VGR Professional Hair Cutting Kit User Manual

Models: VGR-001 Hair Clipper, VGR-977 T-Blade Trimmer, VGR-377 Electric Foil Shaver

1. INTRODUCTION

Thank you for choosing the VGR Professional Hair Cutting Kit. This comprehensive grooming set includes a VGR-001 hair clipper, a VGR-977 T-blade trimmer, and a VGR-377 electric foil shaver. Designed for precision and comfort, this kit provides salon-quality results for various hair and beard styles. Please read this manual thoroughly before first use to ensure proper operation and maintenance.

2. SAFETY INFORMATION

To reduce the risk of electric shock, injury, or fire, always follow these basic safety precautions:

- Do not immerse the devices in water or use them near water (e.g., in a bath, shower, or near a sink).
- Keep the appliances dry.
- Store the devices out of reach of children.
- Always unplug the device from the power outlet immediately after charging and before cleaning.
- Do not use the device if it has a damaged cord or plug, or if it is not working properly.
- Use only the charger supplied with the appliance.
- Blades are sharp; handle with care.

3. PRODUCT OVERVIEW AND COMPONENTS

3.1 VGR-001 Hair Clipper

The VGR-001 hair clipper is designed for precise haircuts with its DLC coating fix blade and ceramic moving blade. It features an adjustable taper lever and an LED display showing RPM and remaining battery life.

Image 3.1: VGR-001 Hair Clipper and its included accessories, such as multiple guide combs, charging base, cleaning brush, lubricant, and charging cable.

3.2 VGR-977 T-Blade Trimmer

The VGR-977 T-blade trimmer is ideal for detailing, outlining, and close trimming. It also features an LED display for speed and battery status.

4. SETUP

4.1 Initial Charging

Before first use, fully charge each device. Connect the charging cable to the device and a suitable power adapter (5V=2A for fast charging, 5V=1A for slow charging). The LED display will indicate charging status.

- **Fast Charging (5V=2A):** Approximately 3 hours for full charge.
- **Slow Charging (5V=1A):** Approximately 6 hours for full charge.

When fully charged, the display will show the maximum usable time (e.g., 260/300 minutes) and emit three beeping sounds.

Image 4.1: The VGR-377 Electric Foil Shaver connected to a USB-C charging cable, illustrating its convenient and safe charging method.

4.2 Attaching Guide Combs (Clipper and Trimmer)

Select the desired guide comb for your preferred hair length. Align the comb with the blade and push it firmly until it clicks into place. Ensure it is securely attached before use.

5. OPERATING INSTRUCTIONS

5.1 Power On/Off

Press the power button located on the device to turn it on. The LED display will illuminate, showing the current RPM and remaining battery life. Press the power button again to turn the device off.

LED LIGHTING OPERATION

ON : Click on the front light button and come with a beeping sound.

OFF : Click again and come with a beeping sound

Image 5.1: Illustration of the LED lighting operation and power buttons on the VGR Hair Clipper. Pressing the front light button activates the light, accompanied by a beeping sound.

5.2 Adjusting Speed (All Devices)

The devices feature adjustable speeds. For the clipper, rotate the center knob to adjust RPM from 7000 to 9000 RPM in 100 RPM increments. The LED display will show the selected speed.

Image 5.2: The VGR Hair Clipper's LED display indicating infinitely variable speed adjustment, allowing users to select speeds from 7000 RPM to 9000 RPM.

5.3 Adjusting Taper Lever (Clipper)

The VGR-001 hair clipper has a taper lever with 5 settings for cutting lengths: 1.0mm, 1.5mm, 2.0mm, 2.5mm, and 3.0mm. Adjust the lever to achieve the desired cutting length without a guide comb, or to blend hair when using guide combs.

DLC COATING FIX BLADE CERAMIC MOVING BLADE

Cutting more fast and smooth

6. MAINTENANCE

6.1 Cleaning Blades

After each use, turn off the device and remove any attached guide combs. Use the provided cleaning brush to remove loose hairs from the blades. For the foil shaver, press and hold the release button to detach the shaver head for thorough cleaning of stubble and debris.

DETACHABLE SHAVER HEAD

Press and hold the release button, pull out the shaver head for easy cleaning of stubble and debris with a brush

Image 6.1: The VGR-377 Electric Foil Shaver demonstrating its detachable shaver head, allowing for easy cleaning of stubble and debris with a brush.

6.2 Blade Lubrication

Regularly apply a few drops of the included lubricant oil to the blades of the clipper and trimmer. This helps maintain blade sharpness and ensures smooth operation. Turn on the device for a few seconds after oiling to distribute the lubricant.

7. TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. If the battery is low, connect it to the charger.
- **Reduced cutting performance:** Clean the blades thoroughly to remove any hair buildup. Apply lubricant oil to the blades. If performance does not improve, the blades may need replacement.
- **Device overheating:** Discontinue use and allow the device to cool down. Ensure proper ventilation during use and charging.
- **Unusual noise:** Clean and lubricate the blades. If the noise persists, contact customer support.

8. SPECIFICATIONS

Feature	Detail
