## Coaster Home Furnishings Wilshire Platform Bed Instruction Manual

Model: 315981KE - Eastern King Size, Grey Fabric Upholstered

### 1. SAFETY INFORMATION

Please read and understand all instructions before beginning assembly. Keep these instructions for future reference.

- Always assemble the bed on a soft, non-abrasive surface to prevent damage to the product.
- Ensure all parts are present and undamaged before assembly. If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.
- Do not use power tools for assembly as this may overtighten fasteners and damage the frame.
- Periodically check all connections and fasteners to ensure they remain tight.
- This bed is designed for use with a mattress. Do not use without a mattress.
- Keep small parts away from children during assembly to prevent choking hazards.

### 2. PRODUCT OVERVIEW

The Coaster Home Furnishings Wilshire Platform Bed is an Eastern King size upholstered bed frame featuring a contemporary design with a plush, dove gray fabric finish. ### 3. SETUP AND ASSEMBLY

Assembly of the Wilshire Platform Bed requires two adults. Please follow the steps carefully to ensure proper and safe construction.

### 3.1 Unpacking

- Carefully open the packaging and remove all components.
- Place all parts on a clean, soft surface (e.g., carpet or blanket) to prevent scratches.
- Verify that all listed components and hardware are present using the parts list provided in the separate assembly instructions manual.

### 3.2 Assembly Instructions

For detailed, step-by-step assembly instructions, please refer to the dedicated instruction manual included in your product packaging. This manual contains diagrams and specific fastening details for each component.

#### **General Assembly Sequence (Refer to separate manual for specifics):**

1. Attach the side rails to the headboard.
2. Attach the footboard to the side rails.
3. Install the center support rail and its legs.
4. Place and secure the wooden slats across the frame.
5. Ensure all bolts are securely tightened.

## 4. OPERATING (USING YOUR BED)

Once assembled, the Wilshire Platform Bed is ready for use. This bed is designed to accommodate an Eastern King size mattress directly on its slats, eliminating the need for a box spring.

- Carefully place your Eastern King size mattress onto the bed frame.
- Ensure the mattress is centered and sits securely within the frame.
- The sturdy platform and center support system provide ample support for your mattress, promoting comfort and mattress longevity.

## 5. MAINTENANCE

Proper care and maintenance will help preserve the appearance and extend the life of your Coaster Wilshire Platform Bed.

### 5.1 Cleaning

- **Fabric Upholstery:** For general cleaning, gently vacuum the fabric upholstery with a soft brush attachment to remove dust and debris.
- For spills, blot immediately with a clean, dry cloth. Do not rub, as this can spread the stain.
- For stubborn stains, consult a professional upholstery cleaner or use a fabric cleaner specifically designed for upholstered furniture, testing on an inconspicuous area first.
- Avoid using harsh chemicals, abrasive cleaners, or excessive moisture on the fabric.

### 5.2 Care Instructions

- Avoid direct sunlight exposure to prevent fading of the fabric.
- Keep the bed away from direct heat sources like radiators or fireplaces.
- Periodically check and tighten all hardware connections to ensure the bed remains stable and secure.
- Do not jump on the bed or subject it to excessive weight beyond normal use.

## 6. TROUBLESHOOTING

If you encounter any issues with your Wilshire Platform Bed, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware connections.	Check and tighten all bolts and screws, especially those connecting the headboard, footboard, and side rails. Ensure center support legs are properly adjusted and secured.
Squeaking noises.	Loose connections or friction between components.	Tighten all hardware. If squeaking persists, apply a small amount of lubricant (e.g., paraffin wax) to contact points between slats and side rails, or where metal components meet.

Problem	Possible Cause	Solution
Slats are not staying in place.	Improper installation or missing fasteners.	Ensure slats are correctly seated in their designated positions and any provided fasteners (screws) are used to secure them to the side rails.
Fabric appears stained or discolored.	Spills or prolonged exposure to sunlight.	Refer to the cleaning instructions in Section 5.1. For sun damage, reposition the bed or use window coverings to reduce direct exposure.
