DWVO MADWVnQtmF

DWVO King Size Floating Bed Frame User Manual

Model: MADWVnQtmF

1. PRODUCT OVERVIEW

The DWVO King Size Floating Bed Frame is designed to provide a modern aesthetic with practical features. It includes integrated LED lighting, a built-in charging station with USB ports and AC outlets, and a robust metal construction for durability. The unique floating design conceals the support legs, creating a visually striking appearance while ensuring stability.

2. SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Ensure all components are present and undamaged before beginning assembly.
- Do not overtighten screws during assembly to avoid stripping or damaging parts.
- Keep small parts away from children during assembly.
- Do not exceed the maximum weight capacity of 1,100 pounds.
- Ensure the power cord for the LED lights and charging station is routed safely to prevent tripping hazards.
- Only use the provided power adapter for the LED lights and charging station.

3. PACKAGE CONTENTS

Before assembly, verify that all parts listed below are included in your package. Refer to the assembly manual for a detailed list of hardware and components.

- Bed Frame Components (Headboard, Side Rails, Footboard, Support Legs)
- Metal Slats
- LED Light Strip with Remote Control
- Built-in Charging Station (2 AC Outlets, 2 USB Ports)
- Assembly Hardware (Screws, Bolts, Wrenches)
- Anti-slip Clips for Mattress
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly of the DWVO King Size Floating Bed Frame is designed to be straightforward with clear instructions and labeled parts. No box spring is needed for this platform bed.

4.1 Assembly Steps

1. **Unpack and Organize:** Lay out all components and hardware on a clean, flat surface. Verify all parts against the included parts list.
2. **Assemble Frame Sections:** Connect the main frame components according to the diagrams in the assembly manual. Ensure all bolts are securely tightened.
3. **Install Support Legs:** Attach the 9 adjustable support legs to the designated points on the frame.
4. **Place Metal Slats:** Position the 10 metal slats across the frame. The noise-reducing strips on the center bar help ensure a quiet sleeping environment.
5. **Install Charging Station:** Secure the built-in charging station to the designated location on the bed frame.
6. **Attach LED Light Strip:** Adhere the 19.6 ft (5.9m) LED light strip to the underside of the bed frame. Use the provided clips and Velcro straps to ensure secure placement, especially around corners.
7. **Secure Mattress:** Use the four anti-slip clips to prevent your mattress from shifting.

5. OPERATING INSTRUCTIONS

5.1 LED Lighting System

The integrated RGB LED light strips allow you to customize your room's ambiance. The system is controlled via the included remote control.

- **Power On/Off:** Press the power button on the remote to turn the lights on or off.
- **Color Selection:** Choose from 20 static colors using the color buttons on the remote.
- **Dynamic Modes:** Select from 22 dynamic modes (e.g., flash, fade, strobe) to create different lighting effects.
- **Brightness Adjustment:** Use the brightness up/down buttons to adjust the intensity of the lights.

- **Speed Adjustment:** For dynamic modes, use the speed buttons to increase or decrease the transition speed.

5.2 Built-in Charging Station

The bed frame features a convenient charging station with 2 standard AC outlets (125V/12A) and 2 USB ports (5V/2A) to power your devices directly from your bed.

- **Connecting Devices:** Plug your device's power adapter into an AC outlet or a USB cable into a USB port.
- **Power Source:** Ensure the bed frame's main power cord (6.56 ft/2m) is plugged into a functional wall outlet.

6. MAINTENANCE

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or solvents that may damage the powder-coated finish.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary.
- **LED Strip Care:** Ensure the LED strip remains securely attached. If any part begins to peel, re-secure it with appropriate adhesive or clips.
- **Charging Station:** Keep the charging ports free of dust and debris. Do not expose the charging station to liquids.

7. TROUBLESHOOTING

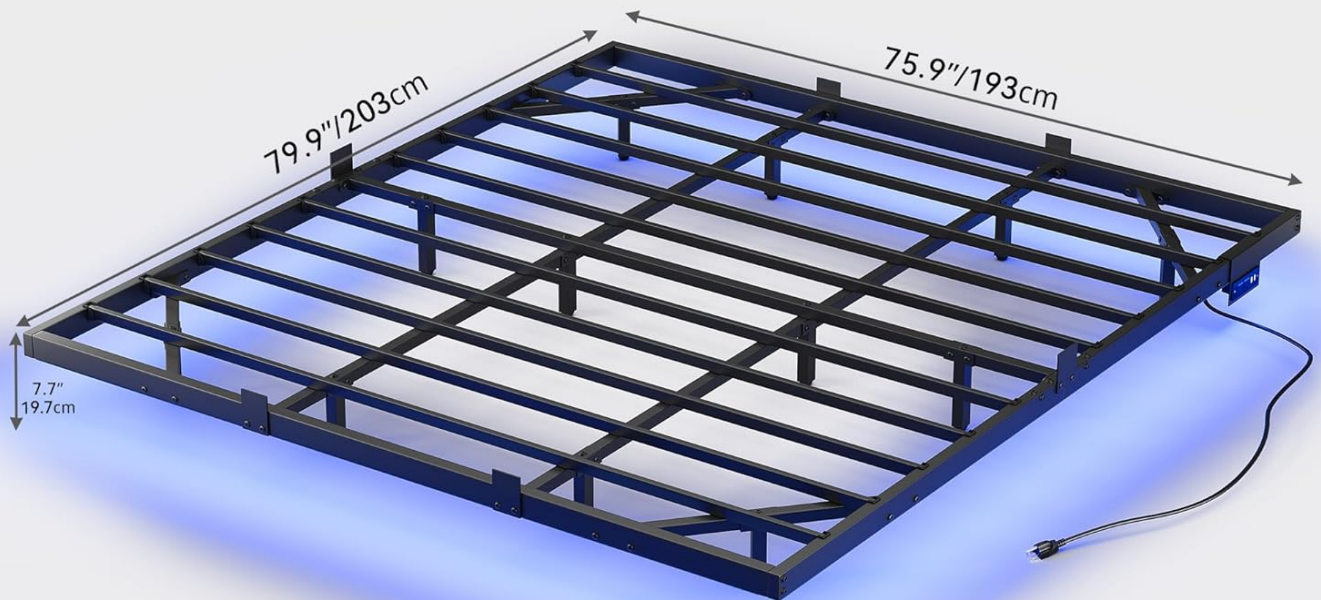

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
LED lights not turning on.	Power cord unplugged; Remote control battery dead; LED strip disconnected.	Ensure power cord is securely plugged in. Replace remote battery. Check LED strip connection to the power source.
Charging station not working.	Bed frame power cord unplugged; Device not properly connected.	Verify the bed frame's main power cord is plugged into a live outlet. Ensure devices are correctly plugged into the AC outlets or USB ports.
Bed frame is squeaking or unstable.	Loose bolts; Uneven floor; Slats not properly seated.	Retighten all assembly bolts. Ensure the bed is on a level surface. Check that all metal slats are correctly positioned and secured.
Mattress is slipping.	Anti-slip clips not installed or improperly positioned.	Ensure all four anti-slip clips are correctly installed and gripping the mattress.
