6. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your Betsy Furniture sofa.

- **Regular Cleaning:** Vacuum the sofa regularly using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain. For stubborn stains, use a mild fabric cleaner specifically designed for microfiber, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading. Position your sofa away from direct sunlight or use curtains/blinds.
- **Rotate Cushions:** If possible, rotate and fluff cushions periodically to ensure even wear and maintain their shape.
- **Avoid Harsh Chemicals:** Do not use harsh chemicals, abrasive cleaners, or bleach, as these can damage the microfiber fabric.
