2. Safety Information

Your safety is paramount. Please read and follow all safety instructions carefully before assembly and use.

- **Anti-Tipping Device:** This dresser is equipped with an anti-tipping device. It is crucial to install this device securely to a wall to prevent accidental tipping, especially in households with children or pets. Failure to do so can result in serious injury.
- **Weight Limits:** The thickened tabletop can support up to 150 lbs. Each individual drawer can hold up to 25 lbs. Do not exceed these weight limits to ensure stability and prevent damage.
- **Placement:** Place the dresser on a flat, level surface. Avoid placing it in areas with high humidity or direct sunlight, which can affect the wood's integrity.
- **Assembly:** Assemble the dresser in the room where it will be used, as the assembled unit is heavy and

difficult to move. Ensure all screws and fasteners are tightened securely before use.

3. Package Contents

Before beginning assembly, verify that all parts and hardware are present. Refer to the detailed installation instructions included in the package for a complete list and coded identification of each component.

Expected Components:

- Dresser Panels (Top, Bottom, Sides, Back)
- Drawer Fronts, Sides, and Bottoms
- Tapered Legs
- Drawer Slides and Runners
- Assembly Hardware (Screws, Dowels, Cam Locks, etc.)
- Anti-Tipping Kit
- Detailed Installation Manual

4. Assembly Instructions (Setup)

Assembly is required for this dresser. Follow the step-by-step instructions provided in the included manual. Precise holes are designed to make installation accurate and faster.

General Assembly Steps:

1. **Unpack and Identify:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a blanket or cardboard) to prevent scratches. Identify each part using the coded labels and the provided parts list.
2. **Assemble the Frame:** Begin by assembling the main frame of the dresser according to the manual's diagrams. Ensure all connections are secure.
3. **Attach Legs:** Securely attach the four sturdy tapered legs to the bottom of the dresser frame.
4. **Assemble Drawers:** Assemble each of the six drawers individually. Pay close attention to the orientation of the drawer fronts and sides, especially for the unique fluted panel design. Ensure the screws for the drawer slides are flush to allow for smooth gliding.
5. **Install Drawers:** Carefully install the assembled drawers into the dresser frame. Ensure they slide smoothly and align correctly.
6. **Install Anti-Tipping Device:** This is a critical step. Follow the instructions to securely attach the anti-tipping device to the back of the dresser and to a wall stud.

5. Usage (Operating)

The RedLemon 6-Drawer Dresser is designed for efficient storage and display.

- **Spacious Drawers:** The dresser features six large capacity drawers, each with interior dimensions of approximately 25" W x 11.8" D x 5.7" H. These provide ample storage space for clothing, blankets, bedding, pillows, and other personal items, helping to keep your space neat and organized.
- **Smooth Sliding:** The drawers are equipped with ball-bearing slides for smooth and quiet operation.
- **Ample Tabletop:** The generous 54" W x 15.6" D tabletop provides a perfect surface for displaying decorative items such as photos, art, lamps, plants, or an antique clock.

6. Care and Maintenance

Proper care will help maintain the beauty and longevity of your RedLemon dresser.

- **Cleaning:** Wipe the dresser with a dry, soft cloth. Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the finish.
- **Spills:** Immediately wipe up any spills with a clean, dry cloth to prevent water marks or staining.
- **Sunlight and Heat:** Avoid placing the dresser in direct sunlight or near heat sources (e.g., radiators, fireplaces) to prevent fading, warping, or cracking of the wood.
- **Humidity:** Maintain a consistent humidity level in the room to prevent the wood from expanding or contracting.
- **Moving:** When moving the dresser, always lift it rather than dragging it to prevent damage to the legs and frame.

7. Troubleshooting

Here are solutions to common issues you might encounter:

Drawers Not Sliding Smoothly:

- **Check Screws:** Ensure all screws attaching the drawer slides to both the drawer and the dresser frame are fully tightened and flush. Protruding screws can obstruct smooth movement.
- **Alignment:** Verify that the drawer slides are correctly aligned on both sides of the drawer and the frame. Slight adjustments may be needed.
- **Overload:** Ensure drawers are not overloaded, as this can impede smooth operation. Refer to the weight limits in the Safety Information section.

Dresser Wobbles:

- **Level Surface:** Ensure the dresser is placed on a completely flat and level surface.
- **Tighten Fasteners:** Re-check and tighten all assembly fasteners throughout the dresser frame.
- **Legs:** Confirm that all legs are securely attached and evenly making contact with the floor.
