

Sekey KW-3

Sekey KW-3 Wagon Stroller for 2 Kids Instruction Manual

Model: KW-3 | Brand: Sekey

1. INTRODUCTION

Thank you for choosing the Sekey KW-3 Wagon Stroller. This manual provides essential information for the safe assembly, operation, maintenance, and troubleshooting of your new stroller wagon. Please read all instructions carefully before use and retain this manual for future reference.

2. SAFETY INFORMATION

Your child's safety is paramount. Always follow these guidelines:

- Never leave children unattended in the wagon.
- Always use the 5-point safety harness for each child. Ensure straps are adjusted snugly.
- Do not exceed the maximum weight recommendation of 100 pounds (approximately 45 kg) for the entire wagon. Each seat has a maximum load of 33 lbs (15 kg).
- Ensure the wagon is fully unfolded and locked before placing children inside.
- Engage the brakes when parking the wagon.
- Keep hands and fingers clear of moving parts during folding and unfolding.
- This product is US Certified, meeting safety standards for children's products.

4-Layer Safety Shield

3. ASSEMBLY AND SETUP

The Sekey KW-3 Wagon Stroller is designed for straightforward assembly. Follow these steps:

1. **Unfolding the Wagon:** Release the folding latch and pull the frame upwards until it clicks into place, indicating it is fully open.
2. **Attaching Wheels:** Insert the wheels into their designated slots on the frame until they lock securely. Ensure all wheels are firmly attached before use.
3. **Installing Seats:** Place the convertible seats into the wagon interior. Secure them using the integrated fasteners.
4. **Attaching Canopy:** Slide the canopy poles into the receivers on the wagon frame. Attach the canopy fabric to the poles.
5. **Adding Accessories:** Attach the snack tray, cooler bag, and other storage bags as desired to their respective attachment points.

EASY TO FOLD & UNFOLD

4. OPERATING INSTRUCTIONS

Familiarize yourself with the various features for optimal use:

- **Adjusting the Handle:** The push handle features a 5-level height adjustment. Press the buttons on the sides of the handle and adjust to your desired height.
- **Canopy Adjustment:** The UPF50+ canopy can be tilted to provide optimal shade for your children. Adjust its angle as needed to block direct sunlight.
- **Securing Children:** Place each child in a seat and fasten the 5-point harness. Ensure the shoulder straps and waist straps are snug and the buckle is securely latched.
- **Snack Tray and Cup Holders:** The removable snack tray can be placed between the seats for easy access to snacks and drinks. Utilize the integrated cup holders for beverages.
- **Dual Access Doors:** The wagon features front and rear 'Bunny Doors' allowing children to easily enter and exit the wagon independently.
- **Braking System:** To engage the brakes, press down firmly on the easy-press brake pedals located near the

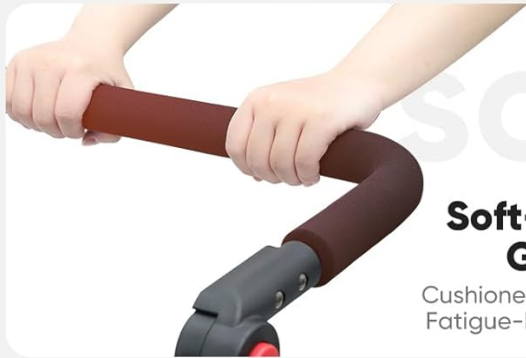

rear wheels. Ensure both brakes are engaged when stationary.

5. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your wagon stroller:

- **Cleaning Fabric:** The fabric components (100% Polyester) can be spot cleaned with mild soap and water. Allow to air dry completely. Do not machine wash or bleach.
- **Cleaning Frame:** Wipe the alloy steel frame with a damp cloth. Dry thoroughly to prevent rust.
- **Wheel Maintenance:** Periodically check the wheels for debris and ensure they rotate freely. Clean any dirt or hair from the axles.
- **Storage:** When not in use, fold the wagon stroller using its slim-fold design and store it in a dry, cool place away from direct sunlight.

6. TROUBLESHOOTING

If you encounter any issues, refer to the following common solutions:

- **Wagon does not fold/unfold smoothly:** Ensure all accessories (seats, canopy, snack tray) are removed. Check for any obstructions in the folding mechanism.
- **Wheels are stiff or squeaky:** Clean the wheels and axles thoroughly. A small amount of silicone-based lubricant can be applied to the axle if needed.
- **Harness is difficult to adjust:** Ensure the straps are not twisted. Refer to the assembly section for proper harness installation and adjustment.
- **Wagon pulls to one side:** Check that all wheels are securely attached and inflated (if applicable, though these are EVA wheels). Ensure no debris is caught in the wheel mechanism.

For issues not covered here, please contact customer support.
