4. Setup

4.1. Inserting SIM and TF Cards

1. Locate the SIM card tray on the side of your phone.
2. Insert the provided card pin into the small hole next to the tray to eject it.
3. Carefully place your Nano SIM card(s) and/or Micro SD/TF card into the designated slots on the tray. Ensure the cards are correctly oriented.
4. Gently push the tray back into the phone until it clicks into place.

Let Every Light And Shadow Have A Story

OUKITEL C58 Pro has a powerful 50MP rear camera and 8MP front camera.

No matter what angle or scene you shoot, just press the shutter to capture the beautiful moment.

5.2. Camera Usage

The OUKITEL C58 Pro features a 50MP main rear camera and an 8MP front camera. Open the Camera app to access various modes including photo, video, portrait, and beauty selfie mode. The sensor automatically adjusts to lighting conditions for optimal results.

Large 5150mAh Battery

OUKITEL C58 Pro is equipped with a large-capacity 5150mAh battery which provides endless battery life and can easily last a whole day

| 5150mAh Battery | 20H Calling | 7H Video | 20H Music | 8.75mm Thickness |

Image: Examples of photos taken with the OUKITEL C58 Pro's 50MP main camera and 8MP front camera, highlighting selfie capabilities.

5.3. Connectivity

- **4G Network:** The device supports 4G networks and is compatible with GSM carriers such as T-Mobile. (Note: Not compatible with CDMA carriers like AT&T, Cricket Wireless, Verizon, Straight Talk, or U.S. Cellular).
- **NFC:** Utilize NFC for instant payments and quick data exchange with compatible devices.
- **GPS:** Integrated GPS+GLONASS+Beidou+Galileo systems provide accurate location tracking and navigation.
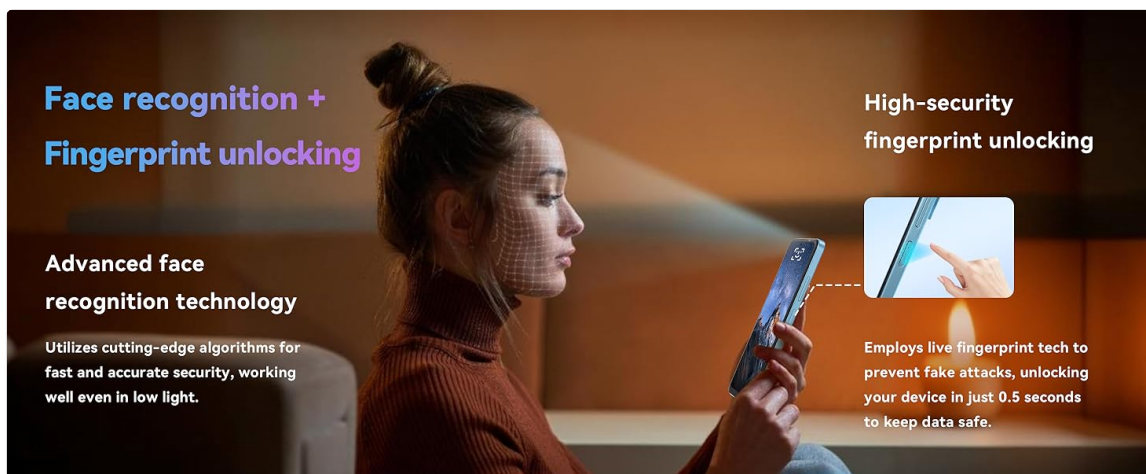

Image: Demonstrating instant payments using the NFC feature of the smartphone.

5.4. Battery Management

The 5150mAh battery provides extended usage, offering up to 625 hours of standby time and 19.5 hours of continuous talk time. For optimal battery life, avoid extreme temperatures and use the provided charger and Type-C cable.

5.5. Security Features

The OUKITEL C58 Pro supports both Face Recognition and Fingerprint Unlocking for secure and convenient access to your device.

- **Face Recognition:** Advanced algorithms provide fast and accurate security, even in low light.
- **Fingerprint Unlocking:** Employs live fingerprint technology for quick unlocking in approximately 0.5 seconds.

Image: Visual guide to setting up and using face recognition and fingerprint unlocking for device security.

6. Maintenance

- Keep your device clean by wiping it with a soft, dry cloth.
- Avoid exposing the phone to extreme temperatures, direct sunlight, or liquids.
- Regularly back up your data to prevent loss.
- Install system updates to ensure optimal performance and security.

7. Troubleshooting

Problem	Solution
Device does not power on	Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again.
Poor network signal	Check if your SIM card is correctly inserted. Ensure you are within network coverage. Restart the device. Verify compatibility with your carrier (GSM networks only).
Applications are slow or unresponsive	Close unnecessary background applications. Clear app cache. Restart the device. Ensure RAM expansion is activated via **Settings > Memory Expansion**.
Battery drains quickly	Reduce screen brightness. Close unused apps. Disable Wi-Fi, Bluetooth, or GPS when not in use. Check for power-intensive apps in battery settings.
