Tangkula bathroom cabinet-12211-JV

Tangkula Corner Medicine Cabinet User Manual

Model: bathroom cabinet-12211-JV

1. INTRODUCTION

Thank you for choosing the Tangkula Corner Medicine Cabinet. This cabinet is designed to enhance your grooming routine with its integrated mirror door and optimize storage in small spaces. Its versatile design allows for flexible installation and customizable internal storage. This manual provides essential information for safe installation, operation, and maintenance of your new cabinet.

Image 1.1: The Tangkula Corner Medicine Cabinet seamlessly integrated into a bathroom corner, providing both storage and a reflective surface.

2. IMPORTANT SAFETY INFORMATION

Please read and understand all safety instructions before installation and use. Failure to follow these instructions may result in injury or damage to the product.

- Always unplug and turn off any nearby electrical devices before installing the cabinet.
- Use appropriate safety gear, including safety glasses and gloves, during installation.
- Be cautious of the mirror, which can shatter if not handled properly.
- Do not overload the shelves, as this could cause the cabinet to become unstable.
- Always follow the manufacturer's instructions for installation and use.

3. PRODUCT FEATURES

The Tangkula Corner Medicine Cabinet offers a range of features designed for convenience and durability:

- **2 Installation Ways:** Features a 4 mm silver mirror door for clear reflections. The cabinet can be installed upside down, allowing choice of the door's opening direction (left or right).
- **Customized Storage:** A 5-position adjustable shelf inside allows modification of shelf height to accommodate items of different sizes.
- **Space-Saving Design:** Efficiently fits into any corner, ideal for small bathrooms or entryways, maximizing storage without occupying excessive wall space.
- **Robust Construction:** Built with thick engineered wood boards and soft-close hinges for durability. Each shelf supports up to 17.5 lbs.
- **Easy Installation:** Comes with numbered parts, wall-mounting screws, and detailed instructions for a straightforward and quick assembly process.

5-Position Adjustable Shelf

Accommodate items of different sizes

5. SETUP AND INSTALLATION

This section guides you through the assembly and wall-mounting process. Please ensure you have all parts and tools before beginning.

5.1. Unpacking and Part Identification

1. Carefully unpack all components from the packaging.
2. Refer to the included "User Guide" for a complete list of numbered parts and hardware. Verify that all pieces are present and undamaged.
3. Keep packaging materials until assembly is complete in case any parts need to be returned or replaced.

5.2. Assembly Instructions

Follow the step-by-step instructions provided in the separate "User Guide" included in your package. Key steps typically include:

1. Assemble the main cabinet frame using the designated screws and connectors.
2. Attach the soft-close hinges to the cabinet frame and the mirror door.
3. Determine your preferred door opening direction (left or right). The cabinet can be installed upside down to achieve the desired orientation.
4. Secure the mirror door to the cabinet frame using the hinges.

5.3. Wall Mounting

Once assembled, the cabinet is ready for wall mounting. Ensure you choose a sturdy wall location capable of supporting the cabinet's weight (30.5 lbs empty, plus contents).

1. Identify the ideal corner location in your bathroom or desired space.
2. Using a level, mark the drilling points on the wall according to the cabinet's mounting holes.
3. Drill pilot holes at the marked locations. If mounting into drywall, use appropriate wall anchors (included).
4. Align the cabinet with the drilled holes and secure it firmly to the wall using the included wall-mounting screws.
5. Ensure the cabinet is level and securely fastened before placing items inside.

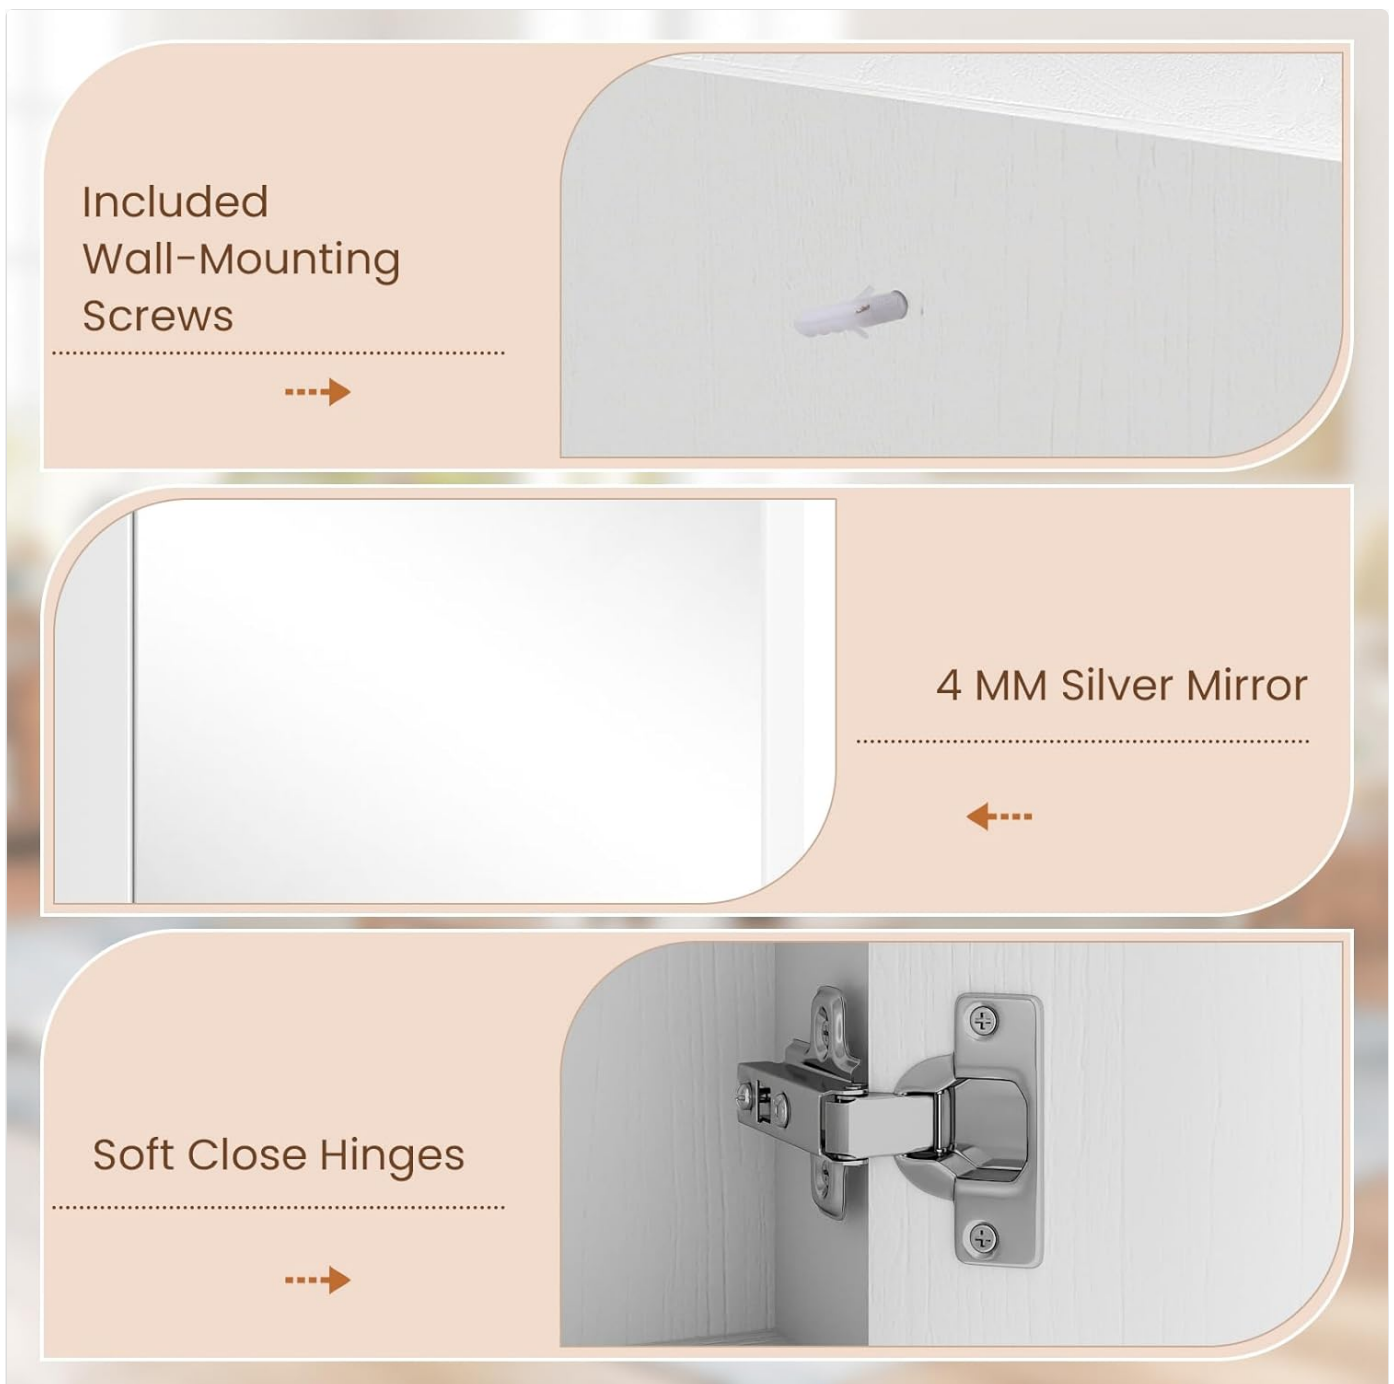

Image 5.1: Details of key components: wall-mounting screws, 4mm silver mirror, and soft close hinges.

6. OPERATING INSTRUCTIONS

6.1. Using the Mirror Door

The cabinet features a 4 mm silver mirror door for daily grooming. The soft-close hinges ensure smooth and quiet operation when opening and closing the door.

- Gently pull the door to open and push to close.
- Avoid slamming the door to preserve the soft-close mechanism.

6.2. Adjusting the Shelf

The internal shelf can be adjusted to 5 different positions to accommodate items of varying heights.

1. Empty the shelf of all contents.
2. Carefully lift the shelf from its current position.

3. Align the shelf pegs with the desired set of pre-drilled holes inside the cabinet.
4. Gently lower the shelf onto the pegs, ensuring it is level and secure before placing items back.

7. MAINTENANCE

Proper care will ensure the longevity and appearance of your Tangkula Corner Medicine Cabinet.

- **Cleaning the Mirror:** Use a soft, lint-free cloth and a standard glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping into the edges.
- **Cleaning the Cabinet:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner. Avoid harsh chemicals or abrasive materials that could damage the engineered wood finish.
- **Hinge Care:** The soft-close hinges are designed for durability. If they become stiff or noisy, a small amount of silicone-based lubricant can be applied, but typically they require no maintenance.
- **Regular Inspection:** Periodically check all mounting screws and connections to ensure they remain tight and secure.

Retighten if necessary.

8. TROUBLESHOOTING

This section addresses common issues you might encounter.

8.1. Cabinet Feels Unstable After Installation

- **Check Mounting Screws:** Ensure all wall-mounting screws are fully tightened.
- **Wall Anchors:** Verify that appropriate wall anchors were used for your wall type (e.g., drywall anchors for drywall).
- **Overloading:** Ensure the cabinet is not overloaded beyond its weight capacity (17.5 lbs per shelf). Distribute weight evenly.

8.2. Door Does Not Close Smoothly

- **Hinge Alignment:** Check if the hinges are properly aligned and tightened. Refer to the assembly instructions for hinge adjustment.
- **Obstruction:** Ensure nothing inside the cabinet is obstructing the door's path.

8.3. Shelf is Not Level or Sags

- **Proper Seating:** Ensure the shelf pegs are fully inserted into the desired holes and the shelf is resting evenly on all four pegs.
- **Overloading:** Do not exceed the 17.5 lbs weight capacity per shelf.

9. WARRANTY AND SUPPORT

Tangkula is committed to providing high-quality products. While specific warranty details are not provided in this manual, please retain your proof of purchase.
