## Vaydeer FM9048

# Vaydeer S5 Pro Mouse Jiggler User Manual

Model: FM9048

## 1. INTRODUCTION

---

The Vaydeer S5 Pro Mouse Jiggler is a device designed to prevent your computer from entering sleep mode or activating screen savers by simulating subtle mouse movements. It features app control, a timer function, and multiple movement modes, ensuring your system remains active without constant manual intervention. This device is plug-and-play, driver-free, and recognized by your computer as a standard mouse, making it undetectable by IT departments.

## 2. SAFETY INFORMATION

---

- Do not disassemble or attempt to repair the device.
- Keep the device away from water, moisture, and extreme temperatures.
- Use only the provided Type-C cable for connection.
- Turn off the mouse jiggler when you need to use your physical mouse to avoid interference.

## 3. PACKAGE CONTENTS

---

Please check the package for the following items:

- Vaydeer S5 Pro Mouse Jiggler Device
- Type-C USB Cable
- USB-C to USB-A Adapter (may be included depending on package)

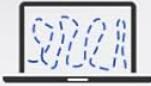

## 4. PRODUCT OVERVIEW

---

The Vaydeer S5 Pro features a sleek metal design with an integrated LED display and control buttons for easy operation.

## User-friendly Status Display

Figure 4.2: Detailed view of the user-friendly LED status display on the Vaydeer S5 Pro Mouse Jiggler, indicating various operational statuses.

## Device Components:

- **ON/OFF Button:** Powers the device on or off.
- **Mode/Timer Button:** Cycles through movement modes and timer settings.
- **LED Display:** Shows real-time settings, including Wi-Fi status, mouse track status, timer status, firmware update status, and timer countdown.
- **USB Connector:** For connecting to your computer.

## 5. SETUP

---

1. **Connect the Device:** Plug the Vaydeer S5 Pro Mouse Jiggler into an available USB port on your computer using the provided Type-C cable. If your computer only has USB-C ports, use the included USB-C adapter.
2. **Power On:** Press the ON/OFF button on the device. The LED display will illuminate, and the device will begin operating.
3. **Driver-Free Operation:** The device is plug-and-play and does not require any software or driver installation. Your computer will recognize it as a standard mouse.

## 6. OPERATING INSTRUCTIONS

---

### 6.1 Basic Operation

- **Turning On/Off:** Press the dedicated ON/OFF switch on the device to start or stop the mouse jiggle function.

- **LED Display:** The bright LED display shows the current operational status, including the active movement mode, timer settings, and connectivity status.

## 6.2 Movement Modes

The device offers multiple movement modes to simulate different mouse activities. Press the Mode/Timer button to cycle through these options:

- **Large Scale Random Movement:** Simulates broad, unpredictable cursor movements.
- **Small Scale Random Movement:** Simulates subtle, localized cursor movements.
- **Jitter Mode:** Provides very slight, almost imperceptible cursor movements.

## 6.3 Timer Function

The Vaydeer S5 Pro includes a timer function for scheduled operation. Press the Mode/Timer button (or a dedicated timer button if present) to set the desired running time. The device can be set to shut off automatically after 1-8 hours or run continuously.

# Scheduled Turn Off

8-stage turn off countdown arouses no suspicion

**NOTICE:** APP supports 10 stage turnoff timer: 1/2/3/4/5/6/7/8/9/10H

Figure 6.2: Visual representation of the scheduled turn-off feature, allowing users to set the device to stop after a specified duration.

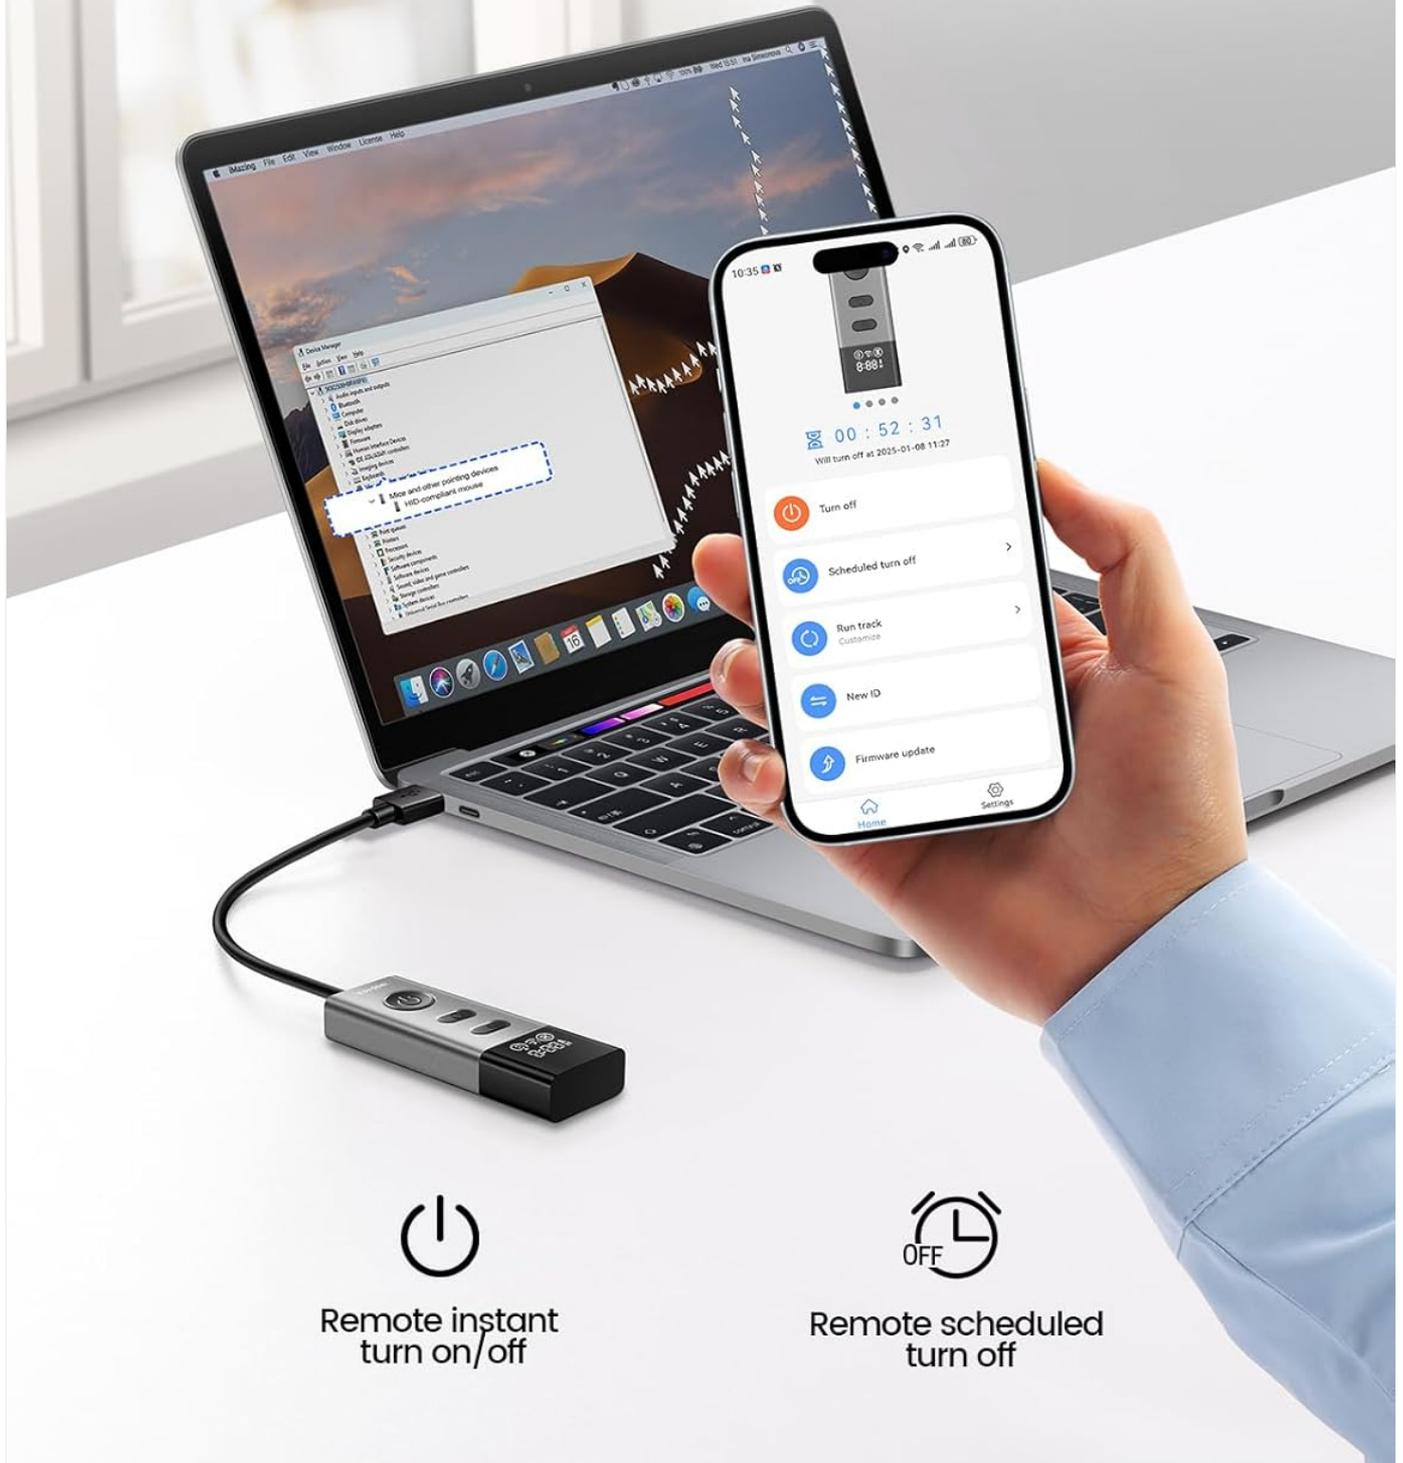

## 6.4 App Control

For enhanced control and customization, download the Vaydeer app. The app allows you to:

- **Remote ON/OFF:** Control the device remotely.

- **Customize Pause Time:** Adjust intervals between movements.
- **Set Running Time:** Define how long the jiggle operates.
- **Scheduled Shutdown:** Program the device to turn off automatically after 1-8 hours (or continuously). The app supports 10-stage turn-off timers (1/2/3/4/5/6/7/8/9/10H).
- **Customizable Tracks:** Draw your own mouse movement patterns within the app.
- **Firmware Updates:** Check for and apply firmware updates.
- **Change USB ID:** The app allows changing the USB ID, which can be useful if IT departments attempt to block the device.

## 7. MAINTENANCE

- **Cleaning:** Wipe the device with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the device in a cool, dry place when not in use.

- **Cable Care:** Do not bend or crimp the USB cable excessively to prevent damage.

## 8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not turning on / LED display off.	Not properly connected to USB port or insufficient power.	Ensure the USB cable is securely plugged into both the device and the computer. Try a different USB port.
Mouse cursor not moving.	Device is off, in a paused state, or a conflicting mouse is active.	Press the ON/OFF button to ensure the device is active. Check the LED display for status. Ensure your physical mouse is not being used simultaneously, as this can interfere.
Cannot use physical mouse while juggler is active.	This is expected behavior. The juggler simulates mouse input.	Turn off the Vaydeer S5 Pro Mouse Jiggler using its ON/OFF switch when you need to use your physical mouse.
App not connecting to the device.	Wi-Fi connectivity issues or incorrect app settings.	Ensure your device's Wi-Fi is enabled and connected to the same network as your smartphone. Check app permissions and restart the app if necessary.

## 9. SPECIFICATIONS

Feature	Detail
Model Number	FM9048
Connectivity	USB (Type-C cable included, USB-C to USB-A adapter may be included)
Operating System Compatibility	Windows 7/8/10, iOS, Linux, Mac OS
Control Methods	On-device buttons, Mobile App (Wi-Fi)
Features	LED Display, Multiple Movement Modes, Timer Function (1-8 hours), Customizable Tracks via App, Remote ON/OFF, Scheduled Shutdown, Changeable USB ID
