- **Jazz**

- **Rock**

- **Bass**

Image Description: A detailed diagram showing the left and right earcups of the RORSOU B8 headphones. The left earcup displays the EQ button, Type-C charging port, and 3.5mm audio jack. The right earcup shows the volume up/next track button (+), volume down/previous track button (-), and the power on/off/play/pause button. Each button's function for a single click or long press is indicated.

- **Power Button (On/Off/Play/Pause):**

- Click: Play/Pause music.
- Long Press: Power On/Off.

- **Volume Up / Next Track Button (+):**

- Click: Increase volume.
- Long Press: Skip to next track.

- **Volume Down / Previous Track Button (-):**

- Click: Decrease volume.
- Long Press: Go to previous track.

- **EQ Button:** Click to cycle through 6 preset EQ modes (Standard, Classical, Metal, Jazz, Rock, Bass).
- **Type-C Charging Port:** For charging the headphones.
- **3.5mm Audio Jack:** For wired connection using the included audio cable.
- **Microphone:** Integrated for hands-free calls.

SETUP INSTRUCTIONS

1. Charging the Headphones

Before first use, fully charge your RORSOU B8 headphones. A full charge takes approximately 2 hours.

1. Connect the USB-C charging cable to the Type-C port on the headphone.
2. Connect the other end of the USB-C cable to a compatible USB power source (e.g., wall adapter, computer USB port).
3. The LED indicator will show charging status (e.g., red for charging, blue for fully charged).

2. Bluetooth Pairing

Pair your headphones with your Bluetooth-enabled device for wireless audio.

1. Ensure the headphones are powered off.
2. Press and hold the Power button for approximately 3 seconds until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, PC), enable Bluetooth and search for available devices.
4. Select "RORSOU B8" from the list of devices.
5. Once connected, the LED indicator will turn solid blue.

Dual Device Connection: The RORSOU B8 headphones can be paired with two devices simultaneously. After pairing with the first device, disable Bluetooth on that device. Pair with the second device. Then, re-enable Bluetooth on the first device. The headphones should automatically connect to both, allowing seamless switching between audio sources.

Image Description: A split image demonstrating the dual connectivity options of the RORSOU B8 headphones. On the left, a woman is shown using the headphones wirelessly with a smartphone, indicating Bluetooth 5.4. On the right, another woman is using the headphones with a wired 3.5mm connection to a device, highlighting the versatility.

3. Wired Connection

Use the 3.5mm audio cable for a wired connection when Bluetooth is not available or preferred.

1. Connect one end of the 3.5mm audio cable to the 3.5mm audio jack on the headphone.
2. Connect the other end to the audio output port of your device.
3. The headphones will automatically switch to wired mode.

OPERATING INSTRUCTIONS

1. Power On/Off

- **Power On:** Press and hold the Power button for approximately 3 seconds until the LED indicator lights up.
- **Power Off:** Press and hold the Power button for approximately 3 seconds until the LED indicator turns off.

2. Music Playback

- **Play/Pause:** Click the Power button once.
- **Next Track:** Long press the "+" button.
- **Previous Track:** Long press the "-" button.

3. Volume Control

- **Increase Volume:** Click the "+" button.
- **Decrease Volume:** Click the "-" button.

4. Call Management

- **Answer/End Call:** Click the Power button once.
- **Reject Call:** Long press the Power button.

5. EQ Modes

The RORSOU B8 headphones offer 6 preset EQ modes to enhance your listening experience for different music genres.

- **Change EQ Mode:** Click the EQ button to cycle through the available modes: Standard, Classical, Metal, Jazz, Rock, and Bass.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headphones. Do not use harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headphones in the provided protective case to prevent damage. Avoid extreme temperatures.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge regularly, even if

not used for extended periods.

- **Water Resistance:** These headphones are not water-resistant. Avoid exposure to liquids.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cannot power on	Low battery	Charge the headphones fully.
Cannot pair via Bluetooth	Headphones not in pairing mode; device Bluetooth off; too far from device	Ensure headphones are in pairing mode (flashing blue/red). Turn on device Bluetooth. Move headphones closer to device (within 10 meters).
No sound in wired mode	Cable not fully inserted; incorrect audio source selected on device	Ensure 3.5mm audio cable is securely connected at both ends. Verify audio output settings on your device.
Poor sound quality	Low battery; interference; incorrect EQ mode	Charge headphones. Move away from sources of interference. Try different EQ modes.
Microphone not working	Microphone muted on device; headphones not selected as input device	Check device settings to ensure microphone is not muted and RORSOU B8 is selected as the input device.
