HOMCOM 3-Panel Folding Room Divider Instruction Manual

Model: 830-160V00WT

1. INTRODUCTION

Thank you for choosing the HOMCOM 3-Panel Folding Room Divider. This manual provides essential information for the proper setup, operation, and maintenance of your room divider. Please read these instructions carefully before use and retain them for future reference.

Figure 1: The HOMCOM 3-Panel Folding Room Divider, showcasing its design and full extension.

Product Overview

The HOMCOM 3-Panel Folding Room Divider is designed to offer versatile privacy and space separation within indoor environments. Featuring three wicker woven panels with an arched top, it combines functionality with an aesthetic appeal suitable for various room decors. Its lightweight and foldable design ensures ease of movement and storage.

2. SETUP

This room divider requires **no assembly**. It arrives pre-assembled and ready for immediate use.

Placement Guidelines

- Ensure the room divider is placed on a flat, stable surface to prevent tipping and ensure stability.
- Position the divider in a location where it will not obstruct pathways or create tripping hazards.
- Avoid placing the divider in areas with high foot traffic if stability is a concern, especially in households with small children or pets.

3. OPERATING INSTRUCTIONS

Adjusting the Panels

The room divider features dual-directional hinges, allowing the panels to be flexibly adjusted to create various configurations. You can fold the panels in either direction to achieve the desired width and angle for privacy or space division.

Folding and Storage

When not in use, the room divider can be easily folded flat for convenient storage. This portable design ensures it occupies minimal space, making it ideal for smaller apartments or rooms where flexible space management is required.

EASY TO FOLD

Just fold it in seconds when not in use

4. MAINTENANCE

Cleaning

- To clean the room divider, simply wipe it with a dry cloth.
- Avoid using abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the poplar wood frame and paper rope weave.

General Care

- Periodically check the hinges for any signs of wear or looseness. Tighten screws if necessary.
- Protect the divider from prolonged direct sunlight and extreme humidity to prevent fading or material degradation.
- Handle with care to avoid damage to the woven panels.

SELECTED MATERIAL

Designed to last for years

- Solid Poplar Wood Frame

- Sturdy Metal Hinge

5. TROUBLESHOOTING

This product is designed for simplicity and durability. Should you encounter any issues, please consider the following:

- **Stability Issues:** Ensure the divider is placed on a completely flat and level surface. Adjust the panel angles to create a stable, self-supporting structure.
- **Panel Movement:** If panels feel stiff or too loose, check the hinge screws. They can be gently tightened or loosened as needed, but avoid over-tightening.
- **Damage to Weave:** The paper rope weave is durable but can be damaged by sharp objects or excessive force. Minor fraying can sometimes be carefully trimmed.
