XIAOMI Redmi Buds 6 Pro (BHR9310GL)

Xiaomi Redmi Buds 6 Pro User Manual

Model: Redmi Buds 6 Pro (BHR9310GL)

Brand: XIAOMI

INTRODUCTION

The Xiaomi Redmi Buds 6 Pro are advanced true wireless earbuds designed to deliver exceptional audio quality and an immersive listening experience. Featuring a coaxial triple driver design and Hi-Res Audio Wireless LDAC certification, these earbuds reproduce detailed and rich sound. They also incorporate advanced active noise cancellation technology, capable of reducing noise by up to 55dB, adapting in real-time to your environment for optimal performance. With dual-device connectivity and an ergonomic design, the Redmi Buds 6 Pro are built for comfort and convenience across various usage scenarios.

WHAT'S IN THE BOX

Upon unboxing your Xiaomi Redmi Buds 6 Pro, please ensure all the following components are present:

- Redmi Buds 6 Pro Wireless Earbuds (Left and Right)
- Charging Station
- User Manual
- Ear Cushions (various sizes for optimal fit)

Zertifiziertes Hi-Res Audio mit LDAC

LDAC

Koaxiale Dreifach-Treiber für detaillierte und klare Höhen

Aktive mehrstufige Geräuschunterdrückung bis 55dB*

Ultrabreitband- Geräuschunterdrückung bis 4kHz*

Integriertes 3D-Audio mit Head-Tracking*

* LDAC-AudioCodec und 3D-Audio können nicht gleichzeitig genutzt werden.

* Die Testdaten zur aktiven Geräuschunterdrückung stammen vom National Institute of Metrology in China. Das Produkt erreicht eine aktive Geräuschunterdrückungstiefe von 55dB in einem bestimmten Frequenzbereich und 4kHz in einem bestimmten Tiefenbereich, jedoch nicht gleichzeitig. Die Tests wurden separat durchgeführt. Die tatsächlichen Ergebnisse können je nach Nutzungsbedingungen variieren.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Connect the charging case to a power source using a compatible USB cable. The battery indicator light strip on the case will show the charging status. A full charge ensures optimal battery life for initial use.

2. Pairing with a Device

1. Ensure the earbuds are in the charging case and the case lid is open.
2. On your device (smartphone, tablet, etc.), enable Bluetooth.
3. Search for available Bluetooth devices. The earbuds should appear as "Redmi Buds 6 Pro" or similar.
4. Select the earbuds from the list to initiate pairing. A confirmation sound will indicate successful pairing.

The Redmi Buds 6 Pro support dual-device connectivity, allowing seamless switching between two paired devices

without manual re-pairing.

3. Achieving Optimal Fit

For the best audio experience and noise cancellation, select the ear cushions that provide a snug and comfortable fit. The earbuds feature an optimized in-ear curve for increased comfort and a secure fit. Experiment with different sizes to find your ideal fit.

Verbesserte Audioqualität Spezielle koaxiale Dreifach-Treiber Hochwertige Hi-Fi-Klangqualität

Innovatives koaxiales Dreifach-Treiberdesign: Ein zusätzlicher piezoelektrischer Hochfrequenztreiber, der das Doppeltreiberdesign ergänzt, sorgt für detailliertere Höhen und mehr Klangtiefe. Im Zusammenspiel mit einem professionellen Audiocodec bietet das System eine außergewöhnliche Klangqualität.

* Verglichen mit den Redmi Buds 5 Pro wird die Hörbarkeit von Tönen im Hochfrequenzbereich um bis zu 10% verbessert. Diese Daten stammen aus internen Testlaboren von Xiaomi. Das tatsächliche Erlebnis kann aufgrund von Faktoren wie der Prüfausstattung und -umgebung leicht abweichen.

OPERATING INSTRUCTIONS

Touch Controls

The Redmi Buds 6 Pro feature intuitive touch controls for managing media playback, calls, and noise cancellation modes. Specific gestures can be customized via the companion app (if available).

- **Single Tap:** Play/Pause music, Answer/End call.
- **Double Tap:** Skip to next track, Reject call.
- **Triple Tap:** Skip to previous track.
- **Press and Hold:** Toggle between Active Noise Cancellation (ANC), Transparency Mode, and ANC Off.

Active Noise Cancellation (ANC)

The earbuds offer up to 55dB of active noise cancellation with 4kHz ultra-wideband noise reduction. The levelless noise cancellation technology adapts in real-time to your surroundings and wearing condition, making 16,000 adjustments per second for enhanced noise cancellation.

- **Adaptive ANC:** Automatically adjusts noise cancellation based on your environment.
- **Transparency Mode:** Allows you to hear your surroundings without removing the earbuds.
- **Personalized ANC:** The earbuds can intelligently identify your ear canal structure and wearing condition to optimize noise cancellation parameters for a customized experience.

Audio Quality

With Hi-Res Audio Wireless LDAC certification and a coaxial triple driver design (including a high-frequency piezoelectric driver), the Redmi Buds 6 Pro deliver ultra-lossless audio and enhanced depth of sound. This design ensures a professional audio codec experience with exceptional sound quality.

Dual-Device Connectivity

The earbuds support simultaneous connection with two devices. This feature allows you to seamlessly switch between, for example, your smartphone and laptop without needing to disconnect and reconnect manually.

MAINTENANCE

Cleaning Your Earbuds

Regular cleaning helps maintain sound quality and hygiene. Use a soft, dry, lint-free cloth to wipe the earbuds and charging case. For ear tips, remove them and clean with a mild soap solution and water, then dry thoroughly before reattaching. Do not use abrasive cleaners or submerge the earbuds or case in water.

Storage

Always store the earbuds in their charging case when not in use to protect them from dust, dirt, and physical damage. Store the case in a cool, dry place away from extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not pairing	Bluetooth is off, earbuds not in pairing mode, interference.	Ensure Bluetooth is on. Place earbuds in case, open lid to enter pairing mode. Move closer to device. Try forgetting the device on your phone and re-pairing.
No sound or low volume	Volume too low, earbuds not properly seated, dirty ear tips, connection issue.	Increase device volume. Adjust earbuds for a secure fit. Clean ear tips. Reconnect Bluetooth.
Active Noise Cancellation not effective	Improper fit, ANC mode not activated, very high-frequency noise.	Ensure a tight seal with correct ear tip size. Toggle ANC mode. ANC is most effective for low-frequency sounds.
Earbuds not charging	Charging cable issue, dirty charging contacts, case battery low.	Check charging cable and adapter. Clean charging contacts on earbuds and case. Ensure charging case has power.

Problem	Possible Cause	Solution
Short battery life	ANC constantly on, high volume usage, aging battery.	Turn off ANC when not needed. Reduce volume. Ensure earbuds are fully charged before use.

SPECIFICATIONS

Feature	Detail
Model Name	Redmi Buds 6 Pro
Model Number	BHR9310GL
Noise Control	Active Noise Cancellation (up to 55dB)
Audio Driver Type	Coaxial Triple Driver (including Piezoelectric Driver)
Connectivity Technology	Wireless (Bluetooth)
Wireless Communication Technology	Bluetooth
Hi-Res Audio	LDAC Certification
Control Method	Touch
Dual-Device Connectivity	Supported
Battery Life (Earbuds)	Up to 2 hours (quick charge for 2 hours playback) <i>-Note: Full battery life with case not specified in provided data.</i>
Item Weight	49.55 Grams (total) / 1.75 ounces (total)
Product Dimensions	1.2 x 0.84 x 0.96 inches
Color	Glacier White (as per current product variant)
Material	Plastic

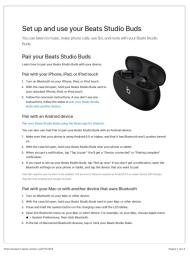

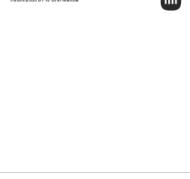

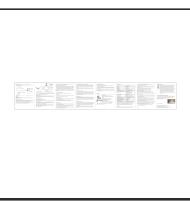

WARRANTY AND SUPPORT

Your Xiaomi Redmi Buds 6 Pro are covered by a manufacturer's warranty. Please refer to the warranty card included in your packaging for specific terms and conditions, including warranty period and coverage details.
