

## Oulice ER-GB40 Charging Stand

# Oulice Replacement Shaver Charging Stand for Panasonic ER-GB40 Instruction Manual

Model: ER-GB40 Charging Stand

Brand: Oulice

## 1. INTRODUCTION

Thank you for choosing the Oulice Replacement Shaver Charging Stand for your Panasonic ER-GB40 electric shaver. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your new charging stand. Please read this manual thoroughly before use to ensure safe and efficient operation.

## 2. PRODUCT OVERVIEW

The Oulice Replacement Shaver Charging Stand is designed to provide a reliable power supply and convenient charging solution for the Panasonic ER-GB40 electric shaver. It features a compact design for easy travel and includes built-in safety mechanisms.

### Key Features:

- Direct replacement for Panasonic ER-GB40 shaver charging stand.
- Integrated protections against overcurrent, overcharging, short circuits, and overheating.
- Durable construction for reliable performance.
- Compact and lightweight design for portability.

**Figure 2.1:** The Oulice Replacement Shaver Charging Stand. This image displays the black charging stand with its integrated power cord and two-prong plug, designed to securely hold and charge the Panasonic ER-GB40 shaver.

### 3. SAFETY INFORMATION

---

To prevent injury or damage to the product, please observe the following safety precautions:

- Do not disassemble or modify the charging stand.
- Keep the charging stand away from water or other liquids.
- Ensure the power outlet voltage matches the specifications of the charging stand.
- Avoid exposing the charging stand to extreme temperatures or direct sunlight.
- Do not use the charging stand if the cord or plug is damaged.
- The adapter includes built-in protections to prevent overcurrent, overcharging, short circuits, and overheating. However, always monitor charging and unplug the device once fully charged or if left unattended for extended periods.
- This product is intended for indoor use only.

### 4. SETUP

---

1. **Unpack:** Carefully remove the charging stand from its packaging.
2. **Inspect:** Check the charging stand and power cord for any visible damage. If damaged, do not use and contact customer support.
3. **Connect to Power:** Insert the two-prong plug of the charging stand into a standard electrical wall outlet.
4. **Placement:** Place the charging stand on a stable, flat, and dry surface, away from water sources.

## 5. OPERATION

---

To charge your Panasonic ER-GB40 electric shaver using the Oulice charging stand:

1. Ensure the charging stand is properly plugged into a functional electrical outlet.
2. Carefully place your Panasonic ER-GB40 electric shaver into the cradle of the charging stand. Ensure the shaver is seated correctly and the charging contacts on the shaver align with those on the stand.
3. A charging indicator light on your shaver (if applicable) should illuminate, indicating that charging has begun. Refer to your shaver's instruction manual for specific charging light behavior.
4. Allow the shaver to charge until it is fully charged. Charging times may vary based on the shaver's battery level.
5. Once charging is complete, remove the shaver from the stand. You may unplug the charging stand from the wall outlet when not in use.

## 6. MAINTENANCE

---

### Cleaning:

- Always unplug the charging stand from the power outlet before cleaning.
- Wipe the exterior of the charging stand with a soft, dry cloth.
- Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the surface.
- Ensure no moisture enters the charging contacts or internal components.

### Storage:

- Store the charging stand in a cool, dry place when not in use.
- Avoid coiling the power cord too tightly to prevent damage.

## 7. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Shaver not charging.	Charging stand not plugged in. Power outlet is not functional. Shaver not properly seated on the stand. Damaged charging stand or cord.	Ensure the charging stand is securely plugged into a live outlet. Test the outlet with another device. Re-seat the shaver, ensuring proper contact. Discontinue use and contact customer support.
Charging stand feels warm.	Normal operation during charging. Overheating due to malfunction.	A slight warmth is normal. If excessively hot or emitting smoke/smell, unplug immediately and contact support.

## 8. SPECIFICATIONS

---

- **Model Compatibility:** Panasonic ER-GB40 Electric Shaver
- **Input Voltage:** Standard household AC (specific voltage not provided, refer to shaver's original charger for details)
- **Output:** Designed to match Panasonic ER-GB40 charging requirements
- **Protections:** Overcurrent, Overcharging, Short Circuit, Overheating
- **Manufacturer:** Oulice
- **ASIN:** B0DPWSQCYM

## 9. WARRANTY AND SUPPORT

---

For any questions, concerns, or issues regarding your Oulice Replacement Shaver Charging Stand, please contact the seller or manufacturer directly through the platform where the purchase was made. Please retain your proof of purchase for warranty claims, if applicable.

This product is designed to meet high-quality standards. In the unlikely event of a defect, please refer to the return and warranty policies provided by your retailer or the manufacturer.
