FUNLIO Toddler Swing with Foldable Metal Stand

INSTRUCTION MANUAL

Important Safety Information

Your FUNLIO Toddler Swing has been designed and manufactured with safety as a top priority. It has passed rigorous safety certifications including CPSC and ASTM in the US, and European Standard EN 71 in the EU, ensuring it meets high safety standards for children's products.

For enhanced stability and to prevent tipping, especially during active play, it is crucial to utilize the included sandbags. Each of the four sandbags can hold up to 11 lbs (5 kg) and can be filled with sand, rock, dirt, or bottled water. Attach them securely to the swing's feet as instructed.

Product Overview

The FUNLIO Toddler Swing is a versatile 3-in-1 design, adapting to your child's growth. It is suitable for three age ranges: 6-36 months (with full enclosure), 3-6 years (with front bar removed), and 6-10 years (as a traditional swing seat).

Setup and Assembly

Assembly of the FUNLIO Toddler Swing is designed to be straightforward and quick, typically taking approximately 10 minutes. Clear and detailed instructions are included in the packaging to guide you through each step. You can even involve your children in the assembly process to foster their hands-on abilities.

Ensure all components are present and undamaged before beginning assembly. Follow the step-by-step guide to securely connect all parts of the metal frame and attach the swing seat. Double-check all connections to ensure they are firm and stable before allowing a child to use the swing.

Operating Instructions

To use the swing, ensure it is placed on a flat, stable surface. For outdoor use, consider placing it on grass or a soft play area. For indoor use, the non-slip rubber feet will help protect your flooring.

Adjust the swing seat configuration according to your child's age and developmental stage. For younger toddlers (6-36 months), keep the front bar in place and secure the child with the adjustable seat belt. As your child grows (3-6 years), the front bar can be removed. For older children (6-10 years), the seat can be used as a traditional swing without the back support.

The rope length can be adjusted to suit the child's height and desired swing arc. Always ensure the child is properly seated and secured before swinging. Supervise children at all times while they are using the swing.

Maintenance

To ensure the longevity and safety of your FUNLIO Toddler Swing, regular maintenance is recommended. Periodically inspect all parts, including the metal frame, ropes, seat, and connections, for any signs of wear, damage, or loosening. Tighten any loose bolts or connections immediately.

Clean the swing regularly with a damp cloth and mild soap. Avoid using harsh chemicals or abrasive cleaners that could damage the materials. After outdoor use, especially during periods of rain or intense sun, it is recommended to store the swing indoors. This will help prevent accelerated aging of the product due to weather exposure.

Troubleshooting

- **Issue: Swing feels unstable or tips easily.**

Solution: Ensure all four sandbags are filled to their maximum capacity (11 lbs/5 kg each) with appropriate material (sand, rock, dirt, or bottled water) and are securely attached to the swing's feet. Verify that the swing is placed on a flat, level surface.

- **Issue: Parts are missing or damaged upon arrival.**

Solution: In case any parts are missing or damaged during transportation, please contact FUNLIO customer service immediately. We will assist you by sending replacement parts or exchanging the product within 2 business days.

- **Issue: Seat or ropes do not adjust smoothly.**

Solution: Check for any obstructions or debris in the adjustment mechanisms. Ensure the ropes are not tangled or twisted. Refer to the assembly instructions to confirm correct installation of the seat and ropes.

Product Specifications

- **Brand:** FUNLIO
- **Color:** Green
- **Product Dimensions:** 62"D x 47"W x 61"H (158cm D x 120cm W x 155cm H)
- **Frame Material:** Alloy Steel
- **Assembly Required:** Yes
- **Item Weight:** 16.87 pounds
- **Maximum Bearing Weight:** 200 lbs (90 kg)
- **Date First Available:** December 10, 2024

Warranty and Support

FUNLIO is committed to providing exceptional products and services. We offer a **90-day return policy** from the date

of original retail purchase, allowing you to return the product if you are not completely satisfied.

Furthermore, your FUNLIO Toddler Swing is covered by a **3-year quality service** warranty. This warranty protects against defects in materials and workmanship under ordinary consumer use. During this 3-year period, if a defect arises, FUNLIO will, at its option and to the extent permitted by law, either replace the product or the part with a new one, or provide a full or partial monetary compensation.

For any questions regarding your purchase, missing parts, or to claim warranty service, please do not hesitate to contact FUNLIO customer support. Contact details can typically be found on the product packaging or the official FUNLIO website.
