# GreeSuit Frother Whisk Replacement for Ninja Coffee Makers

Model: GLK-NJFW

Brand: GreeSuit

## 1. INTRODUCTION AND OVERVIEW

This manual provides instructions for the GreeSuit Frother Whisk Replacement, designed for use with compatible Ninja Dual Brew Coffee Maker models. This replacement whisk allows users to create frothed milk for various beverages, enhancing their coffee and tea experiences.

## 2. PRODUCT FEATURES

- **Durable Construction:** Manufactured with food-grade 304 stainless steel, ensuring durability and a BPA-free experience for safe beverage preparation.
- **Efficient Design:** Designed for easy integration and use, simplifying your routine without the need for complex assembly.
- **Versatile Applications:** Capable of transforming various drinks into creamy delights, suitable for lattes, cappuccinos, cold brews, and cold foam.
- **Dual Usage for Hot and Cold Beverages:** Effectively froths both hot and cold milk, allowing for a wide range of drink preparations. Can also be used to create tea foam for tea lattes.
- **Effortless Cleaning:** Features a smooth surface that resists sticking, making it easy to clean by hand or in a dishwasher.

## 3. COMPATIBILITY

The GreeSuit Frother Whisk Replacement is compatible with the following Ninja Coffee Maker series:

- **CM9xx Series:** CF090A, CF090C, CF090C\_CF4, CF090CO, CF091, CF091\_CF4, CF091C, CF091C\_CF4, CF092, CF092W, CF092W-PHX, CF097, CF097BRN, CF097C, CF097W
- **CM40x Series:** CM400, CM400BRN, CM400C, CM401, CM401C, CM401NP, CM407, CM407BRN
- **CM30xx Series:** CP300, CP301, CP301A, CP301BRN, CP301NP, CP307, CP307B2, CP307C, CP307NP

## COMPATIBILITY

**CM9xx Series:** CF090A、CF090C、CF090C、CF4 CF090CO、CF091、CF091、CF4 CF091C  
CF091C、CF4 CF092、CF092W、CF092W-PHX、CF097、CF097BRN、CF097C、CF097W

## 4. SETUP AND INSTALLATION

To install the frother whisk, align the top square end of the whisk with the corresponding slot on your Ninja coffee maker's frothing arm. Gently push and twist until it clicks securely into place. Ensure the whisk is firmly attached before use.

Image: A hand installing the frother whisk into the frothing arm of a Ninja coffee maker.

## 5. OPERATING INSTRUCTIONS

Once installed, the frother whisk is ready for use. Place your desired amount of milk (hot or cold) in a cup or frothing pitcher. Position the cup under the frothing arm so the whisk is submerged in the milk. Activate the frothing function on your Ninja coffee maker. For increased milk foam volume, position the frother at a slight angle on the milk's surface.

# ***EASY TO USE***

## 6. CLEANING AND MAINTENANCE

---

To ensure longevity and hygiene, clean the frother whisk after each use. The whisk is designed for easy cleaning and is safe for both hand washing and dishwasher use. Its smooth surface prevents residue buildup, making it simple to rinse clean.

- **Hand Washing:** Detach the whisk from the frothing arm. Rinse under warm water and use a mild dish soap if necessary. Ensure all milk residue is removed.
- **Dishwasher:** The whisk is dishwasher safe. Place it on the top rack of your dishwasher.

## 7. TROUBLESHOOTING

---

If you encounter issues with your frother whisk, consider the following:

- **Whisk not spinning:** Ensure the whisk is correctly installed and securely attached to the frothing arm. Check for any obstructions.
- **Insufficient froth:** Verify that you are using fresh milk. Cold milk generally froths better than warm milk for cold foam. For hot froth, ensure the milk is adequately heated before frothing.
- **Difficulty cleaning:** Clean the whisk immediately after use to prevent milk residue from drying and hardening.

## 8. SPECIFICATIONS

- **Model Number:** GLK-NJFW
- **Manufacturer:** GreeSuit
- **Material:** Food-grade 304 Stainless Steel (BPA-free)
- **Package Dimensions:** 5 x 2 x 2 inches
- **Item Weight:** 3.98 ounces
