## SETUP

### Initial Charging

Before first use, ensure both the keyboard and mouse are fully charged. Connect the provided USB-C cable to the charging port on each device and to a power source (e.g., computer USB port, USB wall adapter). The charging indicator will show the charging status.

### Connectivity Options

The DeLUX combo supports multiple connection modes, allowing seamless switching between devices.

- **2.4G Wireless Connection:** Insert the USB receiver into an available USB port on your computer. The keyboard and mouse will automatically connect.
- **Bluetooth Connection (BT1/BT2):**
  1. On the keyboard/mouse, switch to the desired Bluetooth channel (BT1 or BT2).
  2. Press and hold the pairing button until the indicator light flashes, indicating pairing mode.
  3. On your device (computer, tablet), go to Bluetooth settings and select the DeLUX keyboard or mouse from the list of available devices to pair.

## LEATHER CUSHIONED PALM REST

Soft to touch and easy to clean, offer comfort for your palm and wrist.

easy switching between up to three devices.

## OPERATING INSTRUCTIONS

### Keyboard Features

- **Ultra-thin Ergonomic Split Design:** The keyboard features a natural arc and slight arch, promoting a more comfortable and familiar typing posture. The ultra-thin profile with a cushioned palm rest helps maintain hand and wrist alignment, reducing strain.

# TOUCHABLE VOLUME CONTROL

Time-saving control volume by touch click or swipe.

**Precise Volume Adjustment:**

Accurate adjust  $\pm 2$  units of volume with a tap click.

**Coarse Volume Adjustment:**

Quickly set the volume to your desired level by touch swipe.
