GANODS A01

GANODS AI Voice Recorder User Manual

Model: A01

INTRODUCTION

This manual provides comprehensive instructions for the GANODS AI Voice Recorder, Model A01. This advanced recording device integrates 4G connectivity for fast file transfer, AI-powered transcription and summarization capabilities via ChatGPT, and text translation functions. Designed for versatility, it is ideal for capturing lectures, meetings, class discussions, and interviews with high accuracy.

PACKAGE CONTENTS

Upon unboxing your GANODS AI Voice Recorder, please ensure all the following items are present:

- GANODS AI Voice Recorder (Model A01)
- USB 3.0 Type C Charging Cable
- User Manual
- 1 x AAAA Battery (pre-installed)

SETUP GUIDE

1. Charging the Device

Before first use, fully charge your AI Voice Recorder. Connect the provided USB 3.0 Type C cable to the device and a compatible USB power source. The device's indicator lights will show charging status.

2. App Installation

The GANODS AI Voice Recorder operates with a dedicated mobile application. Scan the QR code found on the device or in the included user manual to download and install the app on your smartphone (iOS/Android compatible).

3. Device Connection

Ensure Bluetooth is enabled on your smartphone. Open the GANODS app and follow the on-screen prompts to pair your AI Voice Recorder. The app will display the device's connection status, battery level, and maximum recording time.

Your browser does not support the video tag.

OPERATING INSTRUCTIONS

1. Recording Audio

To begin recording, power on the device using the designated power button. Once powered on, press and hold the microphone button. The indicator lights will illuminate, confirming that recording has started. Release the button to stop recording. All recordings are automatically saved to the device's 64GB internal memory.

2. Transcribing Recordings

After recording, open the GANODS app. Ensure your device is connected. The app will display your recorded files. Select a file and choose the "Transcribe" option. The AI will convert the audio into accurate text. You can refresh the app to see newly transcribed files.

3. Generating Smart Summaries (ChatGPT Integration)

The app leverages ChatGPT to generate intelligent summaries of your transcribed content. Select a transcribed file and choose the "Summarize" option. You can select various summary formats, including lecture notes, thesis outlines, meeting minutes, or general summaries, to suit your needs. This feature is particularly useful for quickly extracting key information from lengthy recordings.

Smart Summaries, Your AI Work Assistant

With ChatGPT & Claude, Generate multiple copywriting templates with one click

Item Weight	5 ounces
Model Number	A01
Batteries	1 AAAA battery (included)
Memory Storage Capacity	64 GB
Digital Recording Time	50 hours
Microphone Operation Mode	Stereo, Noise Cancellation
Hardware Interface	USB 3.0 Type C

TROUBLESHOOTING

Issue: App not working or connecting to device.

Solution:

- Ensure your device is fully charged.
- Verify that Bluetooth is enabled on your smartphone and the device is within range.
- Restart both the GANODS AI Voice Recorder and your smartphone.
- Check for app updates in your smartphone's app store.
- If issues persist, try reinstalling the app.

Issue: Poor transcription accuracy.

Solution:

- Ensure the recording environment is as quiet as possible to minimize background noise.
- Speak clearly and at a moderate pace.
- Position the recorder optimally to capture audio directly.

Issue: Unable to transfer files.

Solution:

- Confirm that the 4G connection is active and stable.
- Check the app's file management section for transfer options.
- Ensure sufficient storage space on the target device (computer/phone).

WARRANTY AND SUPPORT

GANODS is committed to providing high-quality products and excellent customer service. For any inquiries, technical assistance, or warranty claims, please contact our support team.

- **Email Support:** We offer email support within 24 hours every day. Please refer to the contact information provided in the app or on our official website.
- **Returns:** GANODS provides a return label for eligible returns, ensuring a hassle-free process.
