1. INTRODUCTION

The JLab JBuds Mini Tones are true wireless Bluetooth earbuds designed for compact size and robust performance. These earbuds offer a range of features to enhance your audio experience, whether for music, podcasts, or calls.

Key features include:

- **Compact Design:** Significantly smaller earbuds and charging case for enhanced portability.
- **Extended Playtime:** Up to 5.5 hours per earbud, with a total of 20 hours using the charging case.
- **Bluetooth Multipoint:** Seamlessly connect and switch between two devices simultaneously.
- **IP55 Rating:** Sweat and dustproof for durability during active use.
- **JLab App Customization:** Personalize sound settings, touch controls, and Be Aware Audio.
- **Be Aware Audio:** Allows ambient noise to be heard for situational awareness.
- **Crystal Clear Calls:** MEMS microphones in each earbud reduce background noise for clear communication.

2. WHAT'S IN THE BOX

Your JLab JBuds Mini Tones package includes the following items:

- JBuds Mini Earbuds
- Wireless Charging Case
- 3 Sets of Silicone Gel Tips (various sizes)
- User Manual (this document)

INCLUDES

- JBuds Mini 5.5+ hours each
- Charging case
- 3 sets gel eartips

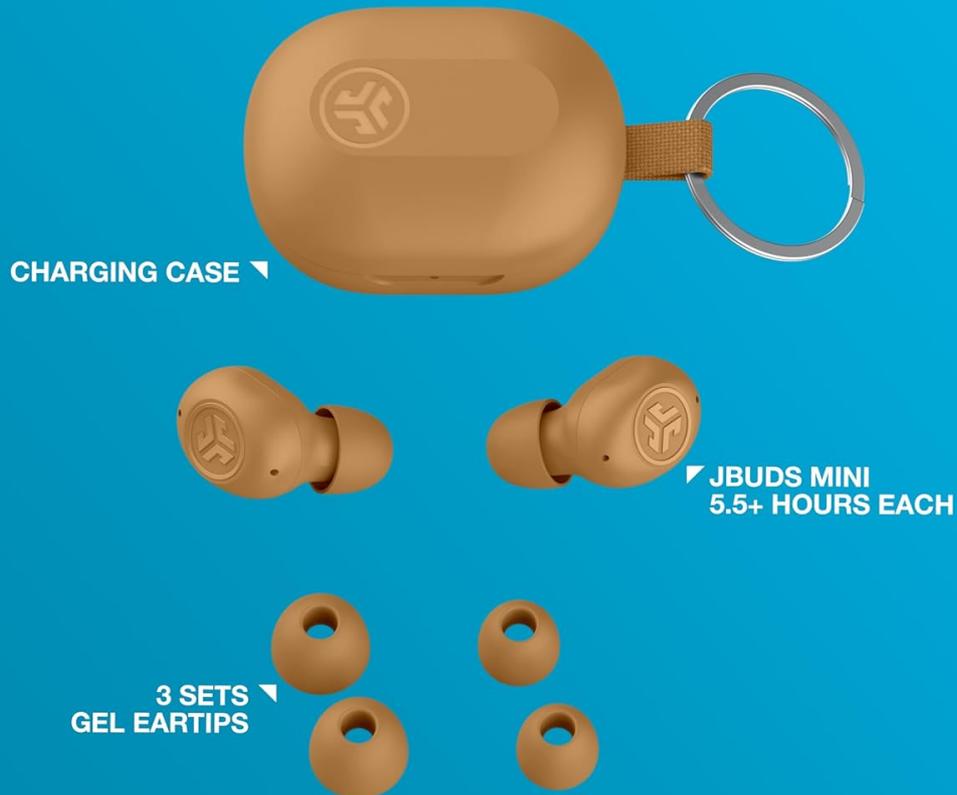

Figure 2.1: Included components: JBuds Mini earbuds, charging case, and three sets of silicone gel tips.

3. SETUP

3.1 Charging the Earbuds and Case

Before first use, fully charge your JBuds Mini. The charging case provides additional power for on-the-go use.

- Place the earbuds into the charging case.
- Connect the charging case to a USB-C power source using the provided cable.
- The earbuds offer approximately 5.5 hours of playtime, with the charging case extending total playtime to 20 hours.

3.2 Initial Pairing

To pair your JBuds Mini with a device:

1. Remove both earbuds from the charging case. They will automatically enter pairing mode.
2. On your device (smartphone, laptop, etc.), open Bluetooth settings.
3. Select "JBuds Mini" from the list of available devices.

4. Once connected, you will hear an audio prompt confirming successful pairing.

3.3 Bluetooth Multipoint Connection

The JBuds Mini support Bluetooth Multipoint, allowing simultaneous connection to two devices.

1. Pair with your first device as described in section 3.2.
2. Disable Bluetooth on the first device. The earbuds will re-enter pairing mode.
3. Pair with your second device.
4. Re-enable Bluetooth on the first device. The earbuds will now be connected to both devices.
5. Audio will automatically switch between devices based on active playback.

3.4 Optimal Fit

Selecting the correct ear tip size is crucial for comfort and sound quality. Experiment with the three included silicone gel tip sizes to find the best fit for your ears.

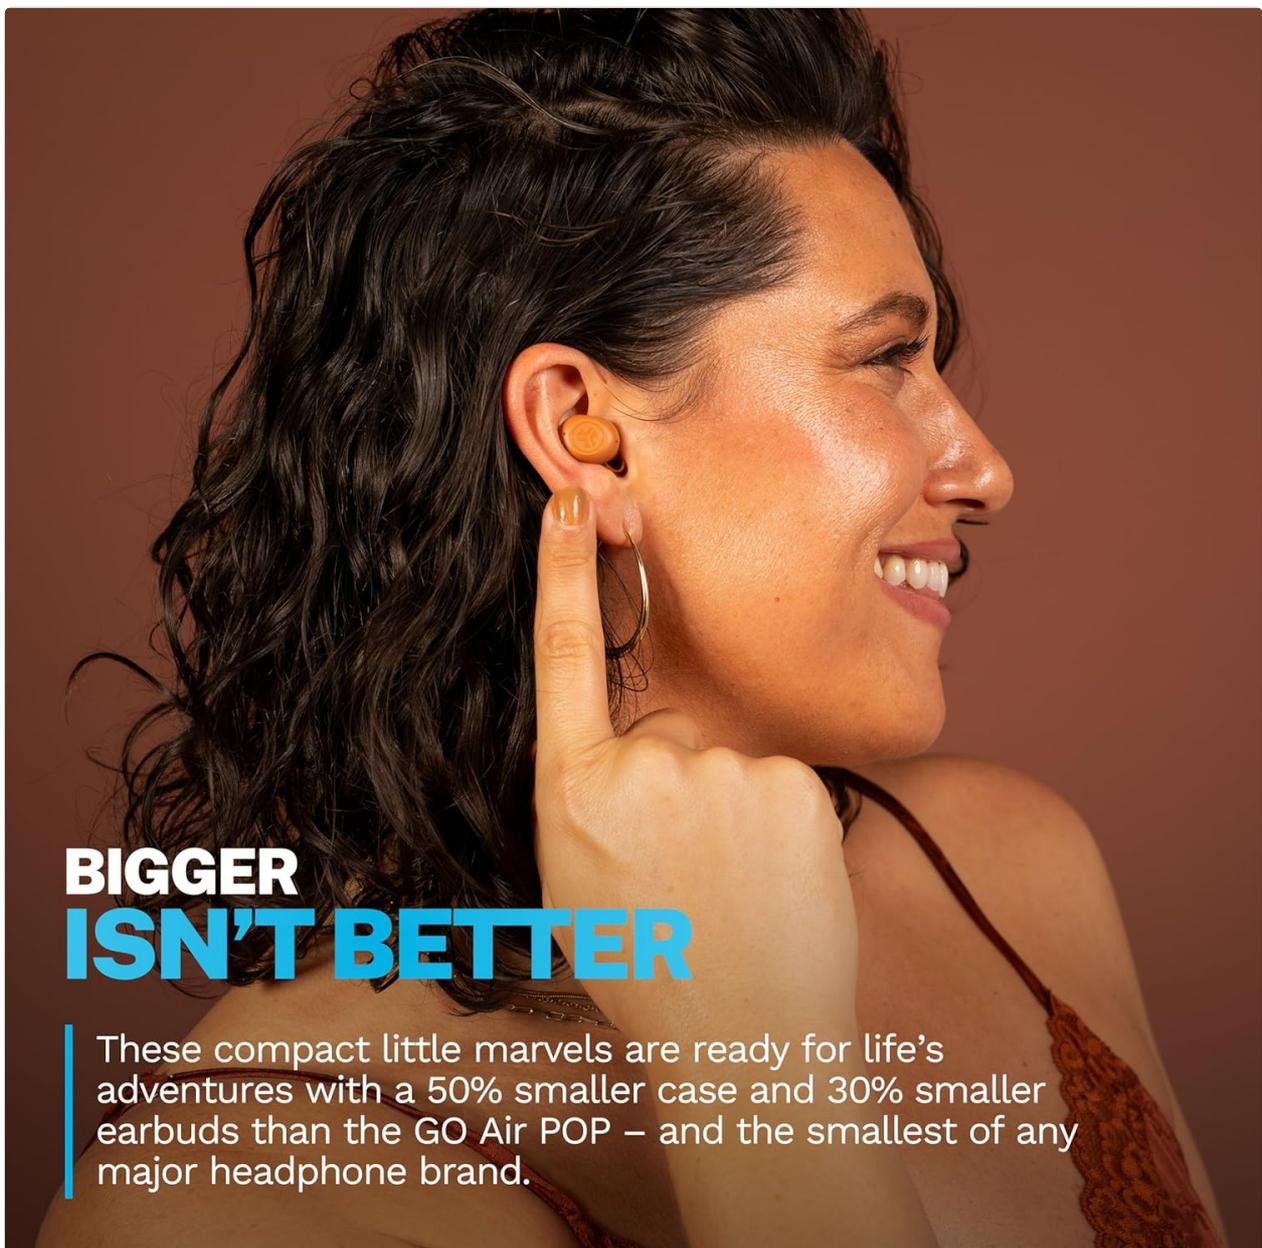

Figure 3.1: The compact design of the JBuds Mini ensures a discreet and comfortable fit.

Video 3.1: A user demonstrates the unboxing and size comparison of JBuds Mini with other earbuds, highlighting their compact nature.

4. OPERATING INSTRUCTIONS

4.1 Touch Controls

The JBuds Mini feature intuitive touch controls on each earbud for managing playback, calls, and sound modes. Specific functions can be customized via the JLab App.

4.2 JLab App Customization

Download the JLab App to unlock the full potential of your JBuds Mini. The app allows you to:

- Adjust Be Aware Audio levels.
- Customize touch controls.
- Select from preset EQ sound settings (JLab Signature, Balance, Bass Boost) or create custom profiles.
- Enable safe hearing options with volume limits.
- Receive software updates for your earbuds.

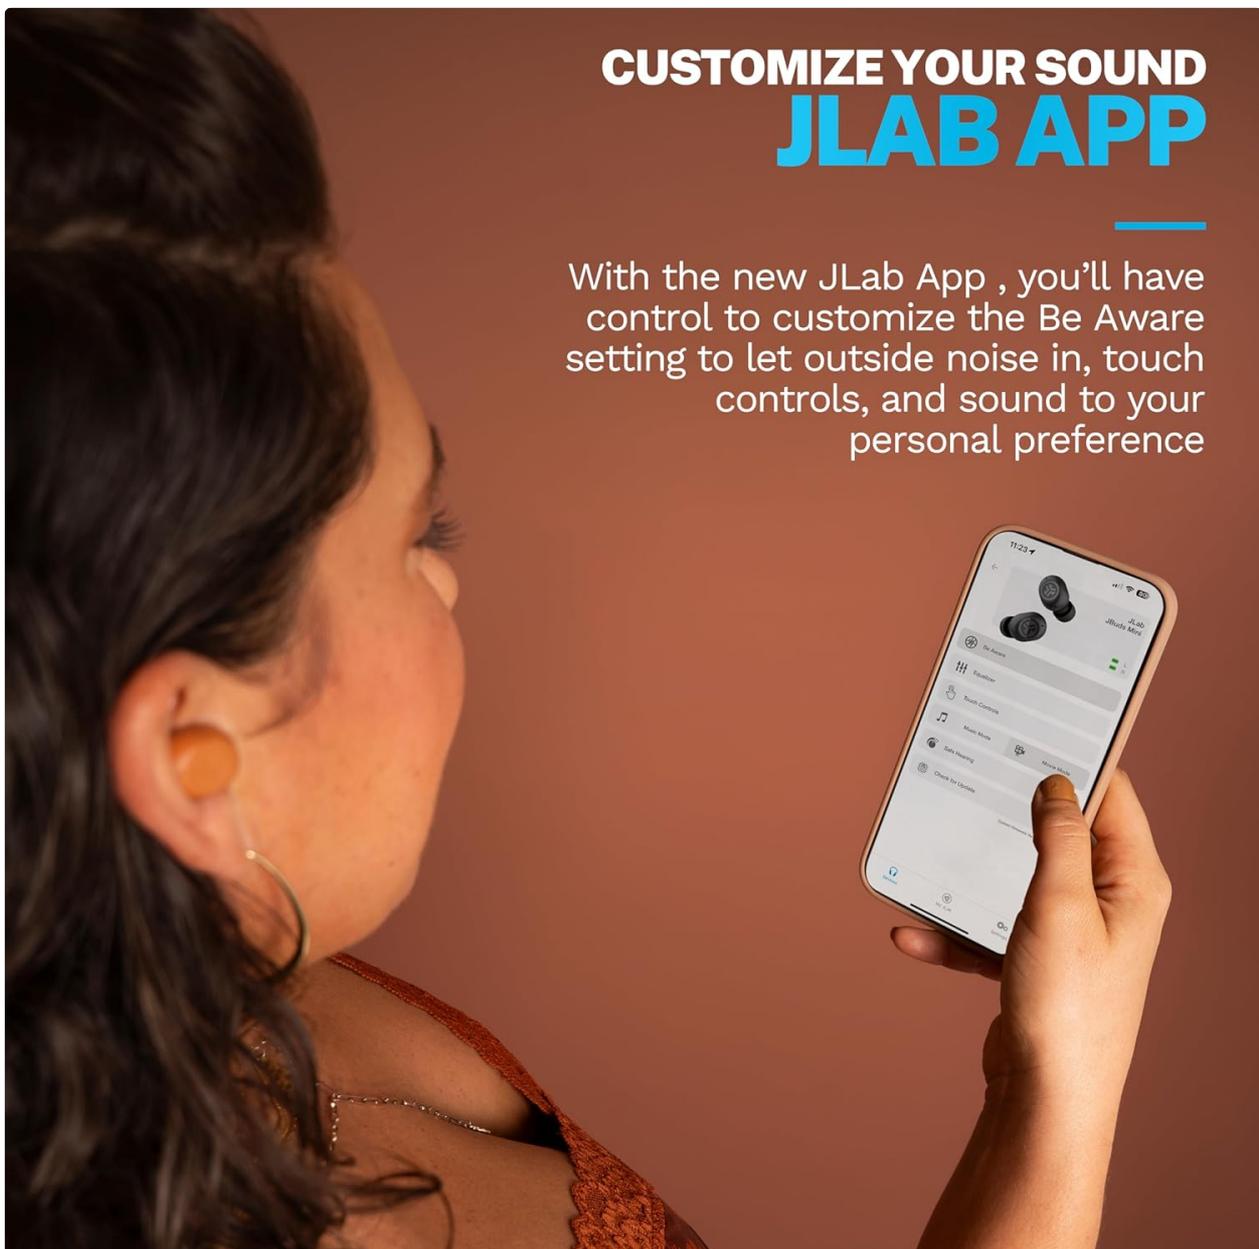

Figure 4.1: Customize your sound and controls using the JLab App.

4.3 Be Aware Audio

Activate Be Aware Audio to allow ambient sounds to pass through, keeping you connected to your surroundings. This feature is ideal for outdoor activities or when you need to hear conversations while listening to audio.

Figure 4.2: Be Aware Audio allows you to hear your surroundings for safe listening.

4.4 Crystal Clear Calls

Each JBuds Mini earbud is equipped with a MEMS microphone designed to minimize background noise, ensuring your voice is transmitted clearly during calls. You can use either earbud independently for calls or both together.

5. MAINTENANCE

5.1 Cleaning

Regularly clean your earbuds and charging case to maintain optimal performance and hygiene. Use a soft, dry cloth to wipe down the surfaces. For ear tips, remove them and clean with mild soap and water, ensuring they are completely dry before reattaching.

5.2 Water and Dust Resistance (IP55)

The JBuds Mini are rated IP55, meaning they are protected against dust ingress and low-pressure water jets from any direction. This makes them suitable for workouts and light rain. However, they are not designed for submersion in water.

Figure 5.1: The IP55 rating ensures durability against sweat and dust.

6. TROUBLESHOOTING

If you encounter issues with your JBuds Mini, refer to the following common solutions:

6.1 Connectivity Issues (Sound Breaking Up)

If the audio connection is unstable or breaks up, ensure your earbuds are within close proximity to your connected device. Obstacles between the earbuds and the device can interfere with the Bluetooth signal. Try moving closer to your device or removing any potential obstructions.

6.2 Accidental Control Activation

If touch controls are accidentally triggered, particularly when lying down or adjusting the earbuds, ensure they are seated correctly in your ear. The JLab App allows for customization of touch controls, which may help mitigate unintended activations.

Video 6.1: A user highlights the comfort of JBuds Mini for side sleepers, indicating minimal pressure on the ear.

Video 6.2: A user demonstrates the comfortable fit of the JBuds Mini, suitable for various activities including lying down.

6.3 Low Battery Warning

The earbuds provide subtle audio warnings when the battery is low, allowing ample time to place them back in the charging case before they power off.

7. SPECIFICATIONS

Feature	Specification
Model Name	JBuds Mini
Connectivity Technology	Wireless (Bluetooth)
Bluetooth Version	4.0
Water Resistance Level	IP55 (Sweat and Dust Proof)
Battery Life (Earbuds)	5.5 Hours
