SETUP AND ASSEMBLY

Assembly of this bookshelf is designed to be straightforward with numbered parts and clear instructions. Please follow the steps below carefully.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface. Refer to the included parts list to identify each piece and ensure nothing is missing.
2. **Assemble the Metal Frame:** Connect the vertical metal bars using the provided screws and connectors. Ensure the frame is stable and aligned.
3. **Attach Shelves:** Secure the engineered wood shelves to the metal frame. Start from the bottom shelf and work your way up. Do not fully tighten screws until all shelves are in place.
4. **Install X-Shaped Back Brace:** Attach the X-shaped back brace to the rear of the bookshelf for added

stability. This helps prevent wobbling.

5. **Install Hooks:** Attach the four versatile hooks to the designated areas on the side of the frame.
6. **Adjust Feet:** Once the bookshelf is fully assembled, place it in its desired location. Adjust the four adjustable feet at the bottom to ensure the bookshelf is level and stable on uneven floors.
7. **Secure with Anti-Tipping Device:** For enhanced safety, especially in households with children or pets, use the provided anti-tipping kit to secure the bookshelf to the wall. Follow the specific instructions included with the anti-tipping device.
8. **Final Tightening:** Once the bookshelf is stable and secured, carefully tighten all screws.

MAINTENANCE

Proper maintenance will ensure the longevity and appearance of your bookshelf.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, which

can damage the finish.

- **Dusting:** Regularly dust the shelves and metal frame to prevent buildup.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Avoid Moisture:** While the shelves are durable, avoid prolonged exposure to excessive moisture. Wipe up spills immediately.
- **Sunlight Exposure:** Avoid placing the bookshelf in direct sunlight for extended periods to prevent fading or warping of the wood shelves.

TROUBLESHOOTING

If you encounter any issues with your bookshelf, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bookshelf is wobbly	Uneven floor; loose screws; anti-tipping device not installed or loose.	Adjust the leveling feet at the bottom. Tighten all screws. Ensure the anti-tipping device is securely installed and attached to the wall.
Parts do not fit together	Incorrect orientation of parts; manufacturing defect.	Double-check the assembly diagram and ensure parts are oriented correctly. If parts are defective, contact customer support.
Missing hardware	Oversight during packaging.	Contact customer support with your product model and the specific missing parts.
