- iPad Pro 12.9-inch (3rd, 4th, 5th, 6th Generation)

- iPad Air (3rd, 4th, 5th Generation, M2)
- iPad mini (5th, 6th Generation)

SETUP

Charging the Stylus Pen

Before first use, fully charge the stylus pen. The Atzeste P03 Stylus Pen supports fast charging.

1. Connect the provided Type-C charging cable to the charging port on the stylus pen.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicators will illuminate to show charging status.
4. A full charge typically takes approximately 15 minutes and provides up to 11 hours of working time.

Powering On and Off

The Atzeste P03 Stylus Pen does not require Bluetooth pairing. It can be turned on and used directly.

1. To power on the stylus, simply press the top button once. The LED indicators will light up.
2. To power off the stylus, press and hold the top button for a few seconds until the LED indicators turn off.
3. The stylus will automatically shut down after 5 minutes of inactivity to conserve battery.

Package List

- ✓ 1 x Stylus Pen
- ✓ 1 x Type-C Charging Cable
- ✓ 4 x Replacment Tips
- ✓ 1 x User Manual

Image: A diagram highlighting the power button at the top of the stylus and indicating a single press to turn it on, with no Bluetooth required.

OPERATING INSTRUCTIONS

Direct Use and Initial Connection

The Atzeste P03 Stylus Pen is designed for immediate use with compatible iPads without the need for Bluetooth pairing. Simply turn it on and begin writing or drawing.

How to use this iPad pencil?

Turn on and use directly

This iPad pencil doesn't have Bluetooth. Single press the top button of the stylus to turn on.

If it doesn't work, please follow step 1 or step 2 below:

① Go to Settings > Bluetooth > Turn off Bluetooth

② Go to Settings > Bluetooth > Apple Pencil > Tap ⓘ > Forget This Device

Image: A visual guide showing how to turn on the stylus by pressing the top button and steps to resolve connection issues by turning off Bluetooth and forgetting any previously paired Apple Pencils.

Palm Rejection

The stylus features palm rejection technology, allowing you to rest your hand naturally on the iPad screen while writing or drawing without creating unintended marks. This enhances comfort and precision during use.

Palm Rejection

Image: A hand resting on an iPad screen while using the stylus, illustrating the palm rejection feature.

Tilt Sensitivity

The Atzeste P03 Stylus Pen supports tilt sensitivity, allowing you to vary line thickness and shading by tilting the pen, similar to a traditional pencil. This feature is dependent on the application being used.

Magnetic Adsorption

The stylus features a magnetic design, allowing it to attach to the side of compatible iPad models for convenient storage

and portability. This helps prevent the pen from rolling away or getting lost.

Magnetic Adsorption Design

More portable and easier to organize,
no rolling and lost

Image: The stylus pen shown magnetically attaching to the side of an iPad, demonstrating its magnetic adsorption design.

Power Display

The stylus is equipped with LED indicators that display the current battery level, allowing you to monitor the charge status at a glance.

- **Four lights on:** 75%-100% power
- **Three lights on:** 50%-74% power
- **Two lights on:** 25%-49% power
- **One light on:** Less than 24% power (requires charging)

Only Compatible with iPad 2018-2024

Note: Please confirm your iPad model before purchasing.

MAINTENANCE

Replacing Tips

The stylus tips are replaceable. If a tip becomes worn or damaged, follow these steps:

1. Gently twist the old tip counter-clockwise to remove it.
2. Align a new tip with the stylus and twist it clockwise until it is securely fastened. Do not overtighten.

General Care

- Keep the stylus clean by wiping it with a soft, dry cloth.
- Avoid exposing the stylus to extreme temperatures, moisture, or direct sunlight.
- Do not disassemble the stylus, as this may void the warranty and cause damage.

TROUBLESHOOTING

Stylus Not Responding

- **Check Battery:** Ensure the stylus is sufficiently charged. Recharge if the power display indicates low battery.
- **Power Cycle:** Turn the stylus off and then on again.
- **iPad Compatibility:** Verify that your iPad model is listed as compatible.

- **Bluetooth Interference:** If you have previously used an Apple Pencil or another stylus that connects via Bluetooth, ensure Bluetooth is turned off on your iPad. Go to iPad **Settings > Bluetooth** and toggle Bluetooth off. Also, if an Apple Pencil is listed under Bluetooth devices, tap the 'i' icon next to it and select 'Forget This Device'.
- **Restart iPad:** Restart your iPad and try again.

Charging Issues

- **Check Cable:** Ensure the Type-C charging cable is securely connected to both the stylus and the power source. Try a different Type-C cable if available.
- **Power Source:** Try a different USB power adapter or USB port.
