PAXA OpenAirMaxAI01

PAXA Ai Translator Earbuds User Manual

Model: OpenAirMaxAI01 | Brand: PAXA

1. PRODUCT OVERVIEW

The PAXA Ai Translator Earbuds are a versatile 3-in-1 device designed for real-time language translation, music playback, and clear call quality. Featuring advanced AI technology and Bluetooth 5.4, these earbuds offer high-precision translation in 135 languages and accents, along with a smart touchscreen charging case for enhanced control and convenience.

2. PACKAGE CONTENTS

- AI Translation Earbuds (Left and Right)
- Smart Charging Case
- Charging Cable
- User Manual

3. SETUP GUIDE

3.1 Initial Charging

Before first use, fully charge the earbuds and the charging case. Connect the charging case to a power source using the provided charging cable. The touchscreen on the case will indicate charging status.

3.2 Pairing with Your Device

1. Ensure the earbuds are in the charging case and the case is open.
2. On your smartphone or tablet, enable Bluetooth.
3. Select "PAXA OpenAirMaxAI01" from the list of available Bluetooth devices.
4. Once connected, a confirmation sound will play through the earbuds.

3.3 App Installation

To utilize the full translation features and smart functions, download the official PAXA application from your device's app store (iOS/Android). Follow the in-app instructions for registration and setup. Note that the translation software offers one year of free usage after registration, after which a subscription may be required.

4. OPERATING INSTRUCTIONS

4.1 Smart Touchscreen Case Functions

The charging case features a touchscreen for convenient control:

- **Music Control:** Play, pause, skip tracks, and adjust volume directly from the screen.
- **Equalizer Settings:** Select from various sound modes (e.g., Normal, Rock, POP, Classic, Jazz) to customize your audio experience.
- **Remote Photo Capture:** Use the case as a remote shutter for your phone's camera.
- **"Find My Earphone":** Activate this function to locate misplaced earbuds by having them emit a sound prompt. This feature requires the PAXA app and location permissions.

4.2 Earbud Touch Controls

The earbuds feature touch-sensitive areas for various functions:

- **Answer/End Call:** Click the headset touch area.
- **Reject Call:** Press and hold the earphone touch area for 2 seconds.

- **Start Voice Assistant:** Click the headset touch area.
- **Play/Pause:** Click the headset touch area.
- **Previous Song:** Double-click the left earphone touch area.
- **Next Song:** Double-click the right earphone touch area.
- **Volume +:** Triple-click the right earphone touch area.
- **Volume -:** Triple-click the left earphone touch area.

4.3 Translation Modes

The PAXA Ai Translator Earbuds offer four distinct translation modes for various scenarios:

- **Free Talk Mode:** Ideal for casual conversations while traveling. This mode allows for natural, continuous two-way translation.
- **Translation Machine Mode:** Suitable for focused translation, where one person speaks into the phone and the translation is heard through the earbuds.
- **Headphone+Phone Mode:** Perfect for language learning. Speak into your earbuds, and the translation appears on your phone screen.
- **Dual Ear Click Mode:** For business meetings or direct conversations. Click to speak, and the translation is provided on the fly.

4 Modes For Various Scenarios

Free Talk Mode

5. MAINTENANCE AND CARE

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the earbuds and charging case. Do not use abrasive cleaners or solvents.
- **Storage:** Store the earbuds in their charging case when not in use to protect them and keep them charged.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Charge regularly, even if not in daily use.
- **Water Resistance:** The earbuds are not waterproof. Avoid exposure to water, sweat, or high humidity.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing.	Bluetooth is off, earbuds not in pairing mode, or low battery.	Ensure Bluetooth is on. Place earbuds in case, open lid to enter pairing mode. Charge earbuds and case.
Translation accuracy is low.	Background noise, unclear speech, or outdated software.	Speak clearly and at a moderate pace. Reduce background noise. Ensure the PAXA app is updated to the latest version.
"Find My Earphone" not working.	App not installed, location permissions denied, or earbuds out of range/powered off.	Install the PAXA app. Grant location permissions. Ensure earbuds are powered on and within Bluetooth range of your phone.
No sound from earbuds.	Volume too low, not connected, or media not playing.	Increase volume on earbuds and connected device. Re-pair earbuds. Ensure media is playing.

7. SPECIFICATIONS

Feature	Detail
