## What's in the Box

Verify that all components are present in the packaging:

- 1 LED TV
- 2 Table Stand Bases
- 1 User Manual
- 1 Warranty Card
- 1 Remote Control
- 1 Power Cord
- 2 AAA Batteries
- 4 Screws (for stand/mounting)
- 1 Mini AV Cable

Image: All included accessories and mounting hardware for the television.

## Setup

Follow these steps to set up your television:

1. **Unpacking:** Carefully remove the TV and all accessories from the packaging.
2. **Stand Installation:** Attach the two table stand bases to the bottom of the TV using the provided screws. Ensure they are securely fastened. Alternatively, if wall-mounting, follow the instructions provided with your wall-mount kit (sold separately).
3. **Power Connection:** Connect the power cord to the TV's power input and then to a wall outlet.
4. **Initial Power-On:** Press the power button on the TV or the remote control to turn on the TV. Follow the on-screen instructions for initial setup, including language selection, network connection, and Google TV account login.

## Operating Instructions

Familiarize yourself with the remote control and basic TV functions:

- **Remote Control:** The included remote control features dedicated buttons for power, volume, channel, navigation, and quick access to popular streaming services like Netflix, Prime Video, YouTube, and Disney+Hotstar.
- **Voice Assistant:** Utilize the built-in Google Assistant by pressing the dedicated voice button on your remote. Speak commands to search for content, control smart home devices, or get information.
- **Navigation:** Use the directional pad and 'OK' button to navigate through menus and select options on the Google TV interface.

The **smart remote** offers intuitive control with **voice-enabled interaction**.

## Connectivity

Your TV offers various connectivity options:

- **HDMI Ports:** Three HDMI 2.1 ports (one with eARC support) for connecting devices like gaming consoles, set-top boxes, and laptops.
- **USB Ports:** One USB 2.0 and one USB 3.0 port for connecting hard drives or other USB devices.
- **Wireless Connectivity:** Dual-band Wi-Fi for internet access and 2-way Bluetooth 5.2 for connecting wireless accessories.
- **Other Ports:** AV, RF, Ethernet, and headphone output.
- **Googlecast:** Built-in Chromecast allows you to cast content from your compatible mobile devices directly to the TV.

## Troubleshooting

If you encounter issues with your TV, refer to the following common solutions:

- **No Power:** Ensure the power cord is securely connected to both the TV and a working power outlet. Check if the outlet is functional by plugging in another device.
- **No Picture/Sound:** Verify that the correct input source is selected. Check all cable connections (HDMI, AV) for secure fit.
- **Remote Not Working:** Replace the AAA batteries in the remote control. Ensure there are no obstructions between the remote and the TV's IR sensor.
- **Network Connection Issues:** Restart your Wi-Fi router. Go to the TV's network settings to reconnect to your Wi-Fi network or try a wired Ethernet connection.
- **Picture Quality Issues:** Adjust picture settings (brightness, contrast, color) in the TV's menu. Ensure the content source is of high quality (e.g., 4K content for 4K display).
- **Sound Distortion:** Check audio settings and ensure external audio devices (soundbars, home theater systems) are correctly connected and configured.

For more detailed troubleshooting or persistent issues, please contact customer support.

## Specifications
