# PEQULTI Floor to Ceiling Cat Tree (Model AM51-AMT0119GN) Instruction Manual

Brand: PEQULTI | Model: AM51-AMT0119GN

## 1. INTRODUCTION AND PRODUCT OVERVIEW

The PEQULTI Floor to Ceiling Cat Tree is designed as a comprehensive activity center for cats, offering multiple levels for play, rest, and scratching. Its height-adjustable design ensures compatibility with various ceiling heights, providing a stable and engaging environment for your feline companions.

### Key Features:

- **Height Adjustable Design:** Adapts to ceiling heights between 92.9 inches and 101.6 inches.
- **Multi-Level Activity Center:** Features 5 sisal-wrapped scratching posts, 2 fuzzy pom-poms, and 7 rest spots including a cozy condo, perches, and a large hammock.
- **Sturdy and Safe Construction:** Engineered with reinforced boards, robust posts, a fan-shaped base, and an anti-toppling strap for enhanced stability.
- **Variety of Resting Areas:** Includes a plush hammock, a cozy condo, and an elevated acrylic nest for diverse lounging options.
- **Natural Sisal Scratching Posts:** Encourages natural scratching behavior, helping to protect household furniture.

## 2. SETUP AND ASSEMBLY

Assembly of the PEQULTI Floor to Ceiling Cat Tree is designed to be straightforward. All necessary hardware and an illustrated instruction manual are included. No special tools are required beyond what is provided.

### Assembly Steps:

- 1. Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the parts list are present and undamaged. Fragile parts, such as the acrylic bowl, are typically wrapped with extra padding.
- 2. Assemble Base:** Begin by attaching the initial scratching post to the sturdy wooden base. Ensure all connections are secure.
- 3. Attach Platforms and Posts:** Follow the illustrated instructions to progressively add platforms, condos, hammocks, and additional scratching posts. The design allows for customization of platform arrangement.
- 4. Install Adjustable Height Mechanism:** For floor-to-ceiling stability, screw in the adjustable pillars at the top of the tree. These pillars allow for height adjustment to fit various ceiling heights (92.9"-101.6"). Tighten until the tree is firmly secured against the ceiling without drilling.
- 5. Secure with Anti-Toppling Strap (Optional but Recommended):** For added safety and stability, especially in households with active cats or multiple cats, attach the provided anti-toppling strap to a wall stud.
- 6. Attach Accessories:** Secure any dangling toys, such as pom-poms, to their designated locations.

### 3. OPERATING AND USAGE

The PEQUITI Floor to Ceiling Cat Tree provides a dynamic and comfortable environment for cats of all ages and sizes. Its various features cater to different feline instincts and needs.

#### Features and Benefits:

- **Sisal-Wrapped Scratching Posts:** Located at multiple levels, these posts allow cats to satisfy their natural urge to scratch, promoting healthy claws and diverting attention from household furniture.
- **Cozy Condo:** A private enclosed space offering a secure and comfortable spot for naps and relaxation.

- **Plush Hammock:** A soft, suspended bed ideal for lounging and observing surroundings from a comfortable height.
- **Elevated Acrylic Nest:** A transparent, elevated bowl that provides a unique vantage point for cats to observe their environment, offering both comfort and entertainment.
- **Multiple Perches and Platforms:** Strategically placed platforms encourage climbing, jumping, and exploration, providing exercise and mental stimulation.
- **Interactive Play Pompoms:** Dangling toys stimulate hunting instincts and provide interactive play opportunities.

## 4. MAINTENANCE

Proper maintenance ensures the longevity and hygiene of your PEQUITI Floor to Ceiling Cat Tree.

- **Cleaning:** The manufacturer recommends dry cleaning only for the fabric components. For the acrylic bowl, it can be easily removed for cleaning.
- **Regular Inspection:** Periodically check all screws, bolts, and connections to ensure they remain tight and secure. Retighten if necessary to maintain stability.
- **Sisal Post Condition:** Monitor the sisal scratching posts for wear and tear. While durable, heavily used posts may eventually require replacement to continue providing an effective scratching surface.
- **General Cleanliness:** Vacuum or brush the carpeted surfaces regularly to remove loose fur and debris.

## 5. TROUBLESHOOTING

If you encounter any issues with your cat tree, refer to the following common solutions:

- **Instability/Wobbling:**

- Ensure the top adjustable pillars are fully extended and tightened against the ceiling.
- Verify that all screws connecting platforms and posts are securely fastened.
- Confirm the anti-toppling strap is correctly installed and anchored to a wall stud.

- **Missing or Damaged Parts:**

- Refer to the parts list in your assembly manual. Contact customer support for free replacement parts within the warranty period.

- **Cat Not Using the Tree:**

- Place treats or catnip on different levels to encourage exploration.
- Ensure the tree is in a location your cat prefers, such as near a window or in a common living area.
- Engage your cat with dangling toys or laser pointers to encourage climbing.
