## GarveeHome PHO\_337

# GarveeHome PHO\_337 Oversized Manual Swivel Rocker Recliner Chair User Manual

Model: PHO\_337

## 1. INTRODUCTION

Thank you for choosing the GarveeHome PHO\_337 Oversized Manual Swivel Rocker Recliner Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new recliner. Please read these instructions carefully before use and retain them for future reference.

This recliner is designed to provide comfort and relaxation with its oversized dimensions, manual recline mechanism, swivel, and rocking functions. It features durable PU leather upholstery and generous sponge padding.

## 2. SAFETY INFORMATION

- Always ensure the chair is placed on a stable, level surface to prevent tipping.
- Do not exceed the maximum weight capacity of **400 pounds (181 kg)**.
- Keep hands and feet clear of the reclining mechanism when adjusting the chair to prevent injury.
- Do not allow children to play on or around the recliner unsupervised.
- Avoid standing on the chair or using it as a step stool.
- Ensure adequate space around the chair for safe reclining, swiveling, and rocking.

### 3. COMPONENTS LIST

Before assembly, please verify that all components are present and undamaged. If any parts are missing or damaged, contact GarveeHome customer support.

- Backrest (1)
- Seat Base with Swivel/Rocker Mechanism (1)
- Left Armrest (1)
- Right Armrest (1)
- Recline Handle (Pre-attached or separate)
- Power Adapter (if applicable for heated/massage variants, not included with this manual recliner)
- Assembly Hardware (Bolts, washers, Allen wrench - typically pre-installed or minimal)

## 4. ASSEMBLY INSTRUCTIONS

Assembly of the GarveeHome PHO\_337 recliner is designed to be straightforward, typically requiring minimal tools and effort.

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Attach Backrest:** Align the metal brackets on the backrest with the corresponding receivers on the seat base. Slide the backrest firmly down until it clicks securely into place. Ensure both sides are fully engaged.
3. **Connect Armrests (if separate):** If your model has detachable armrests, slide them onto the side rails of the seat base, ensuring they lock into position. Some models may have integrated armrests.
4. **Verify Connections:** Gently lift the backrest and armrests to ensure they are firmly attached and do not wobble.
5. **Position Chair:** Move the assembled recliner to its desired location, ensuring it is on a stable, level surface with sufficient clearance for reclining, swiveling, and rocking.

**Note:** Assembly typically takes approximately 30 minutes.

---

## 5. OPERATING INSTRUCTIONS

### 5.1 Reclining Function

The recliner features a manual recline mechanism, allowing for smooth adjustment to various positions.

- **To Recline:** Locate the recline handle, typically on the side of the chair. Pull the handle to release the footrest. Lean back gently to achieve your desired recline angle. The chair supports multiple recline positions, including approximately 90° (upright), 120° (relaxed), and 150° (napping).
- **To Return to Upright:** Push down on the footrest with your legs while simultaneously leaning forward with your body. The footrest will retract, and the backrest will return to the upright position.

# Different Modes

Ideal for entertainment, work, and leisure

## 5.2 Swivel Function

The chair is equipped with a 360-degree swivel base, allowing you to rotate freely.

- **To Swivel:** Simply rotate the chair in any direction while seated. Ensure there are no obstructions around the chair that could impede its rotation.

## 5.3 Rocking/Gliding Function

The recliner also offers a gentle rocking or gliding motion for added relaxation.

- **To Rock/Glide:** While in the upright or slightly reclined position, gently push off the floor with your feet or lean back and forth to initiate the rocking/gliding motion. The chair provides approximately 30 degrees of rocking and glide.

## 6. MAINTENANCE

Proper care will extend the life and appearance of your GarveeHome recliner.

- **Cleaning:** The PU leather upholstery is designed for easy maintenance. Wipe clean with a damp cloth. For tougher spots, use a mild soap solution and wipe immediately with a clean, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub.
- **Mechanism Care:** Periodically check all bolts and connections to ensure they are tight. If the reclining

mechanism feels stiff, a small amount of silicone-based lubricant can be applied to moving parts, avoiding contact with upholstery.

- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause the PU leather to fade or crack over time.

# Premium PU Leather

## Polyurethane Leather

- ✓ Softer and More Flexible
- ✓ More Comfortable
- ✓ More Eco-Friendly

## 7. TROUBLESHOOTING

If you encounter any issues with your recliner, refer to the following common solutions:

- **Difficulty Reclining/Returning Upright:** Ensure the recline handle is fully engaged. For returning upright,

apply firm pressure with your legs on the footrest and lean forward. New mechanisms may require a few uses to loosen.

- **Wobbling:** Check all assembly connections to ensure they are securely tightened. Ensure the chair is on a flat, even surface.
- **Creases in Upholstery:** Minor creases from packaging are common and often diminish with use over time. Gentle heat from a hairdryer (on low setting, held at a distance) can sometimes help, but test on an inconspicuous area first.
- **Squeaking Noise:** Apply a small amount of silicone-based lubricant to the pivot points of the reclining or swivel mechanism.

## 8. SPECIFICATIONS

Feature	Specification
Brand	GarveeHome
Model Name	PHO_337
Form Factor	Oversized Manual Swivel Rocker Recliner
