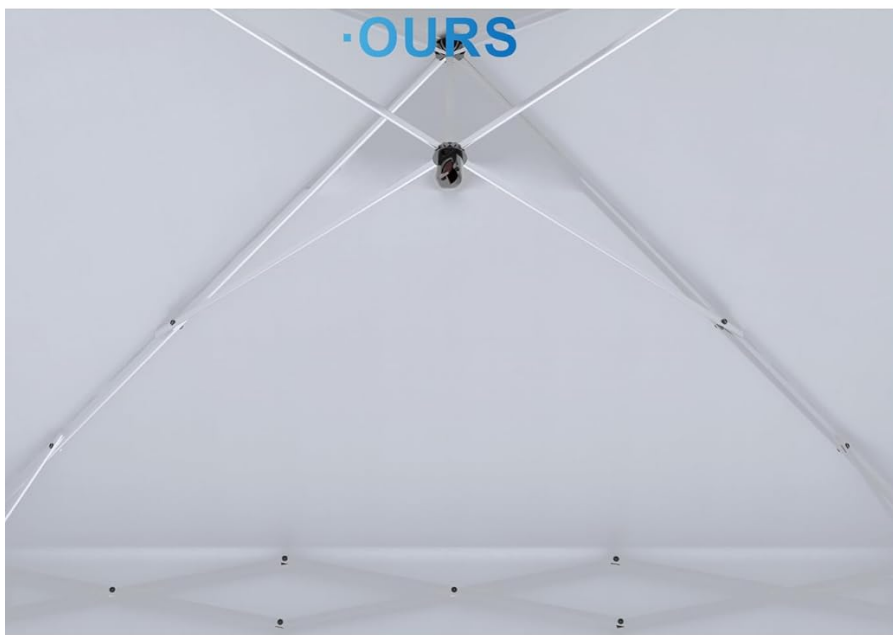

The vented top design promotes air circulation, helping to balance temperatures and prevent heat buildup, ensuring a comfortable environment.

## PU coated

PU-coated top cloth, which look swifter, but has poor light blocking effection and cannot keep cool.

**V**  
**S**

## Silver coated

Stay cool, relaxed and protected with the silver-coated UV and heat-reflective fabric that is up to 20-degrees cooler in-the-sun.

### Versatile Use

This canopy is suitable for various outdoor activities such as camping, backyard parties, beach trips, commercial events, and emergency shelters, providing a comfortable and protected space.

## MAINTENANCE AND CARE

---

Proper maintenance will extend the life and performance of your canopy tent.

- **Cleaning:** Clean the canopy fabric with mild soap and water. Do not use harsh chemicals or abrasive cleaners. Allow the fabric to air dry completely before storage to prevent mildew.
- **Frame Care:** Inspect the steel frame regularly for any signs of rust or damage. The powder-coated steel frame has an eco-friendly anti-rust coating, but proper care extends its lifespan.
- **Storage:** When not in use, collapse the canopy and store it in the provided carry bag. Ensure all components are dry before storage. Store in a cool, dry place away from direct sunlight.

## TROUBLESHOOTING

---

Refer to this section for solutions to common issues.

- **Difficulty Setting Up/Taking Down:** Ensure the frame is fully expanded or collapsed. Check that all locking mechanisms are properly engaged or disengaged. Lubricate moving parts if necessary.
- **Instability in Wind:** Always use the provided sandbags, ground stakes, and guy lines to anchor the canopy. Do not use the canopy in severe weather conditions.
- **Water Leakage:** Verify that the canopy top is correctly installed and taut. While waterproof, extreme heavy rain might test its limits.
- **Rust on Frame:** The frame has an anti-rust coating, but prolonged exposure to moisture can still cause rust. Ensure the frame is dry before storage and consider applying a rust-inhibiting spray if needed.

## PRODUCT SPECIFICATIONS

---

Feature	Detail
Brand	SANWAY
Material	Alloy Steel with 210D Silver Oxford Top
Color	Silver White (Canopy with 4 Sidewalls)
Item Weight	32 Pounds

Recommended Uses	Camping, Commercial Event, Emergency Shelter, Social Gathering, Sport Event
