

## NXT Technologies NX60881

# NXT Technologies Staples Wireless Comfort Keyboard

Model: NX60881

## PRODUCT OVERVIEW

Experience reliable wireless connectivity of up to 23 feet with this wireless keyboard. A combination of media keys and hot keys ensure quick access to favorite functions and allow for easy performance of day-to-day computing tasks. The low battery indicator keeps you informed when the battery needs replacing. This wireless comfort keyboard is built with a slim key profile, while the integrated wrist rest and adjustable-tilt legs provide ergonomic comfort during extended typing.

Actual results may vary.

## SETUP GUIDE

### Package Contents

- NXt Technologies Wireless Comfort Keyboard
- Integrated Wrist Rest (pre-attached)
- Adjustable-Tilt Legs (pre-attached)
- USB Nano Receiver (typically stored in battery compartment or with packaging)
- User Manual (this document)
- Batteries (may or may not be included, check packaging)

### Battery Installation

The keyboard requires batteries for operation. Please follow these steps:

1. Locate the battery compartment on the underside of the keyboard.
2. Open the battery compartment cover.
3. Insert the required batteries (e.g., 2 x AAA, not specified in input, assuming common type) ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

### Connecting the Keyboard

The keyboard connects wirelessly via a USB Nano Receiver.

1. Locate the USB Nano Receiver. It might be stored in a slot within the battery compartment for safekeeping.
2. Insert the USB Nano Receiver into an available USB port on your computer (PC, Laptop, or Tablet).
3. The operating system should automatically detect and install the necessary drivers. This may take a few moments.
4. Once installed, the keyboard is ready for use.

## OPERATING INSTRUCTIONS

---

### Basic Typing

The NXT Technologies Wireless Comfort Keyboard functions as a standard QWERTY keyboard. Simply begin typing in any text editor or application.

### Using Media and Hot Keys

This keyboard features 13 dedicated media keys and 12 combination hot keys for enhanced productivity. These keys provide quick access to functions such as volume control, media playback, web browser, email, and more.

- **Media Keys:** Located above the function keys (F1-F12), these allow direct control over media playback (play/pause, stop, previous/next track, volume up/down, mute).
- **Combination Hot Keys:** These typically require pressing the "Fn" key (Function key) in conjunction with another key (often F-keys) to activate specific shortcuts. Refer to the keycap legends for specific functions.

*Note: While compatible with macOS, some button functions may differ or require specific software settings on Mac operating systems.*

Figure 4: A user demonstrating the ergonomic design of the keyboard with hands comfortably positioned on the integrated wrist rest during typing.

## MAINTENANCE

---

### Cleaning the Keyboard

To maintain optimal performance and hygiene, regularly clean your keyboard:

- Disconnect the USB receiver from your computer before cleaning.
- Use a soft, lint-free cloth slightly dampened with water or a mild, non-abrasive cleaning solution.
- Wipe down the keycaps and the keyboard surface.
- For debris between keys, use compressed air or a small brush.
- Avoid excessive moisture and do not submerge the keyboard in any liquid.

### Battery Replacement

When the low battery indicator illuminates, it's time to replace the batteries. Follow the "Battery Installation" steps outlined in the Setup Guide to replace the old batteries with new ones.

## TROUBLESHOOTING

---

### Keyboard not responding:

- Ensure the batteries are correctly installed and have sufficient charge. Replace if necessary.
- Verify the USB Nano Receiver is securely plugged into a working USB port on your computer. Try a different USB port.
- Ensure the keyboard is within the effective wireless range (up to 23 feet) of the receiver.
- Restart your computer.

### Keys are sticky or not registering:

- Clean the keyboard as described in the Maintenance section to remove any debris or spills.
- Ensure no foreign objects are lodged under the keycaps.

### Wireless connection is intermittent:

- Move the keyboard closer to the USB Nano Receiver.
- Avoid placing the receiver near other wireless devices (e.g., Wi-Fi routers, cordless phones) that might cause interference.
- Ensure there are no large metal objects between the keyboard and the receiver.

### Hot keys or media keys not working:

- Ensure you are pressing the correct combination (e.g., Fn key + F-key for hot keys).
- For macOS users, some functions may require specific system preferences adjustments or may not be fully supported.

## PRODUCT SPECIFICATIONS

---
