- AKALULI AI Voice Recorder (Model: L816-64G)

- Charging Cable
- Magnetic Ring
- A-to-C Adapter
- User Manual

All items included in your AKALULI AI Voice Recorder package.

3. PRODUCT OVERVIEW

The AKALULI AI Voice Recorder is designed for ease of use and portability. Its compact size and magnetic back allow for convenient attachment to your smartphone or other metallic surfaces.

The AKALULI AI Voice Recorder (L816-64G) and its companion smartphone app.

Key Features:

- **AI-Powered Transcription:** Real-time speech-to-text in 59 languages.
- **Smart Summarization:** Utilizes ChatGPT for concise summaries and mind maps.
- **Magnetic Design:** Easily attaches to your phone for convenient recording.
- **App Control:** Seamless control and file management via dedicated iOS/Android app.
- **Noise Cancellation:** Built-in stereo microphone with noise reduction for clear audio.
- **Large Storage:** 64GB internal memory, supporting up to 480 hours of recording.

Your Do-It-All Smart AI Voice Recorder

Overview of the AKALULI AI Voice Recorder's comprehensive features.

4. SETUP

4.1 Charging the Device

Before first use, fully charge your AKALULI AI Voice Recorder. Connect the provided charging cable to the device's USB-C port and plug the other end into a USB power adapter (not included) or a computer's USB port. The screen will indicate charging status.

4.2 Power On/Off

- **Power On:** Slide the power switch to the 'ON' position. The screen will light up.
- **Power Off:** Slide the power switch to the 'OFF' position. The device will shut down.

4.3 App Installation & Bluetooth Connection

To unlock the full potential of your recorder, download the companion app and connect via Bluetooth:

1. **Download the App:** Search for "AI DVR Link" in the Apple App Store (for iOS) or Google Play Store (for Android) and install it on your smartphone.
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Pair the Device:** Open the "AI DVR Link" app. The app will guide you through the pairing process. Look for 'L816' in the list of available devices and select it to connect.

Privacy Protection

We prioritize protecting your privacy with local data encryption. Your data is only kept on your recorder and APP, no cloud storage offered so you don't have to worry about data leaks

Local Data
Encrypted

Data Upload &
Processing at Your
Authorization

Download the 'AI DVR Link' app from your device's app store to connect and manage your recordings.

5. OPERATING INSTRUCTIONS

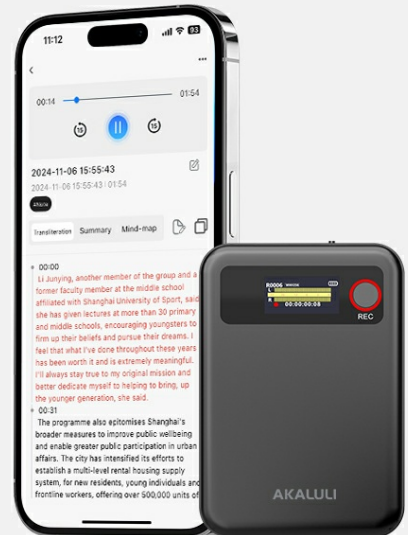

5.1 Recording Audio

You have two primary methods for recording:

- **One-Key Recording on Device:** Simply press the 'REC' button on the device to start recording. Press it again to pause, and long-press to save the recording.
- **App Control Recording:** Open the 'AI DVR Link' app on your smartphone. Navigate to the recording interface and tap the record button within the app. You can also pause and save recordings directly from the app.

Real-time Online Transcription

98% Transcriptions Accuracy | Support 59 Languages

Choose between direct device control or convenient app control for your recording needs.

5.2 Transcription & Summarization

After recording, your audio files will automatically sync with the 'AI DVR Link' app. From there, you can:

1. **Select File:** Choose the recorded audio file you wish to transcribe or summarize.
2. **Choose Language:** Select from 59 supported languages for transcription accuracy.
3. **Generate Transcription:** The app will process the audio into text, providing a highly accurate transcription.

4. **Summarize & Mind Map:** Utilize the ChatGPT-powered features to generate concise summaries or visual mind maps of your content.

Smart Summary with ChatGPT
