2. SAFETY INFORMATION

Please read and understand all safety information before beginning assembly.

- **Small Parts Warning:** This product contains very small building blocks. It is not suitable for children under 3 years of age due to choking hazards. Adult supervision is recommended for younger users (ages 6+).
- Keep all packaging materials away from children to prevent suffocation.
- Do not ingest any parts of the building block set.
- Avoid placing assembled models in areas where they can easily fall and break, or where small parts could be lost.

If any parts are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

The Vilbocr Mini Flowers Building Block Set is designed for assembly using mini bricks. Each bag of components is numbered, corresponding to steps in the included instruction manual. While the small size of the bricks presents a challenge, the instructions are designed to be clear and easy to follow.

4.1. Preparation

1. **Unpack Components:** Carefully open the packaging and lay out all bags of building blocks. Do not open all bags at once to avoid mixing small pieces.
2. **Organize Parts:** Identify the numbered bags and refer to the instruction manual to determine which bag corresponds to the current assembly step.
3. **Clear Workspace:** Ensure you have a clean, well-lit, and flat surface to work on. This will help prevent losing small pieces.

4.2. Step-by-Step Assembly

Follow the detailed, illustrated instructions provided in the included manual. Each step will guide you through connecting the mini bricks to form the rose flower and its pot.

- **Base Assembly:** Begin by constructing the base of the flowerpot as indicated in the manual.
- **Stem and Leaves:** Proceed to assemble the stem and leaf structures, ensuring secure connections.
- **Flower Petals:** Carefully build the individual rose petals and attach them to the stem according to the diagrams. Pay close attention to color and orientation.
- **Final Touches:** Complete the flower assembly and integrate it into the pot structure.

Note: Due to the small size of the bricks, some force may be required to ensure a tight fit. If pieces feel loose, gently press them together until they are secure. Refer to the troubleshooting section if you encounter difficulties.

5. DISPLAY AND CARE

5.1. Displaying Your Model

Once assembled, your Vilbocr Mini Flowers Building Block Set can be displayed on desks, office tables, bedside tables, living room shelves, libraries, classrooms, or bedrooms. The small base provides stability for placement.

5.2. Cleaning and Storage

- **Cleaning:** To clean the assembled model, gently wipe it with a dry, soft cloth. For more stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container or bag to prevent loss. Store in a cool, dry place away from direct sunlight to prevent material degradation.

6. TROUBLESHOOTING

If you encounter any issues during assembly or with the finished product, refer to the following common solutions:

- Problem:** Pieces do not fit together securely or fall apart easily.
Solution: Ensure that each piece is aligned correctly and pressed firmly into place. Due to the mini size, a consistent, gentle pressure is often required. If a piece consistently feels loose, try rotating it or checking for any debris in the connection point. Some users find that a small amount of craft glue can be used for permanent display models, but this is not recommended if you wish to disassemble the set later.
- Problem:** Difficulty understanding the instruction manual.
Solution: Review the diagrams carefully. The manual uses corresponding product numbers for each bag and step. If colors in the manual appear too similar, try adjusting your viewing angle or lighting. Take breaks if you feel frustrated.
- Problem:** Missing or damaged pieces.
Solution: Double-check your workspace and packaging for any overlooked pieces. If a piece is genuinely missing or damaged, please contact Vilbocr customer support for assistance.
