Powerffy Knight 10

Powerffy Knight 10 Cordless Vacuum Cleaner User Manual

Model: Knight 10 | Brand: Powerffy

INTRODUCTION

Thank you for choosing the Powerffy Knight 10 Cordless Vacuum Cleaner. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new appliance. The Powerffy Knight 10 is designed for comprehensive home cleaning, featuring a powerful 550W brushless motor, 45KPA suction, and a multi-stage filtration system. Its cordless design offers flexibility and ease of use across various surfaces.

SETUP

Assembly

- 1. Attach the Telescopic Tube:** Insert the telescopic tube into the main body until it clicks securely.
- 2. Install the Floor Brush:** Connect the "V" shape anti-tangle floor brush to the other end of the telescopic tube, ensuring it locks into place.
- 3. Insert the Battery:** Slide the 8*2500 mAh battery into the designated slot on the main body until it clicks.
- 4. Optional Attachments:** For handheld use or specific cleaning tasks, attach the crevice brush or wide flat brush directly to the main body or the telescopic tube.

Charging

Before first use, fully charge the battery. The vacuum cleaner comes partially charged (around 75%).

- Connect the charger to the charging port on the main body or directly to the battery if removed.
- Plug the charger into a power outlet.
- The LED display will indicate charging status. A full charge typically takes 4 hours.
- For convenient storage and charging, use the provided wall mount. Secure the wall mount to a suitable location using the included screws and expansion plugs.

7-Stage Multi-Cone Filtration System

Built-in aromatherapy tablet

OPERATING INSTRUCTIONS

Power Modes and LED Display

The Powerffy Knight 10 features three adjustable suction modes (Eco/Mid/Max) to suit different cleaning needs. The smart LED screen monitors the power mode, remaining run time, and maintenance alerts.

- Press the power button to turn the vacuum on/off.
- Use the mode selection button to cycle through Eco, Mid, and Max suction levels.
- The vacuum remembers the last used suction level and defaults to it upon restart.

Upgraded 550W Brushless Motor

Green LED Laser Illumination

The upgraded floor brush is equipped with green LED laser illumination to reveal invisible dust and debris on hard floors,

ensuring a thorough clean.

One-pull Dust Cup Emptying

Image: The green LED light on the vacuum head illuminates dust particles on the floor.

Built-in Aromatherapy System

To enhance your cleaning experience, the vacuum cleaner includes a built-in aromatherapy piece. Insert one of the provided aromatherapy tablets to release a fresh scent while vacuuming.

Long Running Time

8*2500mAh

Up to 60Mins

4Hs Fast Charge

MAINTENANCE

Filter Cleaning and Replacement

The 7-stage multi-cone filtration technology ensures efficient dust capture. Regularly clean the filters to maintain optimal suction performance. The package includes 3 HEPA filters (1 installed, 2 for replacement).

- Remove the dust cup and separate the filters.
- Tap off loose dust or rinse the filters under cold water. Ensure they are completely dry before reassembling.
- Replace HEPA filters every 3-6 months, or as needed, depending on usage.

Anti-Tangle Brush Roller Maintenance

The anti-tangle V-shaped roller is designed to minimize hair entanglement. However, periodic inspection and cleaning are recommended.

- To remove the roller, locate the release mechanism on the side of the floor brush.
- Use the small cleaning tool to cut and remove any tangled hair or debris from the roller.
- Reinsert the roller until it clicks into place.

TROUBLESHOOTING

If you encounter any issues with your Powerffy Knight 10, please refer to the following common solutions:

- **No Power:** Ensure the battery is fully charged and correctly installed. Check the charger connection.
- **Reduced Suction:**
 - Empty the dust cup if it's full.
 - Clean or replace the HEPA filters.
 - Check the telescopic tube and floor brush for blockages.
 - Ensure the brush roller is free of tangled hair.
- **Brush Roller Not Spinning:** Check for obstructions in the brush head. Ensure the brush roller is correctly installed.
- **Short Battery Life:** Ensure the battery is fully charged. Operating in Max mode will consume battery faster. Consider purchasing a second battery for extended runtime.

For further assistance, please contact Powerffy customer service.

SPECIFICATIONS

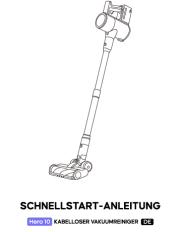

Feature	Detail
Brand	Powerffy
Model Name	Knight 10
Motor	550W 45KPA Brushless Motor
