

## TOHETO JSK-L26

# TOHETO JSK-L26 Camping String Lights and Lantern User Manual

Model: JSK-L26

## INTRODUCTION

---

The TOHETO JSK-L26 Camping String Lights and Lantern is a versatile 3-in-1 lighting solution designed for various outdoor and indoor applications. It functions as a camping light, a decorative string light, and a work light. This manual provides detailed instructions for the safe and effective use of your device, including setup, operation, maintenance, and troubleshooting.

## SAFETY INFORMATION

---

- Do not expose the device to extreme temperatures or direct sunlight for prolonged periods.
- Keep the device away from flammable materials.
- Ensure the USB-C charging cable is properly connected to a compatible power source.
- Do not attempt to disassemble or modify the device, as this will void the warranty and may cause damage or injury.
- This product is rated as waterproof (IPX4), meaning it is resistant to splashing water from any direction. Do not submerge the device in water.

## PACKAGE CONTENTS

---

Verify that all items are present in your package:

# Waterproof Outdoor String Lights

## 3 in 1 String Lights & Camping Lantern

Overview of the TOHETO JSK-L26, highlighting its IPX4 waterproof rating, rechargeable battery, multiple modes, and compact dimensions (12cm diameter, 7cm height).

## SETUP

### Charging the Device

1. Locate the USB-C charging port on the device.
2. Connect the provided Type-C charging cable to the device and a compatible USB power adapter (not included).
3. The device will indicate charging status (e.g., an indicator light). A full charge takes approximately 2 hours.
4. The device can be used while charging.

### Unfolding and Retracting the String Lights

1. To unfold the string lights, gently pull the string from the housing. The lights are designed to be tangle-free.
2. To retract the string lights, turn the storage handle on the device. The string lights will effortlessly roll back into the housing within approximately 30 seconds.

# 32.8FT RGB STRING LIGHTS

Hook Fixing

Tangle-free

The device features a simple turning mechanism for quick retraction and deployment of the string lights, ensuring tangle-free storage.

## OPERATING INSTRUCTIONS

The TOHETO JSK-L26 offers multiple lighting modes for both the lantern and the string lights.

### Power On/Off and Basic Lantern Operation

Press the power button located on the top of the device to turn the lantern on or off. Subsequent presses may cycle through basic lantern brightness settings.

### String Light Modes

The string lights feature 19 distinct lighting modes, including:

- **7 Static RGB Modes:** Solid colors such as red, green, blue, yellow, cyan, purple, and white.
- **8 Dynamic Modes:** Various color-changing patterns and effects.
- **4 Music Sync Modes:** Lights react to ambient sound or music, creating a synchronized light show.

Use the mode button on the device to cycle through the available lighting modes for the string lights. Some modes include Steady On, Slow Fade, and Twinkle effects.

**7**  
SINGLE  
COLOR MODE

# 19 TYPES NIGHT LIGHT MODE

Note: without unfolding the string of lights

8 Rhythmic Mode

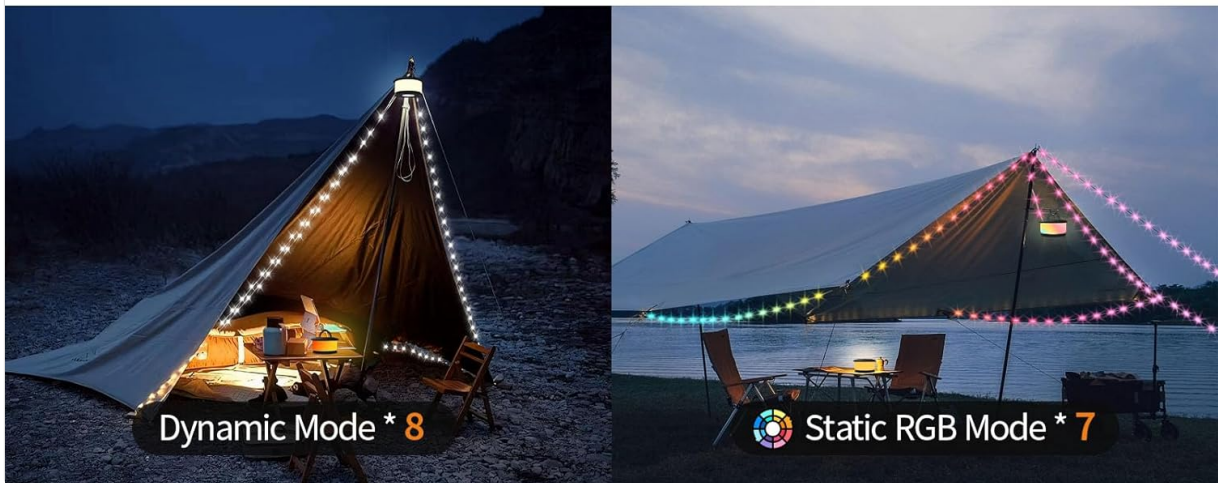

4 Voice-activated Mode

The device offers 7 single color modes for the lantern and 19 night light modes for the string lights, including rhythmic and voice-activated options.

## Advanced Music Sync Mode 20 modes for ambience

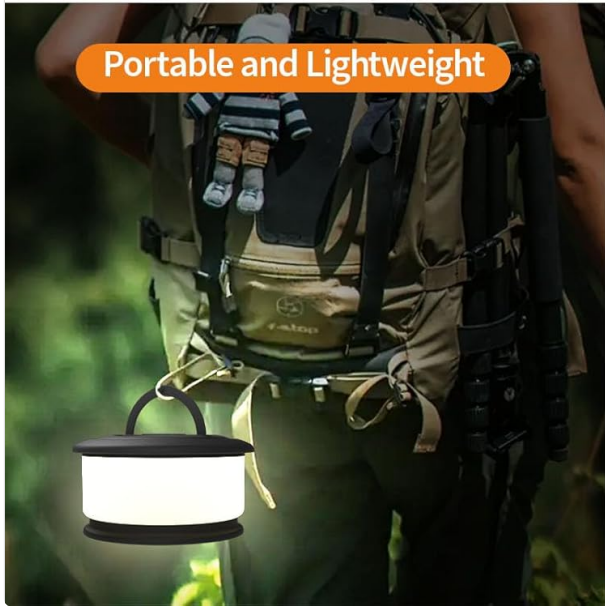

Examples of the advanced music sync, dynamic, and static RGB modes in various settings, such as backyard parties and camping.

### Versatile Usage

The JSK-L26 can be used in multiple configurations:

- **Camping Lantern:** Use the main light for general illumination.
- **String Lights:** Unfold and hang the 32.8ft string lights for decorative or ambient lighting.
- **Work Light:** The bright lantern can serve as a focused light source for tasks.
- **Distress Signal Light:** Specific flashing modes can be used for signaling in emergencies.

The TOHETO JSK-L26 can be used as a camping lantern, for lighting hammocks, as a portable light carried on a backpack, or as general decoration.

# 3-IN-1 CAMPING LIGHT

Suitable for different scenarios

Hanging Night Light

Ambient Light String

Desktop Lamp

The 3-in-1 design allows for use as a hanging night light, an ambient light string, or a desktop lamp, suitable for various scenarios.

## MAINTENANCE

---

### Cleaning

To clean the device, wipe it with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these may damage the surface or internal components.

### Storage

When not in use, ensure the string lights are fully retracted into the housing to prevent tangling and damage. Store the device in a cool, dry place away from direct sunlight.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Device does not turn on.	Low battery.	Charge the device using the provided USB-C cable.
String lights are dim or not working.	Low battery; incorrect mode selected.	Charge the device. Cycle through modes using the mode button.
Battery life is shorter than expected.	Device not fully charged; continuous use of high-power modes; prolonged storage without charging.	Ensure the device is fully charged before use. Use lower brightness or static modes for extended battery life. Recharge regularly, even during storage.
String lights are tangled.	Improper retraction.	Gently untangle the lights. Ensure proper retraction by turning the handle slowly.

## SPECIFICATIONS
