PACKAGE CONTENTS

Upon unboxing, please verify that all the following items are included:

- boAt Airdopes 111v2 TWS Headphones
- Charging Case
- USB Charging Cable
- Additional Eartips (various sizes)
- User Manual

SETUP GUIDE

1. Initial Charging

Before first use, fully charge the Airdopes and the charging case. Connect the provided USB cable to the charging port on the case and a power source. The LED indicator on the case will show charging status.

50 Hours Playback

10 Mins
ASAP™ Charge

=

120 Mins
Playtime

Image: A hand holding the boAt Airdopes 111v2 charging case, illustrating the 50 hours of total playback time and the ASAP Charge feature (10 minutes charge for 120 minutes playtime).

The Airdopes 111v2 feature ASAP Charging, providing 120 minutes of playback after just 10 minutes of charging.

2. Pairing with a Device (Insta Wake N' Pair Technology)

1. Ensure the Airdopes are charged.
2. Open the lid of the charging case. The earbuds will automatically power on and enter pairing mode (indicated by a flashing LED on the earbuds). This is the Insta Wake N' Pair (IWP) Technology.
3. On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings.

4. Search for "Airdopes 111v2" in the list of available devices.
5. Select "Airdopes 111v2" to connect. Once connected, a confirmation sound will play, and the LED indicator will stop flashing.

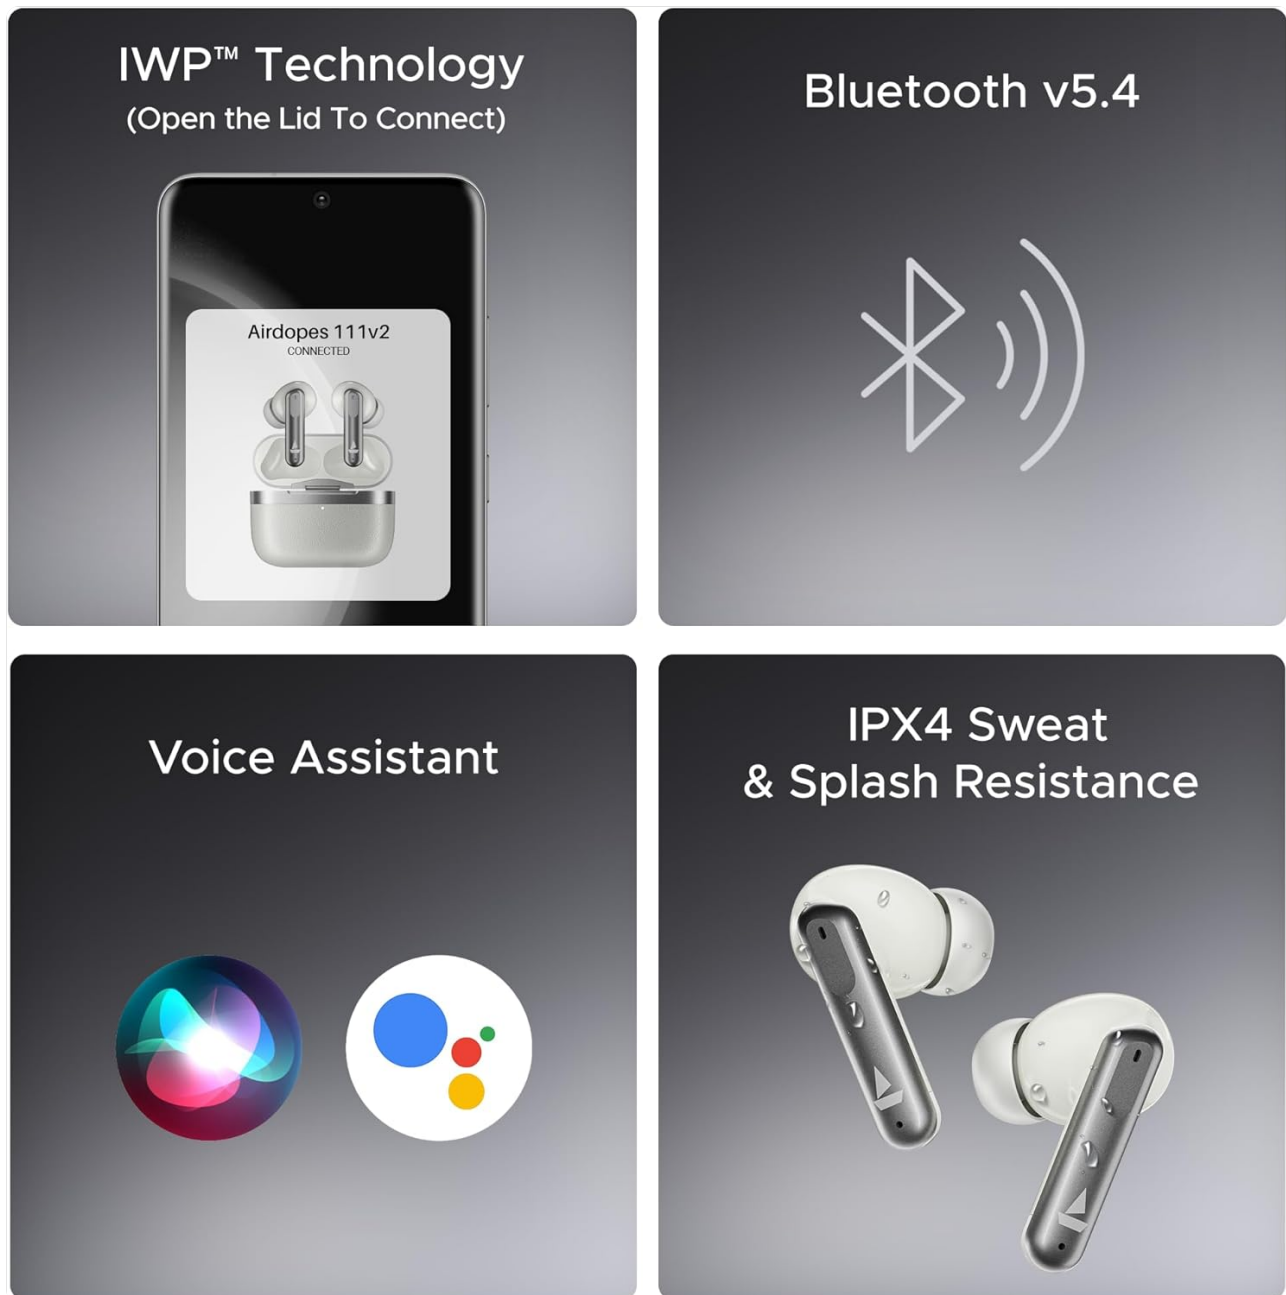

Image: A collage illustrating key features: Insta Wake N' Pair (IWP) Technology for instant connection, Bluetooth v5.4 for stable wireless audio, Voice Assistant compatibility (Siri and Google Assistant logos), and IPX4 Sweat & Splash Resistance.

The Airdopes 111v2 utilize Bluetooth v5.4 for a stable and efficient wireless connection.

3. Multipoint Connection

The Airdopes 111v2 support multipoint connectivity, allowing you to connect to two devices simultaneously. This enables seamless switching between audio sources without needing to re-pair.

1. Pair the Airdopes with your first device following the steps above.
2. Disable Bluetooth on the first device temporarily.
3. Pair the Airdopes with your second device.
4. Re-enable Bluetooth on the first device. The Airdopes will now be connected to both devices.

Multipoint Connectivity

Connect & Switch between 2 Devices with Ease

OPERATING INSTRUCTIONS

1. Basic Controls

The Airdopes 111v2 feature intuitive touch controls for managing audio playback and calls. Specific touch gestures are detailed in the full user manual accessible via the boAt Hearables App.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Long press on either earbud.

2. Dual EQ Modes

The Airdopes 111v2 offer two distinct Equalizer (EQ) modes to customize your listening experience:

- **Signature Mode:** Provides powerful, bass-rich sound for thumping beats.
- **Balanced Mode:** Offers an immersive, optimized sound profile.

Refer to the full user manual or the boAt Hearables App for instructions on how to switch between these modes.

Image: A visual representation of the Dual EQ Modes, contrasting the sound waves for "Signature Mode for Thumping Beats" and "Balanced Mode for Optimized Sound," with the Airdopes 111v2 case and earbuds in the foreground.

3. Voice Assistant Activation

Activate your smartphone's voice assistant (Siri or Google Assistant) directly from the Airdopes. This allows you to perform tasks like setting reminders, getting traffic updates, or opening apps using voice commands.

- **Activate Voice Assistant:** Long press on the right earbud (or as per specific model instructions in the app).

4. Crystal Clear Calls (ENx Technology)

The Airdopes 111v2 are equipped with Quad Microphones featuring ENx™ Technology. This technology actively cancels background noise, ensuring clear and high-definition calls even in noisy environments.

4 Mics with ENx™ Technology

Eliminates Background Noise for Crystal-Clear Conversations

Image: A cutaway diagram of an earbud highlighting the "4 Mics with ENx™ Technology" and an "ENx™ Algorithm" chip, indicating its function to eliminate background noise for crystal-clear conversations.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Airdopes 111v2.

- **Cleaning:** Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners or solvents. Gently clean the eartips and speaker mesh to prevent wax buildup.
- **Storage:** When not in use, store the earbuds in their charging case to protect them and keep them charged. Store in a cool, dry place away from extreme temperatures.
- **Water Resistance:** The Airdopes 111v2 are IPX4 rated for splash and sweat resistance. This means they can withstand light splashes of water and sweat, making them suitable for workouts or light rain. **Do not**

submerge the earbuds in water or expose them to heavy rain. Dry them thoroughly before placing them back in the charging case.

TROUBLESHOOTING

If you encounter issues with your Airdopes 111v2, try the following common troubleshooting steps:

- **No Sound/Connection Issues:**
 - Ensure earbuds are charged.
 - Make sure Bluetooth is enabled on your device.
 - Forget "Airdopes 111v2" from your device's Bluetooth list and re-pair.
 - Place earbuds back in the case, close the lid, wait a few seconds, then open to re-activate IWP.
- **One Earbud Not Working:**
 - Ensure both earbuds are charged.
 - Try resetting the earbuds (refer to the boAt Hearables App for specific reset instructions).
- **Charging Issues:**
 - Check the charging cable and power adapter.
 - Ensure charging contacts on earbuds and case are clean and free of debris.

For more detailed troubleshooting or specific issues, please refer to the comprehensive user manual available through the boAt Hearables App or contact boAt customer support.
